

Drake Tryouts And Inter-Frat Meet Saturday

TWO HUNDRED TRACKSTERS ARE IN ATHLETIC CARNIVAL SATURDAY

HUSKER TRACK RELAY TEAM TO BE CHOSEN

Athletes Selected Will Go To Big Meet at Des Moines Next Week

MANY CLOSE RACES WILL FEATURE VARSITY TRYOUT

Mile Run Will Be Fast Race — Dashes Will Be Hard-Fought Contests

The final tryouts for the Scarlet and Cream team which will make the trip to the Drake Relays next week will be held in conjunction with the inter-fraternity meet. The competition will be closer than that of any previous tryouts this year, and Coach Schulte is expecting several Cornhusker track records to be shattered. A squad of Omaha Medics will compete in the tryouts.

The Varsity tryouts Saturday are going to settle some track arguments of long standing. It will be recalled that last year Dave Deering and Eddie Smith were having a constant battle for supremacy in the 100 yd. dash with Deering holding the honors in the early part of the season and Smith holding them at the end. Deering has been working steadily at Omaha and in his recent tryout against Smith and Noble led the two home campus boys by a comfortable margin.

There three men will meet half a dozen times this spring over the century distance, but the race Saturday, the first official race of the season, will be a peculiarly hard fought one. And in speaking of sprinters, Dave Noble must not be overlooked. His work during the indoor season and the tremendous power he has in the outdoor longer season marks him as a dash man that both Smith and Deering will have to keep a close eye on.

The 440 Varsity tryouts will also bring out some keen rivalry. Ted Smith and Hawkins have been watching each other rather closely in spite of the fact that they are almost blood brothers in training and both of these men have a questioning eye on the tall red chap, Layton, and the three together are watching such men as Davidson, Beckord and Hardt.

The mile race tryouts for the four mile relay team will find six men fighting for places. On past performances, Allen would be the class of the field but with the rapid improvement that Coats, Fischer, Stemmans, and Nichols have made and the introduction of the little 880 man, Mud Gardner, into the mile, Allen will have to look to his laurels. Coach Schulte is confident that with a fair day the mile race will be the greatest race of miles that has ever been run on Nebraska field.

The competition in the discus between Weller and Moulton on the one hand and Noble and Hatch on the other will show some class in performance. Both Weller and Moulton are throwing the platter close to Nebraska's record in daily practice.

The high hurdle race for the Varsity between Herbert Gish, King Lear and Ike Lukens will show a close and fast race. Gish practically has been going in better from than ever before. Lear and Lukens are running their first year on the high hurdles and both are showing excellent promise.

Saturday's Varsity tryouts will find on the field one Varsity record holder in the person of big Bub Weller and five Missouri Valley Conference indoor record holders in the persons of Ed Smith, Kenneth Hawkins, Mud Gardner, Eve Allen and the mile relay team.

Nebraska Entries in Drake Relays These entries are merely tentative and may be changed if the results tomorrow warrant the change:

440 yd. relay—1st man, Dave Deering; 2nd, I. K. Lukens; 3rd, Dave Noble; 4th, Ed Smith.

One-half mile—1st man, Dave Neering; 2nd, M. Layton; 3rd, Dave Noble; 4th, Ed Smith.

One mile—1st man, L. L. Davidson; 2nd, M. Layton; 3rd, M. Smith; 4th, K. J. Hawkins.

Two-mile—1st man, Dean Higgins; 2nd man, Frank Bieser; 3rd, R. E. Wier; 4th, H. M. Coates.

Four-mile—M. Gardner, T. M. Stemmans, G. Fischer, E. V. Allen.

100 yd. dash—Ed Smith, Dave Deering, Dave Noble.

Broad Jump—Dave Deering; Orris Hatch.

The inter-fraternity meet, which will bring into competition the largest assemblage of athletes ever witnessed in a home meet at Nebraska will be held tomorrow afternoon, the program of events starting at 3:30. The athletes entered in the meet will go through a light workout today and will be in fine condition for the athletic carnival tomorrow.

The meet will begin at 3:30 so as not to conflict with the Nebraska Wesleyan baseball game, which will be called at 1:30. Coach Schulte is in charge of the meet and will have a large corps of officials assisting him.

Rivalry is Keen The inter-fraternity meet, with practically every fraternity on the campus represented, will be a hard-fought contest from start to finish. The competition is unusually keen, as each fraternity has made a strenuous effort to put a strong team in the field. The Delta Tau Delta and Sigma Phi Epsilon cinder path teams are the favorites of the dopsters, but a number of other fraternities have strong teams and will make a good bid for the Greek track championship.

