

STADIUM DRIVE SLUMPS

ONLY 2,200 STUDENTS HAND IN PLEDGES

BIG CAMPAIGN AMONG STUDENTS FOR MEMORIAL FUNDS IS DISAPPOINTING

STADIUM DRIVE DEMANDS YOUR FULL SUPPORT

Students Cannot Afford to Fall Down Now on Gigantic Campaign.

NO EXCUSE FOR FAILURE

Standing of University Will Be Lowered If Cornhuskers Fail This Week.

What will your diploma be worth? You came to the University of Nebraska—WHY? Why did you not pick a college of two hundred students with facilities one tenth those of Nebraska—WHY?

Because you knew that a diploma from the University of Nebraska would admit you to opportunities you could not hope to secure with one from a small institution. Because you wanted to capitalize your education at Nebraska and increase your earning power and prestige.

The value of your diploma from the University of Nebraska will depend entirely on the rating of the University of Nebraska at the time you wish to use your diploma. If the student body of your University has a reputation for failures you may discount the value of your diploma by that amount.

The failure of the University of Nebraska to build this stadium will actually cost you more in earning power than you will subscribe. The value of your diploma depends entirely on what you make of your University life you are going to be in competition with students from institutions which have a record of accomplishment.

Your diploma is valueless unless you can be proud of the institution which grants it. You cannot possibly be proud of your University unless she maintains her reputations among other Universities and colleges.

Are you going to be ashamed to show your diploma?

Will There Be a Stadium. You may take it for an absolute fact that there will not be a stadium at the University of Nebraska unless Nebraska's student body awakens. Nebraska will never have a stadium unless five thousand students and not twenty-two hundred build it.

Unless Nebraska's student body raises in subscriptions ninety thousand dollars there will be no stadium. Do not fool yourself that the Alumni or somebody else are going to build it. The Alumni will do their share but they will not do yours. The Alumni will raise three hundred twenty thousand dollars if you raise your quota of ninety thousand.

Is One Unit Enough for You? Must Nebraska go without a stadium? Do you realize that a failure of this student campaign will mean no stadium for Nebraska?

In other words if you knew that we were to have "NO STADIUM" if we do not raise ninety thousand dollars among ourselves could you not find a way of raising your pledge whatever it is?

The quota of ninety thousand dollars for the students is but half reached and the campaign half over. We cannot, we must not fail! The whole country would echo with it! Kansas in a day pledged twice what we have in a week.

(Continued on Page Four.)

Commercial Club. Mr. Selleck of the Lincoln State bank will talk to the University Commercial Club at 11 o'clock Thursday morning in Room 303, Social Science Hall. The talk will cover financial conditions as he found them in his trip to Europe this summer.

Student Democratic Club Challenges the Republican Students

The officers of the Hitchcock-Bryan Club of the University have made public the following letter which has been mailed to the Secretary of the Republican Club:

Lincoln, Nebr., October 17, 1922. Mr. Robert F. Craik, Secretary Republican Club, Lincoln, Nebr.

I am instructed by the Hitchcock-Bryan Club to challenge your club to a debate upon the issues of the campaign; details of arrangement to be made by a joint committee of the two clubs immediately upon acceptance of this challenge.

Signed, RALPH ZIMMERMAN, Secretary Hitchcock Bryan Club, 1127 F street, Phone 19445.

TRYSON IS CHOSEN ASSISTANT MANAGER

Kenneth Cozier Is Chosen As Alternate in Football at Board Meeting.

Jim Tyson was chosen junior assistant manager in football at a meeting of the board held yesterday afternoon. Kenneth Cozier was selected as alternate. Tyson is president of the University Commercial club. He is in the business administration college. He is a member of Beta Theta Pi.

The board that chose the assistant manager was made up of the following men: Fred T. Dawson, director of athletics and coach of football; Dr. Lees, chairman of the eligibility committee; Professor R. D. Scott, Missouri Valley Conference Faculty representative; Captain Chick Hartley, acting as senior manager; and Herbert Gish, in charge of the student manager system.

Director of athletics instituted the student manager system at Nebraska this year. This system has long been in vogue in a majority of the eastern schools and the schools on the western coast, but Nebraska is the first school in the valley to adopt this system. The student manager has full charge of all the equipment, and acts as a business manager for the football team.

The alternate will take over the duties of the assistant manager if at any time the assistant manager has to drop the work. The alternate will also become senior manager if for any reason the junior assistant does not return to school his senior year.

A number of sophomores are needed immediately to take the places of the unsuccessful candidates for junior assistant. Any sophomore who wishes to compete for the place of the junior assistant should apply at the Athletic office at once. A sophomore candidate who is unsuccessful in one sport can apply in a second sport. The sophomore candidates can tryout for the place in two sports.

