

THE SUMMER NEBRASKAN

VOLUME XXI, NO. 179.

LINCOLN, NEBRASKA, THURSDAY, JULY 27, 1922.

PRICE FIVE CENTS.

SPHINX WRITE IN FAVOR OF WELCOME

First Answers to Letters Strongly Endorse Plan—Story Harding Says "Splendid Idea"

Prospects of a unanimous approval of the plan for a freshman welcome week from the members of the Iron Sphinx, sophomore society, which will sponsor the plan in case it is followed, are encouraging following receipts of several answers early this week.

Six replies to the letters were received early. Every Sphinx endorsed the plan as "mighty fine."

N. Story Harding, last year Innocent and well-known student, when asked for his opinion on the idea, said "It is a splendid idea." He then goes on to say, "If the plan were carried out this fall it would probably be well to see that the acquaintances made during the first week of school are permanent ones and not the temporary kind that practically cease when the vivid tags are taken off. Probably the university mixers would help to overcome this difficulty and yet not every freshman and sophomore attends these get-togethers."

Some Early Replies

Charles Adams, a Lincoln Sphinx, in endorsing the plan suggested that the Lincoln members might hold a luncheon some evening to discuss the plan. Adams was the first to reply to the letters.

The first mail reply received came from Art Latta of Tekamah. Latta said, "Mighty fine plan and I am heartily in favor of it. It will be something new and different and if put across in the right way will probably be handed down to our successors as a tradition."

Another of the early replies comes from E. Burton Warrick of Scottsbluff. He says, "The plan for Freshman Welcome week will be heartily received by the sophomores of the university, I believe. I have talked it over with some of the other uni-

Clanging Shoes Amuse Janitors

University of Nebraska students each noon have an exceptional opportunity to witness horseshoe contests of championship calibre. The janitors of this large educational institution spend a good part of their lunch hour listening to the clang of the pitching shoes. "Ringers and leaners" are their specialty.

The janitors are no amateurs at the game. "Six inches from the stake" is out, they play. And few of their shoes don't land within four or five inches of their pegs. No pitcher is safe simply to get within two or three inches of the peg. Even ringers and leaners are doubtful counters unless they are made on the last throw. One particularly clever pitcher the other noon made three ringers in three shoes pitched. Another made two out of two twice.

SUMMER NEBRASKANS MAILED TO SPHINX

Feeling that more can be accomplished in less time if all the members of Iron Sphinx can exchange views on the plan for a freshman welcome week, the summer Nebraskan is being mailed to all members. A few Sphinx had not subscribed to the paper and the last few issues are being mailed out gratuitously by the management of the paper and a Lincoln Sphinx. It is believed that all university students are deeply interested in the plan and the paper welcomes any comments and suggestions in regard to it.

NEBRASKAN AND PEDAGOGUES WIN

Battle For League Leadership Thursday Evening Between Pace Setters

Twilight team standings:

Pedagogues	2	2	0	1,000
Summer Nebraskan	2	2	0	1,500
Football class	2	0	2	.000
Basketball class	2	0	2	.000

The Pedagogues and Summer Nebraskan baseball teams continued at the top of the Twilight league column Tuesday evening as the result of wins over the Football and Basketball classes, respectively. The Pedagogues won their game 7 to 0 and the Summer Nebraskan defeated the indoor men 8 to 2.

The expected close combat between the Pedagogues and the Football class did not develop. Several football men failed to show up and the Pedagogues had little trouble in running in their tallies. The game broke up after the fourth inning.

The Nebraskan-Basketball contest was a good exhibition of baseball. Errors figured largely in the Nebraskan victory. Three bingles in the last of the fourth helped the Nebraskan to tally five runs. Hall was struck out. Gernick reached first on an error. He stole second. Shainholtz was also struck out. Leo made a pretty two base hit, scoring Garnick. Mackey drew a walk. Adamson cracked out a three base hit, scored Leo and Mackey. He scored on a passed ball at third. Lewton made first on an error. Campbell followed by getting two bases on an error thus scoring Lewton. DeWitz was a close out at first.

The score by innings of the Football Pedagogues contest follows:

Pedagogues	4	0	2	2	—8	7	1
Football class	0	0	0	0	—0	1	3

Bases on balls—Off Brown 1, off Connell, 1.

Struck out—By Connell, 1.
Batteries—Pedagogues, Brown and Rosens; Football class, Connell, Kiser, and Daugherty.

