

VARIETY SHOW OFFERS SPLENDID PROGRAM OF NINE "PEPPY" ACTS

Announcement is Made of Eight Numbers to Appear in Show at Orpheum April 7.

ENTIRE PROGRAM TO BE OF VARIEGATED NATURE

Comme-ci, Comme-ca Entertainers, the Crystal Gazer and Violin Girls Attractive Numbers.

Announcement of eight of the nine acts which will comprise the program for the Variety show to be presented April 7 at the Orpheum theatre under the auspices of the University Lyceum board was made Thursday afternoon. The program so far announced consists of acts of a truly variegated nature and gives promise of developing into the finest home talent production put on throughout the season.

Featuring everything from musical to acrobatic and mystery acts, the Variety show has announced one of the "peppiest" list of acts ever presented by university talent in whole or in part. Acts which have never before been presented as a part of home talent productions comprise the entire show. Prominent students of the university are taking parts in the show.

Interest in the Variety show has developed to such a high pitch within the last few days that a talk is being heard of the show being obliged to put on a second performance. The demand for tickets has already been heard although the sale of the papers will not be made until the Monday after the spring vacation. The tickets will be placed on sale that morning and prospects point to a fast gathering up of the good seats.

List of Acts

The acts as announced Thursday are as follows:

The Violin Girls.
The Crystal Gazer.
"The Mystic Zaza."
Comme-ci, Comme-ca entertainers.
"Hints to the Heavy."
Band concert by the University band.

Special dance act by two girls and two boys.

Song number by a picked quartet.

"The Violin Girls"

The Violin girls, a group of five University girls who played over a circuit of the White-Meyers chautauqua last year promises to be a big feature of the show. The girls who are Lillian Reed, Winifred Cosford, Bettie Luce, Gertrude Gay and Jean Bechtel, are all well known in the university. They will give a distinct departure from the usual run of violin acts and will entertain with Spanish numbers featuring the comedy "The Country Dance." The Violin Girls have long been recognized in musical circles and their act promises to be one of the biggest features of the entire show.

"The Crystal Gazer"

"The Crystal Gazer" an act put on by a university man taking the part of the unknown woman as by Floyd Johnson has already aroused much comment in university circles. The identity of the unknown man is a mystery which even the sorority houses have not been able to solve. Something extraordinary unusual in the way of an act is promised in "The Crystal Gazer."

"The Mystic Zaza"

"The Mystic Zaza" is another act of a deep mystery nature. The trio putting on the act promises to do the impossible in an act filled with thrills. The members of "The Mystic Zaza" are Elton Baker, Arvilla Johnson and Frank Fry.

"Comme-ci, Comme-ca"

Comme-ci, comme-ca, entertainers, a costume act of duets, solos and dances, promise to present an act as unusual as the French name indicates. The members of the act, the Bierkamp sisters, Stella and Elnora, Frances Carrothers and "Bob" Powell, will feature music written by Wilbur Chenoweth and which has long been favorite among Lincoln audiences. Mixing duets and solos with dancing, the act promises to be a big headliner in the more than "peppy" show. The members of the act have been with the Redpath Vaude and the White and Myers chautauques and have the true ability to present a real act.

"Hints to the Heavy"

"Hints to the Heavy" is as good as its name. An acrobatic act of the highest type, it promises to more than pull down the house with thrills of

(Continued on page 4.)

RINDGE TO SPEAK TO BUS. AD. STUDENTS ON HUMAN SIDE OF BUSINESS

Mr. Fred H. Rindge will speak at a special open meeting for university students at 11:00 A. M. Friday on The Human Side of Business. This lecture is especially for the Business Administration students but it will be of interest to any others who wish to attend. In this lecture Mr. Rindge will draw upon the experiences not only of America but of the world. He is well informed on world conditions for he has traveled throughout the United States and Canada and he has just returned from Europe where he visited twenty three different countries. His talk will be made up largely of human interest stories and stories of what cause men are doing. After this meeting Mr. Rindge will leave to fill an appointment at Kansas University.

On Thursday morning Mr. Rindge spoke to a special convocation for the Engineering College. In the afternoon he met several of the engineering professors at the office of Dean Ferguson. At 12:00 Thursday Mr. Rindge spoke to the shop men at the Havelock shops. This was one of the regular meetings which the City Y. M. C. A. holds at these shops each week.

HUSKER TRACK TEAM OFF FOR VALLEY MEET

Nineteen Men Compose Squad That Will Compete For Missouri Valley Honors.