Nebraska Volunteer Leaders Meet Here

The fall leaders' conference of the Student Volunteers of Nebraska will meet on October 21st and the 22nd at the City Y. M. C. A. building in Lincoln. The first session will convene at 10:30 Saturday morning. The delegates to the convention are prospective missionaries from the various colleges throughout the state.

The Student Volunteer movement was begun thirty-five years ago. Since that time eight thousand student volunteers have sailed as missionaries to foreign lands. Over fifty of this number have been members of the local group at the University of Nebraska.

Millon T. Stauffer of New York will be the main speaker at the conference. Mr. Stauffer is at present the educational secretary of the Student Volunteer movement. He spent two years in China collecting data to be put into the report on Christian Occupation in China and is one of the best authorities in the United States on social and economic conditions of China.

MONSTER RALLY NIGHT BEFORE MISSOURI GAME

Huge Bonfire and Parade for Student Body Friday Evening on the Campus.

GREET "SHOW-ME" SQUAD

Celebration Also to Serve As Send-Off for Huskers' on Three Weeks Trip.

A bonfire and parade by the entire student body will feature the largest football rally of the year, which will be held Friday night. The rally will start at 7:30 with a bonfire on the drill ground just north of Social Science hall, where a pep meeting with cheers, speeches, and music by the band will open the program.

After the bonfire the entire student body will parade through the business district to the Lincoln hotel, where it will greet the Missouri team and hear a talk by the Missouri captain.

A committee from the Innocents, Kay Stryker, chairman, is in charge of this meeting. The committee hopes for a large attendance, as this rally comes the night before Homecoming, and will be the largest rally this year. It is not only to be a send-off for the team in the Missouri game but also to serve as a send-off for the three-weeks' trip the team is to make to Oklahoma, Syracuse, and Kansas after the Missouri game. The rally will not last long enough to interfere with any plans students may have for the evening and the Innocents hope that every University man and woman will be present. The rally will be a climax to the Stadium campaign and will indicate to the alumni the school spirit of the student body.

"Every loyal Cornhusker should be there," declared the chairman of the committee, "because it is the largest rally of the year and because it is the night before Homecoming we hope to get every one out. Freshmen and sophomores especially, should come out to this rally to show their spirit."

Dental Association Elects New Officers

At the first meeting of the Dental Students' Association the following Officers were elected to serve this semester:

President, L. J. Machev. Vice-president, Carl Whitney. Secretary-treasurer, Leon Sayles. Cheer-leader, S. P. Vall.

This organization of Dents and Pre-dents, which has been functioning on the campus for three or four years, is planning an extensive scheme of mixers to bring the members of these classes into closer association. During the year there will be monthly dinners and smokers. Prominent dentists and local business men will be invited to address these meetings and there will be entertainment by local and professional vaudeville artists.

Miss Albee Crawford, '21, who is teaching in Wilsonville this year, visited friends in the Botany department recently. She is teaching Botany and History in Wilsonville.

ENGINEERS' CONVOCATION.

A peppy Engineering convocation will be held Thursday, October 19, at eleven o'clock in Memorial hall. Every engineer is expected to be there. Let's see Who's Who on the Campus.

Engineering classes will be dismissed and absence of engineers from other classes will be excused.

O. J. FERGUSON, Dean.

One Hundred Apply For Positions On Cornhusker Staff

More than one hundred applications have been received for positions on the editorial and business staffs of the 1923 Cornhusker. The appointments will be announced as soon as the necessary checking can be done.

In the near future ballot boxes will be placed on the campus to hold suggestions for a catchy name for the 1923 year-book. This name is to take the place of the one adopted by the staff of the 1922 annual—'Everybody's Cornhusker'. The elected staff is emphasizing the need for co-operation by the entire student body in order to make the book a truly representative volume.

CORNCOBBS PLANNING STUNTS FOR FUTURE

Will Fill Up Membership and Launch Campaign of Entertainment for Season.

The Corncoobs are planning many worthy and entertaining stunts for the remaining football games, also for the basketball and baseball games later in the year. At a meeting Tuesday evening at the Sigma Chi house it was decided that each fraternity should send two men to represent it at another important special meeting of the Corncoob organization Thursday night at the Sigma Chi house. The organization will also pick one non-fraternity man from each college.

The Corncoobs were organized last year as an effective way of maintaining pep at football games, after a delegation accompanying the Oklahoma team had demonstrated what such an organization can do. They appeared at all the latter games last year.