The Deltas have a number of excellent athletes, who are expected to show up well Saturday. Parks, one of their freshmen, who throws the shot around thirty-nine feet and high jumps five feet, nine inches, is expected to win these events. The Deltas also have Sloan, sprinter, Meyers, hurdler, Bloodgood distance man, Cozier, sprinter, and Gleason, pole vaulter.

The Sig Eps have a large array of athletes and are planning on copping the honors. Crites is their best bet in the hurdles, while Trexler will run the dashes. Nowlin will also run in the dashes. Carman will throw the javelin and Lewellen will run the high hurdles. The Sig Eps also have a fast relay team.

Program of Events
100 yard dash—3:30.
Mile run—3:45.
440 dash—4:00.
60 yd. hih hurdles—4:15.
220 yd. dash—4:30.
Two mile run—4:45.
110 yd. low hurdles—5:00.
880 yd. run—5:15.
Half-mile relay—5:30.
Shot put—3:30.
Discus throw—After shot.
Javelin—After discus.
Pole vault—3:30.
High jump—After pole vault.
Broad jump—After high jump.

He—I could dance on like this forever.
She—Oh, I'm sure you don't mean it! You're bound to improve.—Pearson's Weekly.

Seth Taylor of the Conservation and Survey Division of the University is now attending the National Academy of Visual Instruction at Lexington, Kentucky, as a delegate from the University of Nebraska.

Annebel Beal and Agnes Adams left Thursday afternoon to attend the Delta province convention of Alpha Delta Pi at Madison, Wisconsin, which will convene April 21-23.

Attention, Seniors! The time is going fast. Don't forget to order your graduation announcements before it is too late. Order at the College Book Store before April 25.

LETTER FROM RUSSIA COVERED WITH STAMPS

A letter was received at Postoffice Station A from Russia, having 8500 Rubels postage and marked due four cents collect. This extra postage was due to the fact that the weight of the foreign postage made the letter heavy. There was no room on the envelope for stamps, which were in small denominations, so the stamps were tied on. They appeared the equivalent of four pages of American stamps, hundred stamps to a page. Another letter came the day following and cost 30,000 rubles postage; 20,000 for registration and 10,000 for ordinary postage. One could hardly find the letter for the great number of stamps.

ELECTIONS TO ALPHA TAU RHO ANNOUNCED

University Players Give Program Thursday Morning and Give Out Names of New Members

Convocation was held Thursday morning at the Temple Theatre at eleven. The University Players presented Zona Gale's play, "Neighbors," and the elections to Alpha Tau Tau were announced.

"The play was well performed, Kenneth Metcalf and Catherine Matchet especially distinguishing themselves. The characters are the everyday people of our life—"folks," as the play says. Their kindly efforts to relieve the want of a friend are laughable yet pathetic. The play at no time leaving its realm of comedy ends in a truly happy manner.

Following the playlet was the announcement of those on whom Alpha Rho Tau has been conferred. Alpha Rho Tau has been in this University but a few years. To it are elected those seniors in the School of Fine Arts who have consistently done good work and who have likewise distinguished themselves in music, drawing and painting or dramatics. Four were elected this year from the Music department; three from the Art department, and four from the Dramatic department.

Following are the names of those elected to the fraternity:
Frances Burt, Marianna Cummings, Faith Dunn, Esther Ellwanger, Lucille Foster, Mabel Gibson, Mildred Goffman, Harry Krieger, Sarah Saunders, Effie Switzer, Emily Wanek.

Faculty members: Olive Rush, Andrew Hougseth.

MORE GRID MEN NEEDED ON HUSKER SQUAD

Men Must Come Out and Learn the Fundamentals of Pigskin Sport

The Scarlet and Cream spring football squad went through another strenuous drill last night, but is still handicapped by the lack of material from which to build next fall's Cornhusker gridiron machine. The spring workouts are being devoted to drilling the men upon the fundamentals of the pigskin game and unless all the gridsters get the benefit of this drill the Husker team will be seriously slowed up next fall.

The candidates went through a snappy drill last night under the direction of Coach Bill Day and Farley Young, freshmen coach. Punting, sidestepping and various formations were practised. The men who were out last night showed plenty of enthusiasm and lots of fire. However, the same men report every night and about thirty-five men have uniforms who are not reporting for the drill. Captain-elect Chick Hartley is assisting in the coaching of the gridsters and is proving himself to be a most capable leader. Hartley yesterday issued another appeal for all fellows who are good football material to come out at once. He declared that Nebraska must have more men out if the enviable reputation that Nebraska has won in football is to be upheld next fall.

