

THE SUMMER NEBRASKAN

VOL. XXI. NO. 187.

LINCOLN, NEBRASKA, TUESDAY, AUGUST 15, 1922.

MEMORIAL IN ACTUAL SIGHT

Stadium Association Has \$115,000 in Subscriptions and Cash Now on Hand.

HOLD STUDENT DRIVE EARLY IN OCTOBER

Cornhuskers to Be Asked for Uniform Subscriptions—State Campaign Later.

The Memorial stadium is actually in sight.

With more than \$117,000 in subscriptions and cash now in the hands of the Memorial Association, actual construction of the first half of the structure will be started within a year.

A monstrous student drive is to be held in October. Every Cornhusker will be asked to contribute a uniform amount of \$25. That sum is the same as each senior subscribed last spring. It was settled by a committee of students. The money will be paid in five installments.

A state wide campaign is being planned for November. A field organization is now being perfected and subscriptions will be sought thruout Nebraska.

The total cost of the structure will be \$400,000. It will seat from 25,000 to 30,000 people.

The board of regents has agreed to the purchase of the necessary additional ground provided friends of the university subscribe the necessary money for the construction of the stadium.

The Alumni association has taken over the directorship of the stadium campaign. It now has all the records Continued on Page Four

FOOTBALL OUTLOOK ONLY ENCOURAGING

Lose Three, Possibly Four, of the Best Men of the 1921 Regulars.

Large Squad of Men Expected to Turn Out for First Day Practice September 15.

When Nebraska takes the field in its first football practice, September 15, Head Coach Fred T. Dawson will be confronted with a job of filling three important positions, possibly a fourth, with new men. The three holes are those left by the graduations of Captain Clarence Swanson, John Pucek and Floyd Wright. The fourth position held by Roy Lyman may have to be filled.

A score of letter men and a number of men from the freshmen team of last year will provide the nucleus from which Dawson will pick his team. The first game is scheduled for October 7 with the University of South Dakota here. By that time Dawson should have had time to give his men some strenuous workouts.

Nothing is to interfere with the daily practices. Starting September 15, the first date on which a coach in the Missouri Valley may take charge of his team, the squad will work hard every afternoon.

THOSE WE OWE THANKS

To the following students some of whom helped from time to time with reporting work, some of whom mailed in stories, some of whom helped with advertisers, and all of whom helped to make the Summer Nebraskan better than it otherwise could have been, we wish especially to extend our thanks. Others have helped, but these twelve are, we believe, deserving of special thanks.

C. F. Bowman, Blanche Clemens, Wesley Tonkinson, Marjorie Wyman, Monroe Gleason, Dwight McVicker, Gladys Mickel, Ethel Herman, Volta Torrey, Laura Rooney, Robert F. Craig, Howard Adamson.

JACK AUSTIN, Manager.
WILBUR PETERSON, Editor.

FRED T. DAWSON

Dean of men, director of athletics and head coach of football, will start molding his team of 1922 Cornhuskers September 15.

FRESHMEN HAVE ROYAL WELCOME

Iron Sphinx Plan to Give Incoming Men a Rousing Reception This Fall.

Rallies on September 18 and 19 and Big Barbecue on 22nd the Program.

Incoming Nebraska freshmen men will not be given a cold shoulder when they enter the university in September. Plans are now practically completed whereby the Iron Sphinx, sophomore men's society, will give the new men a rousing reception.

The welcome will last a week. Starting Monday, September 18, the reception will run five full days ending in a grand barbecue lunch on Nebraska field Friday evening.

The start of the five day program will be made in a rally for sophomore men in the armory Monday noon. At that time Chancellor Samuel Avery, Dean of Men Dawson, Captain "Chick" Hartley and Harold Holtz, alumni secretary, will give short talks. The varsity cheer leaders will be present to lead the men in Cornhusker songs and yells.

Tags For All Men

The purpose of the meeting will be to distribute tags to all the second year men. The tags will be printed on heavy red paper and will bear a picture of an ear of corn and a place to write the name. These tags will be worn for the rest of the week by the sophomore men so as to help them in becoming acquainted with each other and with the incoming freshmen.

On Tuesday, a rally for the freshmen will be held. The same program of speakers will be had and tags printed on green paper with the same face will be given each man. The freshmen will be asked to wear these tags and to speak to other men on the campus wearing tags whether red or green whenever they have the opportunity.

Then as a grand finale to the week's program, a barbecue lunch will be held on athletic field Friday. During lunch some musical numbers and other entertaining stunts will be put on for the men present. Tickets to the big meal will be sold by all members of Iron Sphinx throughout the week.

A Real Barbecue

The barbecue lunch will consist of barbecued meat sandwiches, coffee, doughnuts and ice cream. The lunch will probably be sold for 50 cents, although definite figures have not yet been received.

The meat will be barbecued by an experienced barbecuist. He will do the work on the athletic field starting Thursday evening. The members of Iron Sphinx will serve the lunch.