At the meeting Tuesday a member of the Student Council appeared and urged the men to make their organization permanent. Favorable action on this suggestion was taken and it is probable that the Corncoobs will be on hand to function at all important athletic events in the future. The men will appear on the field Saturday and in the downtown parade preceding the game, wearing their white trousers, red sweaters, and skull caps, also smoking the conventional corncoob pipes.

Each fraternity is especially urged to have two men present at the meeting Thursday night at the Sigma Chi house. The meeting will be held promptly at six-thirty.

All-University Hallowe'en Party in Armory is Climax to Homecoming Day

Hallowe'en will be celebrated at an All-University party in the Armory the evening of Homecoming day. The University quartet, a blackface set, aesthetic dancing, a tumbling skit, and original games are planned to occupy the evening until ten o'clock, when those who do not dance may continue their games in the Temple. Refreshments will be served both in the Temple and in the Armory.

Frank Fry, general chairman, says that all committees are busy preparing to make this a genuine welcome party for Missourians who attend.

Amy Martin, Andy Fossgreen and Lila Wyman, entertainment committee, have lined up the most extensive program yet attempted for an All-University party.

Francis Diers, Allen Keburs, tenors, and Dietrick Dirks, Archie Jones, basses, compose the University quartet, picked from the University glee club, which will sing at the party. They sang at the South Dakota game and will probably appear at the Missouri game Saturday.

Orville Andrews, known from his performance at University Night and at the Demolay Variety show last year will again back his face and compose fresh jokes and songs.

Dorothy Work, Dorothy Sacrest, Bessie Epstein and Ruth Ellsworth will each give a ballet dance. They have all appeared before at All-University parties.

Paul Goldard, Henry Clark, and O. B. Anderson of the city Y. M. C. A. will present a tumbling act. They have appeared before the students previously.

Dancing will begin in the Armory at ten, to music furnished by Keith Taylor's "Collegiate Club." The reception committee will endeavor to see that everyone who attends has a good time. "Get Acquainted" games will start at 8:15 and continue until 9:00 when the one-hour program begins. After 10:00, games will be continued in the Temple for those who do not dance, and refreshments will be served there.

Missouri songs and cheers will be led at intervals by "Duke" Gleason, to console the Tigers.

OLYMPIC PLANS FOR SATURDAY ARE COMPLETE

Long List of Events to Be Held in Annual Freshmen-Sophomore Class Battle.

BULL PEN IS NEW STUNT

Pushball Contest to Be Revived—Intense Interest Is Being Shown in the Scrap.

Table with 2 columns: Event, Points. Includes Flag rush, Push ball, Bull pen, Relay, Boxing, Wrestling, Heavyweight.

Total 100

In their annual battle for supremacy, freshmen will meet sophomores Saturday morning—Homecoming day. Beginning at nine o'clock, boxing and wrestling events will be held on the athletic field so that all spectators may be seated. The flag rush, push ball, and bull pen will take place on the drill field so that the football field will be in good condition for the game in the afternoon.

The bull pen is a new one. It will include 200 freshmen against 275 sophomores, and the object will be to throw as many of the opposing class as possible into the pen.

The push ball contest, prohibited last year, has been revived with every member of both classes participating. The ball will be secured from Coe college, Cornell, Iowa. It is just possible that it will not arrive in time. If so, the cane rush will be substituted, with the same number of points. A grand rush from opposite goals to the ball in the middle of the field, starts this contest. It is a man's fight, for someone may be walked on in the scramble to put the ball over the opponents' goal.

The flag rush, another event for every man in both classes, is the main event, counting twenty-five points. The freshmen will be allowed fifteen minutes to haul down the sophomore colors. The relay teams of four men will race 100 yards each. This event has been lowered on the scale, and now counts but five points.

(Continued on Page Four.)

After Three Days of Campaigning, Goal Is Not Yet in Sight—Girls Are Falling Down Miserably in Drive—Glee Club Goes Over the Top.

NO STADIUM UNLESS STUDENTS RAISE FULL QUOTA

Nebraska Students Must Come Through or Fall Back Among Second-Raters—Seriousness of Situation Must Be Realized by University.

Teachers College to Hold Big Convocation

The University Teachers' College hold a convocation at 11 o'clock Friday morning in Social Science auditorium. This is the first convocation this year that all teachers college people have been asked to attend. An enthusiastic convocation hour is planned, with speeches, songs and yells.

CONVOCATION TODAY ON TURK QUESTION

Dr. J. Edward Kirby to Speak to Students in Temple Thursday.

