Professor Fogg is Head of Publicity

Beginning September 1, all details not otherwise provided for in the way of journalism and publicity are to be under the general direction of Professor M. M. Fogg. Professor Fogg is also to be the chief adviser of students taking newspaper work and sponsor of the journalistic societies of the university. This appointment does not relieve other university officials, the editor, Agricultural Editor and others of any of their duties. It applies particularly to university news-gathering and publicity and to students of journalism.

MAJOR SIDNEY ERICKSON
Major Erickson has been appointed the acting commandant of the department of Military Sciences and Tactics in the University of Nebraska. The appointment will be in force until a Colonel is sent from the headquarters in Washington, D. C., to take charge of the R. O. T. C. corps in Nebraska university.

Freshmen Must Be Sure to Get Their Emerald Headgear

As usual, the freshmen will wear the grass-colored hats. Definite plans for the wearing of the green caps by the freshmen will be announced late in the week. Magee's clothing company will again give away the caps.

The wearing of the Irish caps by the first year men is a firmly established tradition. Every freshman in the university will have one of the caps on display between the hours of 8 a. m. and 6 p. m., on every school day. It is rumored that plans are already on foot among the upper classes to enforce more rigidly than ever the tradition.

SELL NEBRASKAN ON THE CAMPUS ALL THIS WEEK

Pretty Co-eds Handle the Subscription Books and Many Students Are Subscribing.

SEVEN COLUMNS IN PAPER

Tags Are Given to Subscribers—Prizes for Organizations Selling the Most Subscription.

Subscriptions for the Daily Nebraskan are now being taken in a campaign which will last until Monday. An increase of twenty-five per cent in subscriptions is expected on account of the increased size of the paper and the changes in administration.

With a subscription list of 2500, the Nebraskan expects to break all records for circulation. The plan is to sell the paper for \$2.00 for the entire year, thus saving each student fifty cents over the price of \$1.25 per semester. Booths on the campus will be open every day till Monday and pretty co-eds have been engaged to pass out the tags which tell that the student has subscribed for the Nebraskan, otherwise known as the "Rag".

Good Results This Week

The campaign on the campus during the past few days in registration line in the west end of the armory has brought in a large number of subscriptions. With the first issue this morning, the number of subscriptions is expected to take a decided spurt.

The campaigns in the fraternity and sorority houses will be carried on.

Student Manager Applications Should Be Turned in This Week

Applications for the positions of student managers of athletics are now being received at the office of the agent of student activities in the armory. Announcement of the selection of the football student manager is expected within a short time. The other managers will probably not be chosen for some time but applications should be sent in at once.

This is the first year that student managers have been selected at Nebraska. The plan calls for the choice of one junior for each of the following sports: Football, basketball, track, baseball, the group of cross country, wrestling and heavy gymnastics, and the group of swimming, golf and tennis. This student manager will have charge of the equipment and other details of administration. The reward for a successful year work as student manager is the presenting of an "N" in the sport managed.

Many Sophomores

There will be several sophomore candidates for each sport named above. These sophomores will work under the direction of the junior manager and will be subject to the head of the department of athletics, as will the junior managers. At the end of the season they will be considered and the most worthy one chosen for the position of junior manager in that respective sport.

After the plan has been in operation for a year it is expected that the junior managers will automatically become the senior managers and as such will receive all the trips which the team makes and will possibly have charge of the making of schedules. No salary is given for any of the positions in connection with the student manager proposition.

The plan has worked successfully at many institutions larger than Nebraska. Application blanks may be secured at the student activities office at any time.

Following is the complete plan as announced by the director of athletics:

Section 1.—Each major sport shall have a senior student manager, a junior assistant manager, and sophomore candidates. For all minor sports there shall be only two managers, assistant and candidate to act for cross country, wrestling and heavy gymnastics and one to act for swimming, golfing and tennis.

Section 2.—The board of control of student managers to be composed of director of athletics, coach of the in-

dividual sport manager of the individual sport, faculty representative to Missouri Valley conference and business assistant to director of athletics.