HUSKERS PLAY SECOND GAME WITH COYOTES

Game Between Wesleyan and Nebraska Called at 1:30 p. m. Because of Track Meet

MUNGER OR ZIGENBIEN WILL START THE GAME

Frank's Proteges to Travel to Kansas Next Week to Play the Jayhawk Farmers

The Huskers and Coyotes cross bats for the second time this season, when they clash tomorrow at Rock Island Park at 1:30, the game starting early because of the Inter-Fraternity track meet at 3:30.

The Coyotes will invade the Husker camp tomorrow with blood in their eyes, determined to avenge the defeat of last Saturday, in which the Huskers were victorious by a great margin. The Methodists have been working hard for the past week developing their team work and batting. Today they meet the Seward Seminars in a practice game. Rogge, start hurler for the Coyotes, and Hinman, also of their pitching staff, are in good shape for a speedy battle.

The hurling staff of the Nebraskans are whipping into excellent form. Munger or Zeigenbein will be in the box when the game is called tomorrow, while Carman and Berquist will be available. Another big asset to the Husker aggregation is a fast outfield which includes: Captain "Bill" McCrory, Lewellan, Pool, and Thomsen.

One week from tomorrow the Huskers meet the Kansas Aggies at Manhattan, where they mix with the Jayhawk Farmers in a two-game series April 28 and 29.

Coach Owen A. Frank, mentor of the Husker squad, will put the aggregation through a stiff routine of practice which will include batting, mainly. A batting cage will be procured soon with which practice batting can be done in a corner of the park while the diamond is in use.

The Kansans are playing a good game of baseball this season and it will mean no small amount of hard work on the part of the Huskers if they emerge from the 1922 race as the topnotchers of the Missouri Valley. The Kansas University games with the Huskers will, from present conditions, feature a speedy brand of baseball. The Oklahoma Sooners, who met defeat twice at the hands of the Huskers and gained one close victory, drubbed the Kansas University recently.

The battle of the morrow will be launched with the following probable lineup:

Nebraska
Pitcher—Munger, Carman, Zeigenbein, Berquist.
Catcher—Anderson.
First Base—Slaser.
Second base—Pizer.
Shortstop—Smaha.
Third base—Carr.
Left field—McCrory.
Center field—Thomsen.
Right field—Pool.
Substitute—Lewellan.
Wesleyan
Pitcher—Rogge, Hinman.
Catcher—Malowney.
First Base—Walroth.
Second base—Donahoe.
Third base—Hughes.
Shortstop—Hinman.
Left field—Gembler.
Center field—Vetter.
Right field—Morgan.

OFFICERS ELECTED FOR VESPER CHOIR

At a regular meeting of the Vesper choir last night the following officers were elected for next year:

Vice President—Marguerite Urion.
Secretary and Treasurer—Beatrice Baird.
Social Chairman—Lila Wyman.
Membership—Lucile High.
Reporter—Lila Wyman.
The Vesper chairman will have charge of the service at the City Mission next Sunday.

AWGWAN SPRING FASHION NUMBER NOW AT OFFICE

Awgwan is out, and it is "some" issue. It is a spring fashion number cleverly illustrated. The cover is in three colors and shows the modern style of the co-ed and, also, the amazement of the co-ed of the past generation. The entire issue is full of splendid jokes and witty poems. The essence of spring is used as a "seasoning" all through the magazine. The editorials are exceptionally good this month. The contents of these might be given enlightenment by the titles. "Alumni Harken," "The Rose Blooms," "Spring Fashion Number," "On Diet" and "Second Semester Pledging" are the names of the interesting editorials.

EAR OF CORN NOW BADGE OF AGGIES

Agricultural Announce "Farmers Fair" May 6 with Paper Ear on Lapel

"What's ear o' corn for?" May 6. Just stop and think a minute. It is rather unusual to see ears of corn grow overnight, especially at this season of the year, but the Ags are blooming out with yellow nubbins that all seem to be alike in that they carry the date May 6 and a big "what" mark at the tip in place of the silk. Even the girls are showing their ears today. It's the new fad and more than that it's loyal support to Ag College. If a wearer of the ear doesn't shout the answer to your questions of "What's ear of corn for?"—just read it here—Farmers' Fair, you'll be there, Ag Campus, May 6.