"Does Civilization Want the Turk Back in Europe?" will be the subject on which Dr. J. Edward Kirby, former president of Drury College, Springfield, Missouri, will speak at convocation Thursday morning at 11 o'clock in the Temple Theatre. A musical program has been arranged by Mrs. Carrie B. Raymond. Mr. Benjamin S. Varlabedian of Armenia who is a graduate of Robert College in Constantinople will also be present. Robert College which was the first institution of higher learning established by Americans in Turkey was founded by Dr. Cyrus Hamlin, the father of Mrs. A. L. Hinman.

Mr. Kirby has recently returned from a personal inspection of near east conditions. His talk will include an account of the situation created by the burning of Smyrna and he will explain the causes of the existing political muddle. Dr. Kirby is considered an orator of very great eloquence. He has been brought to Lincoln by the various agencies interested in the near east question.

Mr. Frederic J. Stockelberg will give numbers on the violin, and Mr. Archie Jones will sing.

Prominent Speakers To Address Students

Two convocations in addition to the one to be held today have been scheduled for October. On October 24 Mr. Turner, a London art critic, will speak on "Modern Tendencies in Art." Mr. Charles H. Randall, republican candidate for governor, will speak the morning of October 31.

Sealock to Speak To State Teachers

Dean W. E. Sealock of Teachers College will go to Geneva Monday to address a meeting of the Fillmore county teachers institute. On Friday and Saturday of next week he will go to Superior where he will be speaker at a meeting of the teachers of Nuckolls county.

STADIUM EDITION SATURDAY.

The Daily Nebraskan will publish a special Stadium edition Saturday morning which will contain a list of Nebraska students who have subscribed to the Stadium Builders' fund and will print a large picture of the proposed stadium. The Alumni association will distribute the stadium number to the alumni at the Homecoming game with Missouri Saturday. Announcements of the Olympics, Girls' Cornhusker Luncheon, and the Homecoming All-University party will all go to make the Saturday issue one of the most interesting of the year.

After the Stadium issue, no more papers will be put out until Tuesday morning, as this issue will take the place of the Friday and Sunday editions.

Dark and gloomy was the Stadium campaign prospect as it loomed late Wednesday evening. With three days of the campaign already passed the final total of \$99,999 was still far from reached. The days in which the campaign should have shown the biggest leaps brought little more than the halfway mark passed.

There are two weak points which are very noticeable in the Stadium race. The first is the failure of the students who can easily afford to give five, six, or even ten units of \$25 each to come across with more than one unit and sometimes to even fall in that. The other weakness is the apparent lack of the girls of the University who realize the seriousness of the Stadium campaign.

Co-eds Very Lax.

The co-eds were noticeably lax in responding to the Stadium call the first three days of the campaign. The hole made by their failure to respond is easily traced. The Teachers' College, made up mostly of girls, and the Fine Arts College, also made up of a vast majority of co-eds, were far from threatening their quotas.

An instance of gross lack of spirit was reported to Stadium headquarters Wednesday evening. At a house where ten girls are rooming not a pledge button is being worn. The girls have pledged themselves not to support the Stadium.

Least Able First Pledgers.

A peculiar fact in regard to the pledges has been brought out in the observation that the students least able to make the pledges, those who are working their own way through school, those who have the hardest time to gather the money, are the ones who have already made their pledges. The students who spend much money, who have little worry as to their school expenses, are the ones who are holding off. Included in this group are students who can afford easily to make pledges of \$100, \$150, \$200 and more, and who are "getting by" as they call it, by pledging but \$25.

Another shameful thing which has been noted in the first three days of the campaign is the fact that students have in some way acquired Stadium Builder buttons without making any pledges. How they got them is not known, but committeemen have reported instances after instance of men who have not made pledges but who are sporting the protection buttons.

More Frats 100 Per Cent.

Three more fraternities and one more sorority had entered the 100 per cent list by Wednesday evening. The new organizations with 100 per cent pledges were Beta Theta Pi, Bushnell Guild, Pi Kappa Phi and Delta Gamma. This brings the list of the 100 per cent fraternities to twenty-two and the list of 100 per cent sororities to four.

The Glee club Wednesday fell into line for 100 per cent. Not only in the individual pledgings but the Glee club passed the top, but as an organization \$100 was pledged.

Must Raise the Goal.

The students must raise the \$90,000 or Nebraska will not have a Memorial Stadium. That is certain. Just so much as the students fall short of their quota will the alumni of the University fall short of their quota. If the student quota is not raised, alumni committeemen say that the alumni campaign will not even be started.

Pictures of the new Nebraska Stadium have been printed throughout the entire country. The entire school is looking toward Nebraska to step into line with the twenty-six other universities which have since the war raised money for stadiums. Should the students fail, Nebraska in future will be rightfully branded as a school without spirit.

Don't Realize Seriousness. Students of the University do not realize the seriousness of the campaign. (Continued on Page Four.)

PLEDGE TODAY
