

**LUTHERAN CLUB HOLDS
THIRD ANNUAL BANQUET**

The third annual banquet of the Lutheran Club of the University was held last Friday evening at the Hotel Grand. The dining room was attractively decorated in green and white, the Club's colors, and the tables were beautified with baskets of sweet-peas, the Club flower and candles, the emblem of the Club.

Covers were laid for sixty people. The toast-master, Rev. H. Moeller, after being introduced by the president of the club, called upon the following members for toasts: Henry Schepman, Harm Harms, and Frieda Wunderlich. Dr. Holmes Dysinger, of Midland College at Fremont, gave a splendid address, his subject being "The American Spirit."

A violin solo by Miss Ruth Reuter, of Seward, accompanied by her father Professor Reuter, and a vocal solo by Miss Esther Beckeh, of this city, were splendidly rendered and much enjoyed. The last number of the program was a prophecy given by four members of the Club telling of the activities of the present Club members in 1934.

**ANNUAL CONVENTION
OF PHOTOGRAPHERS ASS'N
TO BE AT KANSAS CITY**

KANSAS CITY, Mo., Apr. 10.—Thousands of bamboo poles arranged in unique exhibit booths will feature the annual international convention of the Photographers Association of America when it meets here May 1 to 6 in Convention Hall. The hall will be filled with the best samples of the photographer's art in the world. Powerful photographic lights will hang in numerous studios erected on the arena floor. From the rafters will hang the favorite pictures of the world's most noted individuals.

The Japanese design will predominate as the bamboo booths will be trimmed with wisteria and decorated in the Japanese custom. More than eighty exhibitors already have taken space.

These exhibitors will come from every section of the United States and from South Australia, Canada, Central Europe, Great Britain, Mexico and Hawaii. Every exhibit of pictures will pass a jury of selection in order that no poor work will be shown. The hall will be open to the public for two evenings when a musical program and other features will be given. An elaborate entertainment program for visitors and delegates has been planned.

This is the first opportunity photographers in the southwest have had to attend the national convention. The Missouri Valley Association, Middle Atlantic States Association and other sectional organizations will compete for trophies. More than a thousand actual owners of studios in addition to salesmen, employees, exhibitors and visitors will attend. There will be a commercial section and an amateur finishing section. Both will have experts in charge to demonstrate the new features in these departments.

The local committee has invited every photographer in the southwest to attend regardless of membership. Plans so far completed will make this the greatest photographers' exhibit ever staged. Z. T. Bringes, of the Briggs Photo Supply Company and vice president of the Chamber of Commerce in charge of conventions, declared yesterday.

Information as to the convention can be obtained from Frank M. Robinson, Secretary of the Convention Bureau here.

**BIG CONSERVATION EX-
POSITION AT KANSAS
CITY MAY 15 to 18**

KANSAS CITY, Mo., April 10.—Preliminary plans for the Natural Gas Conservation Exposition, to be held in Kansas City May 15 to 18, in connection with the annual convention of the Natural Gas Association of America, are rapidly nearing completion. Every foot of floor space in Convention Hall has been sold and indications are that many exhibitors will be turned away. Frank M. Robinson, Secretary of the Convention Bureau here, announced yesterday.

The Natural Gas Association of America is the largest organization of its kind in the world. Its sessions attract delegates from every section where natural gas is used or produced as well as individuals and firm representatives from artificial gas areas.

The keynote of the convention this year will be conservation, as the supply of natural gas is daily becoming more limited. For this reason every organization, whether dealing in production or consumption or in the supplies and accessories of the industry, should be represented at this meeting. William B. Way, secretary of the Association said here last night.

A unique feature of the meeting this year will be the practical demonstrations of gas appliances. Hundreds of small gas appliances will be given

away to visitors and many larger ones. This feature will be in charge of the Association of Natural Gas Supplyment. The convention will be open to the public each afternoon and evening. Instead of merely inviting representatives of the industry, the invitation this year will be issued to the public of Kansas City and its trade territory. Special rates of one and a half fare have been granted by the railroads, which will bring thousands who otherwise would be unable to attend.

Information as to the convention may be obtained by writing Frank M. Robinson, Secretary of the Convention Bureau here.

**OHIO MAN'S WHITE
ORPS LEAD IN EGG
PRODUCING CONTEST**

Theten-bird White Orpington entry of H. A. Millard of Oregonia, O., in the Nebraska national egg laying contest conducted by the experiment station and the department of poultry husbandry of the University of Nebraska, ranked first in a field of forty entries, made by poultry fanciers in all sections of the country during the first four months of the contest, according to figures made public today. The number was 857.

While the March total for the Millard entry was far below those made by other contestants, the record made in previous months served to give the Orpingtons a lead of thirty-four eggs over the entry of Luther L. Burt of Gibbon, which was 823. Burt's entry is Buff Orpingtons.