Umpire—"Bill" Day.
The score by innings of the Summer Nebraskan-Basketball contest follows:

Basketball class	0	1	0	0	—2	5	3
Summer Nebraskan	1	2	0	5	—3	3	3

MISS HUGHES TO DIRECT CHILD RESEARCH WORK

Miss Gwendolyn Huges, '17, returned to New York after a visit with her parents in Lincoln to accept a position with the New York Medical association as director of the research work for the child health program of the association. Miss Hughes was professor of sociology and economics last year at Elmira college, Elmira, N. R. Miss Hughes received her bachelor of arts degree from the University of Nebraska in 1917 and her master of arts degree in 1918. She holds a doctor's degree from Bryn Hawr.

TO GIVE PICTURES WITH FIRST COPIES

One Thousand Panels of Six High Girls in "Cornhusker Rose" Contest Given Free

One thousand copies of an eight column panel effect picture of the six high girls in the "Cornhusker Rose" contest are to be given with the first mail orders received by the Summer Nebraskan for the song. The panel is a reproduction of the beautiful layout which was printed in the Lincoln Sunday Star of July 16.

The six girls who adorn the panels—the six girls who received the high votes in the contest—are Miss Vivian Hanson, Miss Mildred Hullinger, Mrs. Ruth Kadel Seacrest, Miss Margaret Stidworthy, Miss Ruth Fickes and Miss Mildred Taylor.

The names of the girls are under each picture. The panel is printed on fine enameled paper and is suitable for framing.

The song "Cornhusker Rose" sells for 25 cents per copy. As an inducement for more University of Nebraska students to secure the song, Howard Adamson, the composer, is making this offer. The pictures will be given only if the orders are received through the Summer Nebraskan, however.

All of the pictures are clear and well printed. The layout is well arranged and would make a beautiful picture to hang in one's room. It is printed on fine paper.

MISS HOLSTEN AND L. COWLEY ENGAGED

Engagement of Miss Irene Holsten to Leonard M. Cowley was announced recently. Miss Holsten has been the secretary in the office of Dean P. M. Buck. She attended the university three years. Mr. Cowley is now night editor of the Fort Collins Courier, having been graduated from the university last June. He was a member of the Silver Lynx and Sigma Delta Chi fraternities and of Innocents, senior men's society. He was editor of Awgwan last year. His home is at Bladen, Nebr. Miss Holsten lives at Trenton, Neb. The wedding will take place the latter part of August.

STUDENTS COME FROM 36 STATES

University of Nebraska Attracts From Entire Country and Six Places Outside U. S.

Students attending the University of Nebraska during the school year 1921-22 represented thirty-six of the forty-eight states of the United States besides almost every possession, according to a table in the 1922-23 catalogue. Twenty-five students came from the possessions. One was registered as living in Canada, one in India and one in South America.

Nebraska claimed the most of the students. A total of three thousand ninety-six men and 2652 women were registered in the university. Iowa was next with 120 men and 128 women in attendance at Nebraska. Kansas was third in high totals with eighty-four men and forty women. Colorado had forty-two men and twenty-five women registered, South Dakota had forty-three men and thirty-one women, Wyoming had thirty-nine men and twenty-one women and Missouri had thirty-three men and thirty-one women.

Hawaii had five men students represented at Nebraska, Japan had two men and the Philippine Islands had eighteen men.

The total of men students at the University of Nebraska last year was 3,592. The total of women students was 3,002. The total number of all students was 6,594 registered in the colleges. This includes only those students in attendance throughout the thirty-six weeks. It does not include those in the teachers' college high school, in the agriculture short courses, in the trades schools or in the extension division. Some 1,700 students took work in those and other smaller departments.

The list of states and places outside the United States represented at Nebraska during 1921-22 together with the number of men and women students from each follows:

	Men	W'm'n	T'l
Alabama	1	0	1
Arkansas	2	1	3

Students Start Motorcycle Trip

Oswald Black, "Oz", cartoonist, and Gregg McBride, assistant sports editor, for the Lincoln Star, both students of the University of Nebraska, left Lincoln early Monday morning on a trip to Yellowstone National park. The trip is being made on a motorcycle. The men expect to be gone about two weeks.

The motorcycle was nicely overhauled and sanctioned before the trip was started. It is equipped with a sidecar in which McBride is to ride. The machine belongs to "Oz" and is the same one that caused him to pay out \$5 and costs to Judge Whitmore of the Lincoln police department recently in answering to a charge of speeding filed against him by Major Gross.
