

WILLIAM P. ACKERMAN

William Ackerman, who has written four of the new popular musical hits to be sung for the first time at the Orpheum theater tomorrow afternoon and evening when the Kosmet Klub presents its 1922 play, "The Knight of the Nymphs."

"Sometimes Fairy Tales Come True," featured in the opening of the first act was written by Ackerman and is sung by Ethel Upton, Oliver Maxwell, Lillian Hansen and the chorus. "Just One Girl," sung by Patsy Hunter in the first act, promises to be a big hit with the students. "Lonesome and Blue," sung in act three, has been pronounced the catchiest tune of the show.

Ackerman has also written the lyrics to "There's Always Sunshine After Rain," sung in the first act of "The Knight of the Nymphs" by Helen Wright and the chorus.

VALKYRIE TO AWARD SCHOLARSHIP MEDAL TO A SENIOR GIRL

Valkyrie, Junior-Senior organization, is to award a scholarship medal to the girl who achieves the highest average during her senior year. This award is to be made on Ivy Day, the day which is practically devoted to Seniors and their interests.

Pan-Hellenic is in the habit of giving prizes to girls of the Freshman, Sophomore, and Junior classes, but no recognition has been given hitherto to the Senior girl having the best average. Valkyrie, being interested in Senior girls, wishes to supply this need.

The award will be in the form of a plaque on which the figure of a Norsewoman signifying Valkyrie — stands with her hand resting on the head of a kneeling girl wearing a cap and gown.

This practice is to be continued every year as part of the work of Valkyrie.

MR. STEVENS TO GIVE THIRD INDUSTRIAL TALK

Mr. C. R. Stevens, industrial secretary of the Omaha Y. M. C. A., will speak at 7 o'clock Wednesday evening at Social Science 161. He will give the third of a series of industrial coaching talks. Members of the Industrial Research club and all the other students who are interested in getting the most of their summer vacation work are urged to attend. Mr. Stevens will be glad to interview immediately after the meeting any men who would be interested in joining the Omaha industrial group.

GIRLS MAY APPLY FOR THE A. C. A. SCHOLARSHIP

Applications for the A. C. A. scholarship awarded each year to the Sophomore or Junior girl who is partially or wholly self-supporting and whose scholarship and interest in the university make her worthy of the gift of \$100. Freshmen and Sophomore girls may make application for the scholarship which will be presented this spring or next fall depending on the number of applications received by Sunday, May 7.

membership basis. When the Y. W. C. A. was first organized, membership was given only to members of protestant evangelical churches but in the last few years, a different movement has arisen, that of the personal membership — where the basis of membership is that of the candidate for membership, pledging herself to lead a Christian life. One hundred and seventy-four organizations reported at the Hot Springs meeting that they had changed over to the personal membership basis and were very well satisfied with it.

From now on, in the drives for foreign relief, it was decided that not only students but faculty are to be included and preference in re-

lief work is to be given Russia.

Eight pages in the Association Monthly are to be devoted hereafter to student news and volunteer editors have progressed the plans so rapidly that in the next issue, four pages will be given to news of student Y. W. C. A. work. An article by a Nebraska student, Areheit Dettman, upon her experiences in Denver last summer, will appear in this issue.

One feature of the meetings was that they were begun each morning by Miss Maude Royden, an English woman preacher, who is trying to be ordained in the Church of England. She spoke every morning, and the charm of her manner so captivated the delegates that they all shed actual tears at parting with her.

Among the 401 student delegates were 91 colored delegates from three southern states. Their contribution to the meeting was the singing of several of the famous negro spirituals.

Dorothy Williams had much to say of the girl Wellesley college, Miss Emily Gordon, who presided at the meetings, and whose quiet dignity and complete and ordered knowledge of Robert's Rules of Order, kept things going at a lively rate.

April is June almost in Hot Springs said the delegates, and the roses were in bloom everywhere, and flower girls were quite a common sight. Since the baths of Hot Springs are a national attraction, each delegate was presented with a free entrance ticket to the baths, and their experiences therein make interesting hearing.

The location of the next national meeting has not yet been determined but of all those petitioning, Atlantic City is receiving the most favor and at present, it is very probable that that city will be the hostess to the next convention.