Other high records made up to March 1st, were:

C. F. Bodner, Geneva, White Plymouth Rocks, 800.
J. L. Schluntz, University Place, S. C. Rhode Island Reds.

Harry V. Hill, Lexington, R. C. Brown Leghorns, 734.
Nebraska experiment station, No. Platte, S. C. White Leghorns, 722.

B. G. Japs, University Place, Buff Orpingtons, 709.
Mrs. A. Arnold, Inavala, S. C. Rhode Island Reds, 685.

G. B. Ferris, Grand Rapids, Mich., S. C. White Leghorns, 684.
Oldo Poultry Farm, Cincinnati, O. S. C. White Leghorns, 680.

R. O. Vogel, Seward, S. C. White Leghorns, 676.
C. H. Mathewson, Walthill, White Orpingtons, 641.

G. O. Gill, Lincoln, S. C. White Leghorns, 638.
W. T. Davis, College View, S. C. White Leghorns, 632.

The lowest record made in the four months, and also for March, was by the White Wyandottes entered by J. F. Porter, Fremont. The figures were 288 and 121 respectively.

**DR. VAN ES TALKS TO
MEMBERS OF AG. CLUBS**

(Continued from Page One)

matter of speculation, and as a result we have a mass of untrained or partly trained men—graduates of these schools—calling themselves veterinarians. The recent war, however, altered this, so that today several state colleges of agriculture are equipped to train students in veterinary science. The function of the veterinarian of the future will not be primarily to cure, but to prevent disease, is the belief of Dr. Van Es and fellow members of his profession. Sick individuals will receive all attention that can be given them, but special precautions will be taken to prevent the spread of disease among the uninfected individuals.

In concluding, the speaker cautioned against the free use of every new remedy on the market. Vaccines have been sold for many different kinds of disease, altho it is only certain that five will yield to such treatment. Stock can be successfully immunized from hog cholera, blackleg, anthrax, white scours, and tetanus by vaccination. Vaccines for other diseases are fakes.

**ORPHEUM HAS FEATURE
PLAY FOR THIS WEEK**

(Continued from Page One.)

his Merry Men." Was there ever a more picturesque knight of the road than he? Everyone is familiar with him and his woodland life. In song and story alike he figures, and in opera he has held the stage these many years.

Zane Grey, the distinguished writer of stirring stories of the American West, in his novel "The Last Trail" made a mysterious lone bandit the figure on which centered the entire development of the romance—a bandit operating at night on lonely roads in a mountainous region, and who was susceptible to the charm of a woman, risking his life at times to be with her. This lone bandit has been transferred to the motion picture by William Fox, whose film version of "The Last Trail" is to open a run on Wednesday at the Orpheum Theatre. The story is a fascinating one, and the picture, which is a super-special production, was directed by Emmett J. Flynn.

**WOMEN'S TRACK
MEET TO BE HELD**

**Intersectional Telegraphic Track
and Field Meet For Women
on May 12.**

An Intersectional University Telegraphic Track and Field Meet for Women, under the auspices of the National Women's Track Athletics committee will be held on the respective fields of the entering Universities, on Friday, May 12, 1922.

Nebraska has entered the meet, representing the midwestern section. The other entries: University of Kentucky, University of Arizona, Florida State College for Women, Mississippi State College for Women, University of California, Southern Branch; and University of Wisconsin.

Immediately following the separate meets, each director shall send a telegram giving name and record of first place winners in each event. A letter, giving complete record of the meet, is to follow. A recheck of results will be made from the letters before final notification of official standing is given to the press.

In case the weather prevents the

holding of the track meet at any particular college on the specified day, the meet shall be held any day of the following week.

Nebraska will enter the following events:

- 30 yard dash.
- 50 yard dash.
- 100 yard dash.
- 220 yard dash relay (4 runners).
- 60 yard hurdles (4-2 1/2 ft).
- 500 yard relay (10 runners).
- Running high jump.
- Running broad jump.
- 8 lb. shot put.
- Basket ball throw for distance.
- Base ball throw for distance.
- Javelin.
- Pole vault.
- Running, hop, step and jump.

A 500-yard relay (10 runners is a feature of the meet. It gives the opportunity to bring more girls into the meet, and gives ordinary runners a chance to get into team competition. The relay will be pursuit type. Each girl shall carry a baton to be handed to the next runner.

Here's a chance, Nebraska women, to put your university on the map of women's athletics. It is possible that a Women's Team of winners will be sent to the next Olympic games. Ruby Damme, W. A. A. track leader, announces the following practice schedule:

Tuesday, Thursday at 1 o'clock when the weather permits.

Monday, Wednesday, Friday at 4 o'clock.