Nebraska's track team competes in the first annual valley conference indoor meet at Kansas City tomorrow night. The tracksters left at 10:30 last night. Coach Henry F. Schulte took the following twenty member party artists to Kansas City: Captain Ed. Smith, Noble, David Deering, Herbert Gish, M. L. Layton, W. D. Lear, E. G. McCarthy, Maurice Smith, K. J. Hawkins, L. D. Davidson, Maurice Gardner, Frank Bieser, N. Coats, E. V. Allen, E. F. Slemmons, R. Fischer, Don Brown, Howard Turner and Clarence Moulton.

The team will arrive at Kansas City this morning in time to get some rest before the elimination trials which start tonight. The elimination trials will also be held Saturday morning. The team held a final workout yesterday afternoon.

The Scarlet and Cream prospects for copping a share of the honors were considerably dimmed yesterday afternoon when the news came out that I. K. Lukens, star hurdler, was ineligible. Lukens won first place in the low hurdles in the Ames meet and was counted upon to make a good showing in the valley indoor meet.

NEBRASKA DELEGATES BACK FROM CONVENTION

Ten Universities Represented at National Gathering For Kappa Phi at Ames.

Ten chapters were represented at the national Kappa Phi convention, held at Ames, Iowa, March 8 to 12, to which Miss Eleanor Miller and Miss Aleta Roberts were sent as delegates from Theta chapter at the University of Nebraska. Miss Miller is sponsor for the local chapter and Miss Roberts the president.

The Kappa Phi song, written by Helen Garret of Ohio State, was adopted as the official national song. An official seal was also adopted. The next convention will be held in 1923 at Columbus, Ohio.

Kappa Phi is a club for Methodist women in state universities. The ten schools which have chapters are University of Kansas, Kansas Agricultural College, University of Minnesota, University of Wyoming, University of Ohio, Oklahoma State University, and the Oklahoma Agricultural and Mechanical Arts School.

National officers of Kappa Phi who

STUDENTS AND FACULTY OF DENT COLLEGE HOLD BIG DINNER AT GRAND

Seventy students and members of the faculty of the college of dentistry attended the "A. J. Dent" dinner, given at the Grand Hotel Wednesday evening. Forest McAdams, the president of the organization, acted as toast master. Responses were given by Dr. H. H. Waite, Coach Henry F. Schulte, Dean C. C. Engberg, Dr. L. F. Hunt, and Dr. W. H. Thomas. Plans were discussed in regard to the proposed plan of the new college of dentistry building.

Another "Fad" Invades The Campus University Man Makes Appearance Wearing Much Talked Of "Knickers"

Have you noticed it? At last a student has had enough courage to appear on the campus in knickers. He certainly does cut a noble figure as he flits from building to building and to all prominent points where crowds are accustomed to gather between classes.

We should be thankful that the Adonious who has just broken the ice of convention is possessed of a form that rivals our conception of a Follie's girl. In his salt and pepper suit—with the pockets neatly flapped and secured by glistening buttons—brown golf stockings, new sport model brown oxfords, a white collared shirt that was set off very well by a tie of the deepest hue of blue, and well oiled hair he sure did catch the eye.

Really the effect was not half bad

SECOND YEAR CLASS TO CELEBRATE WITH SPREE

Sophomore Class Will Hold Big Fun Fest in Armory Following Vacation.

A "Sophomore Spree" will be held April 8 at the Armory. Every second year student is expected to attend the "Spree" which will be the big event of the sophomore year. Admission will be 50c.

This is going to be more than a mixer, it will be a real "Spree." Not satisfied with the ordinary type of mixer, the committee, under the leadership of H. Stephen King, chairman, have planned the "Sophomore Spree." A large number of novelties as well as all of the features of a mixer will help to make this party unique.

The Louisiana Ragadors will furnish the music. These popular college music makers will help to inspire the sophomore spirit. Refreshments will be served. Decorations will make the Armory attractive for the annual sophomore fun-fest.

The "Sophomore Spree" is given so that the members of the second year class may become acquainted. The committee is hard at work to make the party excel all similar events. The name they have given the affair, the "Sophomore Spree," gives a hint of what may be expected.

Frances Mentzer, '25, will spend vacation in Kansas City.

"Rag Staff Gets Week Vacation From Grinding Out School News"

You folks out on the campus are not the only ones who are glad vacation is here. Believe us, we poor over-worked reporters are tickled to death that we are going to have a chance to give our sullen minds a time to recuperate. It surely is the berries to try to think up new things to write about to amuse you "amusement seekers" every day. During vacation we might see something real interesting to write about, you know, something with "pep". It is a relief to go through a whole week with out having to scratch our heads until they ache, trying to get the birth of an idea.