The plan as outlined has been enthusiastically received by Chancellor Avery, Coach Dawson and Mr. Holtz. It was on a suggestion from the alumni secretary that the barbecue lunch was planned. It was formerly suggested that a box lunch be served on the campus, but the reception given the announcement that a barbecue lunch might be held was so great that the latter course was followed.

MANAGERS FOR ALL ATHLETICS

University to Adopt Plan of Having a Student in Charge of Each Sport.

SPORTS ARRANGED INTO SIX GROUPS

Each to Have Senior Manager, Junior Assistant and Sophomore Candidates.

Student managers for all sports at the University of Nebraska are to be instituted this fall. Announcement to that effect has been made by Director of Athletics Fred T. Dawson and J. K. Selleck, agent of student activities.

The plan calls for six groups of managers, one each in football, basketball, baseball and track, one group to act for cross country, wrestling and heavy gymnastics and another group for swimming, golf and tennis.

Each group of managers is composed of a senior manager, junior assistant and sophomore candidates. There are limitless numbers of sophomore candidates, as many second year men as wish to try out for junior assistant being eligible to that position. There is one senior manager and one junior assistant in each sport. No Seniors This Year

This year there will be no senior managers. Senior managers are advanced from junior assistants provided they have done their work satisfactorily. It is at the end of the junior year that the "N" is awarded and no further award of any kind is made. The junior assistant is picked from the group of sophomore candidates.

The selection of managers will be made by a board of control com-

MANY CHANGES IN ADMINISTRATION

Students Returning in September Will Find New Faces in Several Offices.

Selleck Succeeds Chadderdon—Dawson Takes Engberg's Duties as Dean of Men.

University students returning for the school year 1922-23 will take their various troubles to new offices and heads. A number of changes in the university administration have been made during the summer or will be made September 1.

The most notable of these changes is the appointment of Fred T. Dawson, head coach of football and director of athletics, as dean of men. Dawson will be the dean of men at the university, taking over that position from Executive Dean Carl C. Engberg, who will assume the duties of provost.

Dawson will be assisted in the office by J. K. Selleck, agent student activities, and by Herbert Gish, '22.

(Continued on page 3)

"Silver Moon" is Beautiful Fountain and Lunch Room for Nebraska Students

Est in the "Silver Moon." Such will be the sign which university students returning in September will see in the Daily Nebraskan and in what used to be the College Book store, fountain and lunch room.

But a spectacular sight will greet the students when they pass the threshold of the old lunch room. They will behold a magnificently beautiful fountain, candy case, service tables and, best of all, private individual booths.

Immediately following the close of the summer session, the book store fountain will close while a new 20-foot silver gray marble one is installed. The soda dispenser will occupy the east side of the room. A back wall to match the fountain will be installed.

On the west side, front, the candy case which now rests there, will be displaced by a 10-foot silver gray case. Another back wall of silver gray will be placed there, similar to the one which will be behind the soda fountain.

FEES DUE ON SEPTEMBER 7

Students Who Registered Last Spring Must Send Money to Bursar by That Date.

Failure to Receive Fees Will Mean Automatic Cancellation of Registration.

Students must pay their fees by September 7.

Such is the announcement as given by the bursar's office. All those students who registered during the week of May 15 to 20 last spring must have sent in their money to the bursar by that date. Otherwise their registration will be cancelled; they will be forced to re-register.

Students must pay their fees either in person or by mail. Which ever way they do it, the money must be received by the university before September 7. Each student was told what his fees would be when he registered last spring, but few were told that they must pay them by September 7.

Not a large number of the fees have been paid as yet. Most students were under the impression last spring, it is believed, that their fees would be paid during the general registration week September 8 to 13. That is only for new students, however, and last year students must send their money in before the 7th if they wish to avoid going to the trouble of again making out schedules of classes.

Re-registration Costs Nothing

According to word given out by the registrar's office, students whose registrations of last spring are cancelled will not be forced to pay a late fee because they failed to send their money into the bursar's office by September 7. They will only be required (Continued on page 3)

REGISTRATION OUTLOOK BRIGHT

2,500 Last Year Students and Some 500 Freshmen Already Enrolled.

More Than 6,500 Attended University During the School Year 1921-22.

Registration for the school year 1922-23 is considerably brighter than that of the last year. Such is the indication as now presented in the office of the registrar.

Some 2,500 of the 1921-22 students registered for the coming semester during the spring registration last May. Some 500 freshmen have already sent in their credentials as intending to enter the university this fall.

While but 3,000 students are so far actually in sight, the freshman class is expected to number close to 2,000. At least a thousand other students not already enrolled are expected to register early this fall making a total registration of 5,500.

(Continued on page 4)

HAROLD "CHICK" HARTLEY, senior law, is the captain of the 1922 Cornhuskers. "Chick" has been attending summer school. His home is at Harvard.

FRATERNITIES IN NEW HOMES

Five Sororities and Eight Fraternities to Have Different Chapter Houses.

Two Fraternities Buy Homes on Sixteenth—Three Others Purchase Houses.