Section 3.—The board of control of student managers shall choose from among the sophomore candidates one man to be made assistant manager during his senior year, this man to become automatically manager during his junior year. The official varsity "N" in that sport shall be awarded to him at the end of the junior year.

Section 4.—No sophomore shall be a candidate in more than one sport.

Section 5.—All sophomore candidates as well as assistant managers and managers shall be governed by the same eligibility rules as athletes. Once a man becomes ineligible, according to these rules, he forfeits his rights of ever re-assuming his duties.

Section 6.—Notice of filing of applications for junior assistant manager of each sport will be published one week before the election of said junior assistant manager. Applications must be on blank forms furnished by director of athletics.

Section 7.—At the time the board of control of student managers chooses the assistant manager, they shall also choose a second man who shall replace the assistant manager should he for any reason fail to handle his work satisfactorily, this man to be known as the junior alternate.

Section 8.—Should the manager for any reason not return to school his senior year or become ineligible the assistant manager shall assume his duties although he shall maintain the position of assistant manager. In this case the assistant manager is under the direct orders of the athletic director and his business assistant.

Section 9.—Only the manager and assistant managers shall be admitted to games free of charge.

Section 10.—The board of control of student managers shall have the power to remove a manager from office at any time, provided a three-fifths vote of the entire board is cast in favor of the action.

Section 11.—Student athletic manager with the exception of the privilege to vote on captains, other than in the case of a tie vote, shall be entitled to the privileges accorded the wearers of the athletic "N."

Nebraskan Reporters Needed

Students wishing to report for the Daily Nebraskan during the coming semester should see the Managing Editor as soon as possible at the Daily Nebraskan office in the southwest corner of the basement of the Administration building. Regular office hours are from 3 to 6 on Monday, Tuesday, Wednesday, Thursday and Saturday.

Upperclassmen with previous experience on college, high school or city newspapers are especially urged to enter this form of student activity.

Nebraskan in New Office With Staff Already on the Job

The Daily Nebraskan business and editorial offices are now located in the southwest corner of the basement of the Administration building in the office formerly occupied by the agent of student activities.

The change was made two weeks before the opening of school in accordance with the move to have all university student publications located in the same building. The Cornhusker Nebraska annual, and the Awgwan, monthly comic, are located across the hall from the Nebraskan. A move is on foot to have the office of the Blue Print, publication of the College of Engineering, moved into the Administration building.

New Equipment

New equipment has been installed in the Nebraskan office and will be used to put out the daily in a bigger form than ever. Seven columns will be the size of the sheet, making it the largest ever published at Nebraska. The contract for the coming year has been let to the Klins Publishing Company of Lincoln. This company did the printing last year and is familiar with the workings of the paper.

A larger staff than ever before is needed to put out the paper on account of the increase in size. Applicants for the position of reporter on the Nebraskan should see the managing editor at the Nebraskan office. His regular office hours are 3-6 on Monday, Tuesday, Wednesday, Thursday and Saturday but during the first week, he will be in the office most of the time.

Experienced Staff

The staff for the coming semester as chosen by the student publications board is made up of, Belle Farnam, editor; Herbert Brownell Jr., managing editor; Majorie Wyman, associate editor; Edward Rick and Robert F. Craig, night editors. Another night editor was elected but may not be able to serve. All of the editors have had experience on the Nebraskan and have worked up on the staff.

The business staff follows: Chauncey Kinsey, business manager; Clifford Hicks, assistant business manager; Frank Frye, circulation manager.

Morgue Established

A feature introduced in the editorial office of the paper is the establishment of a "morgue" or a gallery of pictures of prominent students and faculty members ready for insertion in the paper. At present the morgue contains about one hundred and twenty-five cuts and is being added to all the time.

Announcement has been made that appointments as department editors will not be made for about two weeks.

Vesper Choir Issues Call For Singers

Can you sing? Do you like to? Don't you want to every Tuesday night at the Y. M. C. A. Vespers.

If you are one of the girls who are interested in vocal music, watch the Daily Nebraskan for a notice of the time and place for the try-outs, which will be scheduled very soon. And when you find it—keep that date, if you break your neck to do it.