Now, if you see something, or hear about something real "clever" while you are at home (or wherever you may be) just put it in a pigeon hole in a corner of your brain and save it until you come back to school. Then hand it in the "Rag" office and let us have the copyright. Surely some thing real exciting will happen, especially

FARM HOUSE FRATERNITY BUYS FINE NEW HOME

The Farm House fraternity has recently closed a contract for the purchase of the McDonald home at 2545 O Street and will take possession June 1. The property includes two lots and a three story house.

The location of the new home makes it well adapted to the use of the fraternity members who take work at both city and agricultural campuses. Some alterations will be made before the opening of the University next fall.

and we congratulate him on his attempt to set the style here and wish him every success in the world. What will be the result of his martyrdom?

We hope that more men will follow his example. Think of the money that will be saved as you do not have to press your pants more than once a week. Possibly the new style will drive the Varsity Cleaners out of business. In regard to this we would advise them to get out an injunction prohibiting this new fad and have an example made of this mortal who dared to introduce this heinous custom.

As a means of satisfying our curiosity we are wondering how much Magee's and Farquhar's paid him to serve as an advertising medium. A prize of a new knicker suit for the nearest guess.

FRED H. RINDGE TALKS ON HUMAN ENGINEERING

National Secretary Tells Engineers Of Problems Confronting Them.

Fred H. Ringe, secretary of the National Industrial Movement, spoke before a group of engineers at special convocation Thursday morning. Mr. Ringe is holding a number of meetings on the campus in the interests of the industrial service movement.

Mr. Ringe, spoke on the subject of Human Engineering, having recently returned from a trip to Europe where he studied the problem in twenty-three countries. These countries are now becoming alert to the necessity of this problem and here in the United States we are also seeing it's need.

Humanics and Dynamics
The engineering course, as it is now taught in so many of our Universities, well fits a graduate in the technical lines of his work but he receives practically no knowledge in the handling of men. Our success as an engineer depends very largely on our knowledge of "Humanics as well as dynamics, or the knowledge of knowing how to handle men as well as materials. The engineer should know how to make use of the Golden Rule as well as the slide rule.

The engineer is the man who should serve to bring labor and capital together. The management of men is one of the principle assets of an engineer.

Requisites of Industrial Growth

FORTY-SEVEN SENIORS HONORED WITH KEY OF PHI BETA KAPPA

PAN HELLENIC DENOUNCES TYPE OF HUMOR USED AGAINST GIRLS IN SHUN

At the regular meeting of Pan-Hellenic Thursday afternoon the regular routine of business was disposed of and then they took formal action on the type of humor that is prevalent in the University and the following resolution was drawn up:

Resolved that the Women's Pan-Hellenic Association endorse the protest of Chi Delta Phi, Theta Sigma Phi and the Valkyries at the type of humor concerning Nebraska University girls which was exhibited in the "Evening Shun", published recently by Sigma Delta Chi.

The Pan-Hellenic protests against the misrepresentation of fraternity girls and of their houses in the pages of the Cornhusker last spring and, more recently, in the "Evening Shun" of University Night, which was more offensive than the Cornhusker. Fraternity girls ask protection from so objectionable a type of personal paragraph.

The publication of personalities of this kind which appealed to the editors of last year's Cornhusker and this year's "Shun" does harm to university women, misrepresents the life and ideals of fraternity girls, and brings unnecessary criticism upon the institution and upon its students.

INSTALLATION HELD FOR NEW CABINET MEMBERS

Y. W. C. A. Cabinet For Next Year Installed Wednesday Evening at Ellen Smith Hall.

Installation service of the new cabinet members of the University Y. W. C. A. were held Wednesday evening at 7 o'clock, Ellen Smith Hall. The Vesper Choir, attired in surplices, led the procession, followed by the members of the out-going cabinet and the members of the new cabinet. Grace Stuff, retiring president of the association, had charge of the services.

Miss Appleby gave a brief talk on "How to Find God." She emphasized the need of worship, prayer and right attitude toward religious activities. Following her talk, Grace Stuff installed the new members. The service concluded with the singing of "The Hymn of the Lights."

Following are the new members and their offices:

Dorothy Williams, President.
Jeanette Cook, Vice President.
Betty Ridell, Secretary.
Gertrude Thompson, Treasurer.
Ruth Small, Undergraduate Field Representative.
Helen Cain, Chairman of Bible Study.
Florence Sherman, Chairman of Conference.
Grace Spacht, Chairman of Church Affiliations.
Eleanor Dunlap, Chairman of Publicity.
Davida Van Gilder, Chairman of Vespers.
Elizabeth Montgomery, Chairman of Social Service.
Valora Hullinger, Chairman of Posters.
Add. Dettman, Chairman of Finance.
Mary Ellen Whelley, Chairman of Grace Copeck.
Dorothy Noyes, Farm Campus.
Margaret Hager, Chairman Rooms.
Verna Bowden, Chairman of World Fellowship Committee.
Gladys Mickle, Chairman of Social Committee.