One of the new and most attractive features of this year's Farmers' Fair will be the outdoor costume pageant to be staged on the Ag Campus during the afternoon of the Farmers' Fair day. Under the direction of Miss Bradt of the Home Economics department the girls are already well along with their practice for a beautiful play.

The pageant is the old fairy tale of the Sleeping Beauty. Fifteenth and Sixteenth century costumes with groups of fairies and peasants and fitting scenery will combine to entertain every one who can see the show with some of the most beautiful scenes that can now be imagined. Indeed the girls are to be commended for their efforts in this undertaking which will add such a diversion from the usual fair.

The pageant is in three acts, the setting of the first is the christening of the small princess by the good fairies. One wicked fairy offers her the evil wish that some time while she is spinning she will prick her finger on a spindle and die. One crafty fairy changes the wish to a less fatal sleep of 100 years.

In act II the princess finds the only spinning wheel left in the kingdom and pricks her finger. A fairy puts the entire court to sleep so the princess will have company when she awakes.

In Act III the Prince comes. He awakens the Princess with a kiss after which the entire court and the prince and princess rejoice.

Such in brief is the outline of this pageant which none should miss. It alone will be worth the entire afternoon on Ag Campus.

"Well, where will we go now," will never be heard among the mobs that tramp over the Ag Campus on Saturday, May 6. Guide Books will be furnished by the Fair Board to all the visitors. These Fair Board managers are so thoughtful of the welfare of their visitors that they will make the guide book so simple and convenient that seeing every feature of the Fair will be as simple as doing the weekly shopping from a list on the back of an old envelope. There will be absolutely no excuse for any remarks in weeks and years to come about missing even one of the attractions of this fair.

Everything will be down in plain Ag print in that little book which will be a life saver for every funseeker that day. A complete program of the day with a good map of the campus will combine to make it possible (Continued on Page Four.)

ENGINEERS PLAN BIG TIME DURING THE CELEBRATION

To Publish Special Edition of the Daily Nebraskan Wednesday Next Week

EXPENSIVE INSTRUMENT SET WILL BE AWARDED

Night of April 27 Announced as Engineer's Night and all Laboratories Opened

Engineers' Week, when all the mysteries of the North side are to be explained, is upon us; plans are complete and work nearly finished for making this one of the greatest events of the campus school year.

Every laboratory and every machine, is to be going full speed for the benefit of visitors—both students and their friends.

Wednesday the engineers try their hands at the newspaper game—publishing their special edition of the "Rag"—and if things are shown up in an unusual coloring—perhaps it has been a case of too great application of formulas.

APR 27—Who has not seen those five figures flashing from the tower on "U" Hall? Of course that is engineers' night.

The special engineers' convocation will be held in the morning, with Dean Marston as the speaker.

Schedules are to be printed and given out, giving the time of each special display—when the molten iron is to be poured out; when the wireless concert will start; when the "spooky way" and burning iron of the chemicals will be going best and when the cement beams are to be placed and crushed.

Friday morning the floats will circulate the campus, pass through the straights of O street, and return to port to allow the crews to participate in the field day events. These will consist of level and transit races and athletic contests. Some remarkable speed is expected, as a prize of a \$60 set of drafting instruments has been offered by A. E. Long and is to be given to the best all-round man. Individual prizes for each event may be announced later.

In the evening, the Goddess Terpsichore will reign supreme at the Roswilde—and appropriate tunes such as "Kiss Me By Wireless" may be played.

The grand finale of the week will be the banquet Saturday night, with Mr. E. Campbell of Lincoln as toastmaster. Music will be furnished by the Engineer's orchestra, led by Bertram Ellsworth.

During the evening the prize knocker of the campus, "The Sledge," will appear—and woe betide any engineer having any secret ambition or past misdeed! For verily, saith the committee, he shall surely roast.

SILBER ACCEPTS CHICAGO POSITION

Sidney Silber, who has been head of the piano department of the University School of Music for nearly fourteen years, has tendered his resignation to accept the position of dean of the Sherwood Music School of Chicago. He will remain in his present position until the close of the school year in June and will assume his new duties in the fall. No plans have been made concerning his successor.

Senior Caps and Gowns All seniors are asked to mail the return card ordering caps and gowns for commencement to the Co-op Book Store at once. The Co-op is the official place selected by the Senior cap and gown committee to handle all cap and gown orders. It will not be necessary to make a payment until the gowns are received. Any irregularities will be handled by Margaret Henderson or Bob Hardt, members of the committee. Senior Cap and Gown Committee.
