Clifford M. Hicks, Asst. Business Manager. Frank E. Fry, Circulation Manager.

Night Editor for this issue, EDWARD M. BUCK.

Howard Buffett, Assistant Night Editor.

NEBRASKA WON

Yes, Nebraska won. The opening game was a real starter for the season. The football team performed in a way which made us all proud.

W. S. G. A.

The one organization for women on the campus to which all women belong will begin a drive for active members this week.

One reason why every woman student should become active in W. S. G. A. is that she will have voting privileges which give her power in making the rules under which she lives.

A second reason is that she will make it possible to carry out the extensive program of the W. S. G. A. As well as making the rules under which women students live, the W. S. G. A. sponsors numerous women's activities.

A third reason why it is important to become an active member of W. S. G. A. is so that there will be a large student loan fund.

Every woman student is a member of W. S. G. A. Every member should be a voting member.

HANDICAP OR ASSET?

Of the ever-plentiful supply of advice that is dumped at the door of the freshman every fall, but few things are more worth remembering from the conglomerate mass than the fact that some time should be devoted to study.

While this would have been taken for granted once, several pieces of propaganda have made it a doubted fact in the minds of a good many college students and others alike.

There are extremists on both sides of the question. Some decry everything that takes any time from poring over books while there are as many others who want college "life" only.

The Student believes every man and woman in college should engage in activities outside of the classroom. Nobody has much respect for a book worm and he hasn't much coming.

There is altogether too much unfounded belief, however, that scholarship is a relatively unimportant or even harmful commodity. So-called hard-headed business men as well as some students discount a high grade average and the man that holds it.

In 1911 Dr. Paul VanDyke collected some facts that prove that rather than marking a man for failure, high scholarship increases his chances of success in the ratio of 20 to 1 over the average student.

Studying thirteen successive senior classes from Harvard, numbering 3,229 men, 75 had won the very highest scholarship honors.

At Yale 20 senior classes numbered 1,132, with 102 first honor men, of whom the 50 living in 1911 furnished 31 to Who's Who.

Who's Who.

Princeton's seniors for 20 years included 100 honor men and of the 76 living 29 were chosen.

Summarizing: Dr. Van Dyke found that of the four per cent that had distinguished themselves by scholarship one of every two and two-thirds of the number were included in the book, though 79 were too young to have had a fair chance to distinguish.

The freshman has a new job in store; that is dividing his time rightly. Those who fail to remember that first of all they are here to learn something go home before long.

On books also make a serious mistake. The thing to remember is that school work is still the primary thing, though after he or she is able every man and woman can well afford to engage in some worthwhile activity.

U-NOTICE

(Notice of general interest will be printed in this column for two consecutive days. Copy should be in the Nebraskan office by five o'clock.)

Museum Notes

Mr. I. A. Fendrich of Dunlap, Dawes county, has sent to the Nebraska state museum a large molar tooth of Elephas Jeffersoni. The tooth weighs fifteen pounds and is fifteen inches in length.

The largest turtle known to have been captured in this state was sent by Harold J. Cook of Agate, Nebraska, several years ago to the museum and has been on exhibition at Antelope park. This creature died recently and a taxidermist is now at work mounting it properly for the museum.

Prof. C. A. Bengston who has been absent on leave, returned from South America where he has had wide experience in exploring the country for a large petroleum firm. He resumed his duties in the class room Monday.

EVERYBODY'S MAIL

I cannot understand just why I have not received any communications from you. You remember I wrote to you and said that you should write to me. All you have to do is just address the letter to Miss Chat-terbox, Daily Nebraskan, Lincoln.

Oh say, I saw the stunningest new long skirt today, and it was on a girl who was a perfect flapper last year. She looked so dignified in this new style skirt. Of course, she still has bobbed hair, but I give her, say, about two months, to allow her hair to grow long and arrange it in the new vogueish "do".

Well, I guess I had better close for now. I hope that I will hear from you real soon and I will try to show my appreciation by answering very promptly.

Personals

Fred A. Hobar, '21 of Pampa, Tex., spent several days of last week at the Farm House.

Mrs. Earle Cowden, '18, is a guest at the Chi Omega house this week-end.

Mr. and Mrs. W. E. Felton of York, Neb., visited their daughter, Jean, this week end.

Mr. Otto Kummer of Columbus, visited his daughter, Helen, this week end.

Mrs. C. H. Randall of Randolph, was a guest at the Phi Mu house Friday night.

Mr. and Mrs. Bilby of Fairbury, visited their daughter, Eloise, at the Phi Mu house Thursday.

Dr. Merritt Pederson, '22, is now practicing dentistry in Lincoln, with Dr. D. J. Bowman, at 27th and R streets.

Mrs. J. E. Parish spent the week end at the Kappa Kappa Gamma house with her daughter Margaret.

SUGAR-COATED PILLS OF WISDOM

By Aesop, Jr. The Two Explorers. Picking good friends is a process queer; you can't land them with gun nor spear.

A go-getter, far from slow, is the hardy Eskimo. Observe your landing placed before you anchor.

'Tis better to have travelled and never tarried than never to have travelled at all.

Trouble and adversity are the time tests of friendship—tells "The Two Explorers" adventure of "Aesop's Film Fables."

Green explorers in a balloon often fall to earth quite soon.

It's an ill wind that causes a draft. All are not cold who shiver.