Changes in the locations of chapter houses of at least eight fraternities and five sororities will be effective September 1. Some of the changes were made last spring, but the majority of them will not be executed until this fall.

Five fraternities have purchased homes of their own within the last year. Farm House fraternity has moved into the house at Twenty-sixth and O streets which it bought last winter. Bushnell Guild has moved into its new home at Twelfth and D streets. Acacia is located in its home at Fifteenth and H streets. The latter change was made a short time before school closed last spring.

Two fraternities have purchased homes on Sixteenth street. The announcements of the purchases have been made this summer. Alpha Sigma Phi is now owner of the house at 500 North Sixteenth street, formerly the home of Alpha Omicron Pi. Delta Chi has purchased the house on the corner of Sixteenth and R streets.

One new fraternity, Zeta Beta Tau, Jewish, which was installed at Nebraska last spring, will be present. Their chapter home is expected to be at 1500 Q street.

Sorority Changes

The sororities which will be located in new chapter houses are Alpha Omicron Pi, Chi Omega, Achuth, Eappa Kappa Gamma and Alpha Phi. The Alpha O's have taken over the lease on the Alpha Sigma Phi house at 1620 R street, the Chi Omegas will move into the Delta Chi house at 1610 R street, the Achuths have moved into the former Acacia home at 1325 R street, the Kappa Kappa Gammas have leased the newly built fraternity home on North Sixteenth, between R and S, for a period of three years, and the Alpha Phis will live in the house at Twentieth and D streets, formerly the Whitton-Carlisle school.

The three fraternities which have rented new homes are Sigma Phi Epsilon, Delta Sigma Delta and Phi Tau Epsilon. The Sig Eps will live in the house at 1237 R street, formerly the chapter home of Alpha Phi. The Delta Sigma Delta lease on the house at 461 North Twenty-fifth street was good for only the three months previous to the close of school and the dental fraternity will be located in a new home. Where they will move has not been learned, none of the dentists in Lincoln knowing where the new home will be. The Phi Tau Epsilons have rented the house at 1845 F street and will move there from their former home at 1341 F.

FORMER SECRETARY PUBLICITY CHAIRMAN

Mrs. C. A. Sorenson, who before her marriage was Miss Annis Chalkin, secretary of the Alumni Association, has been elected chairman of the publicity committee of the Nebraska bulletin, "League of Women Voters". This is a new publication for furthering the cause of women in political campaigns.

COLLECT MONEY AS TICKETS SOLD

No Time Payments on 1922 Season Athletic Books—Must Pay Cash When Buying.

BUTTONS WITH BOOKS TO IDENTIFY BUYERS

General Campaign to Be Held September 14 and 15—Freshmen During Registration.

Seven dollars and fifty cents, spot cash and with no possible rebates, is the price which will be demanded for every one of the 1922-23 student season athletic tickets to be sold early this fall. No time payments will be accepted, the full price being demanded before any books will be delivered.

Decision to that effect has been made by J. K. Selleck, agent of student activities, and Fred T. Dawson, director of athletics. Mr. Selleck will have direct charge of the sales campaign.

Throughout the registration week of September 8 to 13, a systematic campaign will be conducted in the armory to sell the tickets to the freshmen and the few other students who register at that time. Buttons, of scarlet and cream and bearing an "N" will be given with each book sold. The purchasers will wear these buttons as a defensive measure against further solicitation.

General Campaign Sept. 14-15.

The general campaign among those students who registered last spring and therefore would not go through the registration lines will be held on September 14 and 15. Booths will be placed in each of the colleges which is sufficiently organized and men left in charge of them at all times. A general university booth will be placed near U hall.

On these two days, every student who does not wear a button will be given no peace. Each time he passes a booth some energetic salesman will (Continued on Page Two)

ADVANCED CADETS HAVE NEW SUITS

Men in Higher Courses to Be Equipped With Uniforms of Distinctive Type.

Similar to Those of West Point Cadets—About Eighty to Be Issued.

New uniforms, a distinct departure from the drab of the past, are to be issued to University of Nebraska students taking advanced courses in the R. O. T. C. next semester, according to Colonel American Mitchell. The new uniforms are very like those of the West Point cadets, the color, Col. Mitchell believes, being a little more blue than the academy suits.

About eighty men will be given the suits, which are a departure, not only in color, but in design from the uniforms of the past. The new suits have a coat which is very similar to an ordinary civilian suit coat. It has a Norfolk effect with large pockets (Continued on page 3)

SUMMER NEBRASKAN HAS GOOD SEASON

To those students of the summer school who have helped in the publication of the Summer Nebraskan we are gratefully thankful.

To those students of the winter school who have contributed personals and interesting articles we also extend our thanks.

To the members of the university faculty who have helped with the summer paper, we are duly grateful.

To all others, to our advertisers, who have made the paper possible, we extend our thanks.

To all we bid good bye for this summer. With this issue, 1922 publication of a Summer Nebraskan ends. We only hope it has been successful from our readers' standpoint.

Sincerely,
JACK AUSTIN, Manager.
WILBUR PETERSON, Editor.
