

## MUST PAY FEES BY SEPTEMBER 7

Otherwise Students Who Registered  
Last Spring Will Be Charged a  
Late Fee

Students who registered for classes the first semester of 1922-23 during the registration week May 15 to 20 must send their fees for that registration to the bursar before September 7. Otherwise they will be charged a late fee.

Announcement to that effect was made yesterday from the office of the bursar. Students may pay their fees on September 7, personally, but if they do not intend to be in Lincoln by that date they should mail the fees immediately.

Not a large number of fall registration fees have as yet been received by the bursar. At the time of the registration last May it was generally understood, it is believed, that students would pay their fees during the regular registration week of September 8 to 13. That week is only for those who did not register last spring or who are entering the university for the first time.

The statement in regard to fees on the program of studies which was distributed last spring follows:

"Fees need not be paid until September, but may be paid either in person or by mail. Money must be received, however, by the bursar by September 7, otherwise your early registration is automatically cancelled and you must re-register".

### Late Fee For Re-Registration

Re-registration on account of failure to pay fees before September 7 will count the same as a late registration. Students whose schedules as made out last spring are cancelled because of failure to pay fees on time will be required to not only make out a new program of classes but will be charged, in addition to the regular incidental and laboratory fees, a late fee, which is usually \$3.

Changes in the registrations as made last spring may be made by students next fall only by paying a fee of \$1. Just what time changes may be made has not been definitely worked out by Miss Florence McGahey, registrar.

### WHERE THEY ARE WHAT THEY DO

Jack Graebing, captain-elect of the swimming team, is working on a Lake Michigan steamer. His address is Detroit, Mich.

Neil Phillips, captain of the 1922 Cornhusker swimming team, is a life saver at Camp Holiday, Milford, Ia.

Frank Adkins is going to summer school and giving swimming instruction at the Lincoln Y. M. C. A.

Tom Stryker is helping in the construction of a green house at Leeds, Mo.

Rose Hansen is at her home at Oakland, Nebr.

Charles F. Adams, Reid Tracey and Keith Catchpole are working in the Burlington shops at Plattsmouth, Neb. They left Lincoln last Sunday for Plattsmouth.

Professor and Mrs. E. H. Barbour have returned from a five weeks' trip to New England.

Professor William H. Paul, of the department of civil engineering is engaged in engineering construction for the Burlington railroad in Wyoming.

Fred W. Upton, head of the depart-

ment of chemistry, left last week with his family for Elbow Lake, Minn., where they will remain until the fall term of school commences.

### FOUNDATION FOR FRAERNITY ROW

(Continued from page 1)

house) and Sigma Phi Epsilon. At 330 North Fourteenth is located the Phi Alpha Delta house. A block away at Fourteenth and Q streets is the home of Alpha Chi Omega, and at 1319 Q that which was formerly the Sigma Phi Epsilon home.

What is almost certain to make Sixteenth and R streets the permanent nucleus of fraternity row is seen in the action of the Delta Chi and Alpha Sigma Phi fraternities in purchasing homes at 1600 R and 500 North Sixteenth streets respectively.

A fraternity row has long been urged. The university has many times discussed the possibility of establishing such a row. As the organizations have arranged themselves on R and Sixteenth street it would appear that the sororities would be likely to take over R street and the fraternities occupy Sixteenth street. One fraternity is said to own a lot on Sixteenth, which makes that more favorable.

### Five Sororities on R

With five sororities already living in houses facing R street, that avenue seems very possible to develop into a row for sororities. It is also on R street that the dormitories are located between Twelfth and Fourteenth streets.

Sigma Phi Epsilon is the only fraternity actually facing R street. It has rented the house formerly occupied by the Alpha Phi sorority. The Delta Tau Delta and Silver Lynx fraternities both own houses at Fourteenth and R streets, both of which face Fourteenth.

Three fraternities, Alpha Sigma Phi, Phi Kappa Psi and Sigma Chi, are actually located on Sixteenth street. Delta Chi is located at Sixteenth and R, their home facing south but bordering on Sixteenth. Phi Kappa Psi owns its house, as also do Alpha Sigma Phi and Delta Chi.

### Up to Regents

Action toward the securing of a permanent fraternity row would have to be taken by the board of regents. In the past there has been little trend toward a self centered location for all organization but each year sees more

of them located on R, Q or Sixteenth and Seventeenth streets.

Other schools have fraternity rows. Nebraska has been working under a tendency of fraternities to move farther away from the campus for the last two years. The sudden reversal of form on the part of the organizations in the purchasing and renting of houses in the immediate neighborhood of the campus makes it almost imperative that the university establish a fraternity row, not necessarily on R street but in the district between Fourteenth and Seventeenth and Q and S streets.