CALIFORNIA ENGINEERS INTRODUCE NEW NOVELTY TO STUDENTS AT BERKELY

Engineer's Day is an innovation at the University of California, Berkeley, California. The first Engineer's Day was celebrated at the western University March 17. Many features similar to those of Engineer's week at Nebraska were used.

A parade was held in the morning with a number of floats representing the progress of engineering from '49 to the present day. Open house was held in all departments.

Alphonsine Clapp, '25, will visit in Columbus.

Announcement Made at Special Convocation Yesterday in Temple Theater.

EIGHT MEN AND THIRTY-NINE WOMEN GET HONORS

Number is Less Than One-Eighth of Graduation Class of 1922.

Annabel Lucile Beale, Broken Bow.
Helen A. Berlin, Genoa.
Wesley R. Bratt, Arapahoe.
Katherine Brenke, Lincoln.
Elsie Gertrude Burke, Lincoln.
Elizabeth Buritt, Ainsworth.
Sylvia Lorraine Carter, University Place.

Amelia Aline Chard, Brock.
Howard Crandall, Lexington.
Helen Dimond, Lincoln.
Helen Dunlap, Lincoln.
Robert P. Eastwood, Moran, Kan.
Ameda Eigenbroadt, Lincoln.
Ruth M. Ficks, Lincoln.
Margaret M. Fransen, Wahoo.
Joy P. Guilford, Aurora.
Hazel Haines, Franklin.
Martha Eunice Hiltton, Bethany.
Winifred Edith Jackson, Lincoln.
Anna B. Jensen, Omaha.
Elva L. Krogh, Omaha.
Grace Lufkin, Fairbury.
Genevieve McCandless, Nehama.
Esther McCurdy, Lincoln.
Leon S. McGoogan, Lincoln.
Isabel G. McMonies, Lyons.
Randolph Thomas Major, Lincoln.
Paula Elizabeth Mittelstadt.
Melvin Newquist, Wausa.
Esther Park, Omaha.
Nancy Penoyer, Central City.
Lillian G. Portenier, Guide Rock.
Enger Kathryn Robertson, Lincoln.

Margaret A. Rosenthal, Gretna.
Margaret C. Schemel, Lincoln.
U. Mirth Walker Sharer, Lincoln.
Zela Sougey, Lincoln.
Woodson Spurlock, York.
Grace H. Stuff, Lincoln.
Sheldon Tefft, Weeping Water.
Hedwig C. Toelle, Wisner.
Jessie C. Tucker, Omaha.
Lucile Dorothy Williams, Lincoln.
Katherine A. Willis, Lincoln.
Ella C. Wittie, Lincoln.
Katherine Wolfe, Lincoln.
Marie Zeibel, Havelock.

Forty-seven members of the class of 1922 of Nebraska University were elected to Phi Beta Kappa, national honorary scholarship fraternity. Announcement of the elections was made by Miss Constance Rumbous, Secretary of the Nebraska chapter, at a special convocation held in the Temple Theater at eleven o'clock Thursday morning.

The forty seven new members comprise slightly less than one-sixth of this year's graduating class. All have satisfactorily completed the requirements of the honorary organization.

The highest average grade turned in for the honors was 94.64. This grade was made by a man. The lowest average accepted was 87.6.

Regardless of the fact that the list contains the names of thirty-nine women and only six men, the two highest averages were made by men students. Such a lead by two men over the thirty-nine women scholars is considered an unusual occurrence in the university circles.

Nineteen of the successful candidates for the Phi Beta Kappa honors are students from Lincoln.

ART CLUB MEETS FOR REGULAR BUSINESS AND SOCIAL MEETING

The Art Club held its regular business and social meeting Wednesday evening in the art gallery. A report was given by the chairman of the improvement committee and plans were made for future social affairs. The Club has received an invitation to visit the home of Mrs. F. H. Hall who has a large collection of pictures and other interesting art objects. The members of the Club will hold a dinner at the Grand Hotel April 6 at 6 o'clock p. m. After the dinner they will go to the home of Mrs. Hall who will talk to them of her art collection.

Mr. Haugsteth of the art department gave an instructive talk on art topics. The club plans to have some one give talks at each of the future meetings. The new members of the organization will be initiated before the close of the school year.
