

PROF. GRUMMAN BACK FROM BIG CONVENTION

Prof. P. H. Grumman has recently returned from the annual convention of the American Federation of Arts at Washington, D. C. This is the thirteenth convention meeting of this notable convention.

Miss Lella Mechlin, secretary of the American Federation, in her annual report, stated that the most notable progress during the year had been made in the south and in the territory covered by the western office at Lincoln. Prof. Grumman gave the report from the western office.

Notable Speakers Discuss Art

Among the speakers at the convention were Chief Justice Taft, Ambassador Jassei of France, Thomas Nelson Page and Charles Ran Kennedy. There were also many other speakers of national importance in art work. The subjects of organized art, industrial art, pan-American art and art teaching were taken up by the different speakers. Mrs. Harding received the delegates at the White House after one of the sessions.
