

HUSKER WRESTLERS TO GO TO MADISON

Nebraska to be Represented at Big Mat Meet at University of Wisconsin.

Nebraska will probably have two representatives in the annual Western Conference Championship wrestling meet at Wisconsin March 17 and 18. Troutman, Husker light-heavyweight and Thomas, Scarlet and Cream 145-pounder, are expected to qualify for this meet. It is possible that Captain Reed may also qualify for the meet.

An Inter-Class wrestling meet will be held, beginning next Monday, under the direction of Dr. Clapp and Coach Troendley. This meet has occasioned much comment among grappling fans in the university and an interesting meet is anticipated. The final preparations for the contest are being completed, and a large number of men have signified their intention of participating in this meet. At Ames and Iowa two-hundred and fifty men turn out for wrestling and the interest in the mat game is at ways at a high pitch. Dr. Clapp is making an effort to arouse high enthusiasm over wrestling at the Husker institution. Toward this end plans for an interscholastic wrestling tournament are being formulated. Such tournaments are held at the Cyclone school every year.

Rules of Meet

There will be one representative in each weight from each class, the same to be selected under the direction of the President of the classes.

The length of the bouts will be 10 minutes and the regular Western Intercollegiate rules will govern.

Contestants will weigh in not earlier than 12:00 noon Wednesday, March 1st and at the same time each day as long as the competition lasts. There will be the regular 2 lb allowance as provided in the Western Intercollegiate rules.

No one who has ever represented the University of Nebraska in an Inter-collegiate wrestling contest will be eligible.

All members of the wrestling class are required to try out for this contest if they expect to receive credit for the wrestling course.

EMPLOYMENT BUREAU ISSUES STATEMENT

Report for Month of February Shows Large Amount of Business Transacted.

The report of the university employment bureau for the month of February is as follows:

- Registrations—131.
- Calls for help—62.
- Referred—112.
- Reported placed—59.
- Estimated earnings:
 - Stenographical and clerical—\$115.50.
 - Board—\$139.00.
 - Room—\$120.00.
 - Sales and collections—\$366.00.
 - Printing, janitor and miscellaneous—\$133.55.
- Total estimated earnings during the month of February—\$865.05.

The university employment is co-operating with the Lincoln business men in order that the students may secure sufficient employment and also that the employers will be satisfied with the students who work for them. Students are asked to show the lines they have experience in and are sent out according to this indication as nearly as possible. Those who are in need of work are asked to come to the bureau often because a good deal of work is being reported during the day.

Other Worlds Than Our Own.

Ohio University—Atsushi Sato, student and jiu jitsu instructor in Ohio State for the past four years, who received his bachelor of science degree at the close of last semester, left Friday for Cornell University to take graduate work in economics and agriculture. Upon the completion of this course he will return to Japan to take up the teaching profession. Sato was jiu jitsu instructor in the Universities of Illinois and Wisconsin before coming to Ohio State, and in Japan was ranked as high school and college champion in this form of athletic skill.

Northwestern University—W. A. A. is working on the production of "Mildred's Mirror" which will be given April 7 and 8 with a cast of eighty girls.

University of Minnesota—In refutation of the opinions recently expressed by D. F. Swenson, professor of psychology, in regard to there being no value in military training in the university, Colonel Girard Sturtevant, commandant of the University R. O. T. C., gives seven major advantages in the taking of military drill. He says that military training teaches in detail: concentration of attention to the matter in hand, self control, discipline, co-ordination of effort, respect for constituted authority, and it has a certain value as physical training. From a strictly military viewpoint it teaches intelligent handling of fire arms.

University of Indiana—Twenty thousand dollars has been guaranteed the University of Indiana by Waseda University in Japan, if the Hoosiers will send a baseball team from the university to Japan for a series of games next spring. Indiana coaches favor the plan and the decision now rests with the university athletic committee.

Iowa University—Another strong boycott drive was started recently in an effort to make the amusement centers come down in prices.

Ohio University—Fourteen to one was the ratio here when fourteen eds and one co-eds appeared on the campus in knickers. It is the object of interested discussions whether they are to be or not to be. Many eastern school misses adopted the knicker costume.

University of Colorado—The A. S. C. U. Commission has formulated plans for dances to be given every week-end after basketball games. The price of these dances will start at one dollar, after which they will be lowered according to the patronage. They are expected only to meet expenses. There will be no decorations but there will be refreshments.

University of California—Construction of a new radio telephone which will be used for communication with the Universities of Oregon, Washington, Nevada, and Southern California has been begun by members of the Radio club.

ORDER OF THE GOLDEN FLEECE TO MEET SOON

Red-Haired Girls to Meet at Ellen Smith Hall Saturday For Big Festival

The tickets for the third annual luncheon of the Order of the Golden Fleece are now on sale and must be purchased by Friday noon. The festival takes place Saturday, March 4, Ellen Smith Hall, at 12:30. The committee in charge of the sale of tickets is: Lorna Plimpton, B1885, Betty Kennedy, B-3580, Vivian Hanson, B 6450.

Any girl in school with tresses falling in on the twenty-seven shades posted, is eligible to attend the fest. It is the one time of the year when the campus high-lights congregate to tighten the bonds of mutual friendship among the crimson crowns. As usual a little competition for prizes in quality of hue as well as quantity of scarlet tufts will be staged. It is the one day, also, when freckles are an asset, and the girl with a speckled nose comes into her own. Marie McGerr registered the high score in freckles last year but things may not be so easy for her this year with Dorothy Teal back in the lineup. Betty Kennedy has been an easy winner for two years for the most fiery mou but this year's freshman class brought in some real competition with Carolyn Airy and Helen Darling. Vivian Hanson was last year's winner for the most fascinating locks and Gwendolyn Damerel came first in quantity. Miss Mary Gant and Mrs. Howard Kennedy from Omaha will attend the luncheon and act as this year's judges.

Two consolation prizes are always awarded, one for the girl having hair nearest to lemon shade, on one side, and one to the owner crowned with hair nearest to inspid brown, on the other side. All chemicals are barred and the committee has a discriminating eye against all aids to a golden glint—only the natural reds will be pronounced eligible.

Alumni Notes.

The alumni association is in receipt of a letter from H. I. Kyle, law, '15, Kanaskat, Wash., who is now employed by the city of Tacoma as chief watershed inspector. His duties are to see that the watershed is properly policed and to make daily bacteriological tests of the water as it enters the 42 mile pipeline at the foot of the Cascades. He reports having married Miss Virginia Huff, U. of Washington, '18 in May 1920, and the birth of a son Henry Irving, jr., on the 5th of last July.

Clyde T. Graham, '11, is teaching in the Chicago Technical college, Chicago, Ill.