The Vesper Choir is one of the best places for freshmen and new students to get acquainted and make friends. Perhaps you will be one of the seventeen high tenors, thirteen sopranos, and eleven altoes who are needed in the Vesper Choir.

Classes for the first semester will start at eight o'clock Thursday morning September 14. In the first two days of class-work all classes will meet so that by Monday it is expected that the schedule will be running smoothly.

SEASON TICKET DRIVE SET FOR COMING MONDAY

Goal of Three Thousand Books is Made by the Committee in Charge of Drive

PAYMENT PLAN ABOLISHED

Tickets will Admit Students to Every Athletic Event During Entire Year

That "more than three thousand student season athletic tickets MUST be sold" during the three day ticket sale drive which begins on the Nebraska campus next Monday morning, is the decree of J. K. Selleck, the agent of Cornhusker student activities. This means that students are going to part with seven dollars and a half next Monday to purchase their admittance to every athletic contest to be staged by the University of Nebraska during the entire year.

Under the leadership of Ray Striker, the business manager of the 1922 Cornhusker and a member of the innocents society, a full corps of student workers will be posted on the campus early Monday to open the ticket sale. The tickets selling teams have but three days in which to dispose of more than three thousand pasteboards and during this time every student in the university will be canvassed.

Includes Many Features.

The sale of tickets this year will include the same privileges as was

SHOWS DECIDED IMPROVEMENT IN STUDENT GRADES

Bushnell Guild and Kappa Delta Lead in Report of Second Semester

A. T. O. WINS HAINER CUP

Alpha Chi Omega Has No Conditions, Failures or Delinquents in Second Term

High spots in the scholarship report for the second semester of 1921-22:

Alpha Tau Omega wins the Hainer scholarship cup for the year.

Bushnell Guild leads the fraternities.

Kappa Delta leads the sororities.

Lambda Chi Alpha and Delta Upsilon are the highest national frats.

Alpha Chi Omega had no conditions, failures or delinquents in the second semester.

Non-fraternity men have a higher average than fraternity men.

Non-sorority women have a higher average than sorority women.

Fraternity men, non-fraternity men and non-sorority women raised their averages from the first semester.

Union leads the literary societies.

Dormitory at 423 No. 13th leads the dormitories and had no delinquents, conditions or failures all year.

Higher scholarship averages for both men and women than during the first semester are shown in the official report of the scholarship of University students for the second semester of 1921-22.

Alpha Tau Omega wins the Hainer scholarship cup for the national fraternity maintaining the highest average for the entire year. Bushnell Guild displaces Farm House as leader of the fraternity list, and Kappa Delta passed Phi Mu in the sorority race.

System Explained.

The method by which various standings are determined is as follows:

The total number of hours carried by the members of an organization is determined from the records in the offices of the registrar and executive dean. The number of hours in which a grade of from 90 to 100 is made by the members is next figured and the percentage to the total number of hours is figured.

Similarly, the percentage of the number of hours from 80 to 90, from 70 to 80, from 60 to 70, and the incompletes, conditions, failures and delinquents are figured. Then, taking this percentage, each is multiplied as follows:

- 90 to 100, by 4.
- 80 to 90, by 3.
- 70 to 80, by 2.
- 60 to 70, by 1.
- Incompletes, by -1.
- Conditions, by -2.
- Failures, by -3.
- Delinquents, by -3.

It is these figures which are added and make up the figure which appears in the column of the report marked "index."

The column headed "C.F.D." denotes the percentage of each organization which received conditions or failures or else had delinquent work.

The complete record of each member of the organizations in the report is on file in the office of the executive dean. It is a noticeable feature of the report that almost all of the organizations which lead in scholarship during the first semester of the past year fell down on their averages for the second term.

Regents Order New Budget for Biennium

Preparation of a budget for the biennium was ordered by the board of regents at its last meeting held in the office of Chancellor Avery. The report will be presented by L. E. Gunderson, barman and finance secretary of the board of regents in cooperation with the deans of the colleges.
