VOL. XXII—NO. 121.

LINCOLN, NEBRASKA, FRIDAY, APRIL 6, 1923

SCHOLARSHIPS TO BE AWARDED BY ASSOCIATION

Two Underclasswomen of University Will Receive Gifts from Lincoln Branch.

ANNOUNCE REQUIREMENTS

Applicants Must Be Either Freshmen or Sophomores and Have a High Average.

The Lincoln branch of the American Association of University Women, which annually awards scholarships to underclasswomen of the University, announces the regulations and qualifications governing the awarding of these scholarships.

Two scholarships are annually awarded, one of one hundred dollars, and one of fifty dollars. The former is held this year by Janet McLellan, a junior in the College of Business Administration, and the smaller one by Lillian Margolin, in her third year in the College of Arts and Sciences.

The requirements as announced are: "An applicant must have been and her freshman or sophomore year at the date of her application. She must be either a sophomore or a junior when she holds the scholarship.

"An applicant must have been and be, wholly or in part self-supporting. "An applicant must be a regularly enrolled student in the University of Nebraska. She must be in good standing at the time of her application.

"An applicant must have a high scholarship and must have some interest in general college activities. "Every applicant must fill out one of the regular application blanks which may be obtained from the Dean of Women, or from the chairman of the scholarship committee, Miss Gertrude Jones, 2427 P street, Lincoln.

Every applicant must furnish five references. Three of these should be from persons on the campus; the other two from persons not connected with the University. The Dean of Women will always be used as reference, so her name should not be given. The applicant should make arrangements with the persons whose names are given as reference to send their recommendations to Miss Gertrude Jones, 2427 P street, Lincoln.

Applications will not be considered by the committee unless this request is complied with.

The scholarship consist of gifts of \$100 and \$50 respectively. They will be paid in two parts, half the first semester and half the second semester.

"Applications, together with a transcript of grades should be sent by May 1 to Miss Gertrude Jones, 2427 P street, Lincoln."

Dean Amanda Heppner will provide further information for those girls who are interested.

ENTERTAIN FRESHMAN GIRLS AT KID PARTY

Y. M. C. A. Commission Makes Plans for Funfest at Ellen Smith Hall Next Saturday.

The girls of the freshman class will be entertained at a big party Saturday afternoon, April 14, from 3 to 5 o'clock at Ellen Smith Hall. The party will be given by the Freshman Commission, an organization under the auspices of the Y. M. C. A.

Games and stunts of various sorts are planned to provide amusement for every guest. Several original skits will be presented, and any group of freshman girls is invited to prepare one. A prize will be given for the cleverest entertainment.

Tradition has made the annual entertainment given by the Commission a kid party. Girls are urged to use ingenuity in planning their costumes, and a prize will be given the best. The committee announces that each girl is expected to bring her dolly.

Mystic Fish Will Hold Benefit Show

Mystic Fish, first-year girls' honorary society, will have charge of the ticket sale for "Trifling Women," the moving picture to be shown at the Rialto the week of April ninth. The freshman organization will use the commission on the ticket sale to further their campus activities. The main purpose of Mystic Fish, however, is to promote good fellowship among the members of the freshman class. Gladys Sidles is in charge of the ticket sale.

A party for all freshman girls, to be held sometime in the future, is being planned by the members of Mystic Fish.

ANNOUNCE CANDIDATES FOR W. A. A. OFFICES

Irma Kirk and Marie Snavely Are Nominated for President.

Candidates for next year's officers of the Women's Athletic Association were announced yesterday by the organization, as follows:

- President. Irma Kirk, Marie Snavely.
- Vice President. Mable Dickerson, Lois Pederson.
- Corresponding Secretary. Rosalie Platner, Esther Swanson.
- Recording Secretary. Silva Kunc, Glee Gardner.
- Treasurer. Irene Berquist, Dorothy Dougan.
- Soccer Leader. Marguerite Eastham, Elsie Gramlich.
- Hockey Leader. Dorothy Goodale, Elizabeth Armstrong.
- Basketball Leader. Edith Gramlich, Florence Stiffes.
- Dance Drama. Ruth Ellsworth, Bernice Ballance.

OMAHA CLUB TO GIVE LAST MIXER OF YEAR

Tickets Are Thirty-five Cents—Northwall's Orchestra Will Furnish Music.

Tickets are now on sale for the spring mixer which will be given at the Armory Saturday evening under the auspices of the Omaha Club. They may be secured from any member of the committee. The price is thirty-five cents. All sorority and fraternity houses and dormitories will be solicited.

Northwall's have been secured to play for the mixer. The University quartet will give several numbers and a co-ed will appear in an oriental dance. The committee is confident that every guest will have a good time.

The spring mixer is probably the last all-University party of the year. The all-University party committee gave its last entertainment before the Easter holidays. It has been said that a Nebraska student who has failed to attend a mixer during the year has missed an experience which rightfully belongs in a year of University life.

The Omaha Club, which is in charge of the mixer, is an active organization on the campus. Its purpose is to foster friendship among students from Omaha, and aid new ones entering the University. The monthly dinners held by the club are attended by about sixty students. The organization is backed by Omaha business men.

Agricultural Editor Publishes Articles

R. P. Crawford, agricultural editor of the College of Agriculture and in charge of the work in agricultural journalism, had three articles in the March magazines, including Scribner's, the Scientific American and Business. The article in the latter magazine, describing the work of the Lincoln Chamber of Commerce, brought the chamber nearly forty letters from other clubs in all parts of the country, and a request by telegraph from the San Francisco Chamber of Commerce to reprint and broadcast the article throughout California.

The article in Scribner's, entitled "Discovering a Real American Art," was also widely quoted by newspaper.

STATE ACADEMY OF SCIENCE WILL MEET NEXT WEEK

Thirty-third Annual Convention to Be Held at University on April 12, 13 and 14.

INVITE PUBLIC TO ATTEND

Organization Is Made Up of People Interested in Science—Students Eligible for Membership.

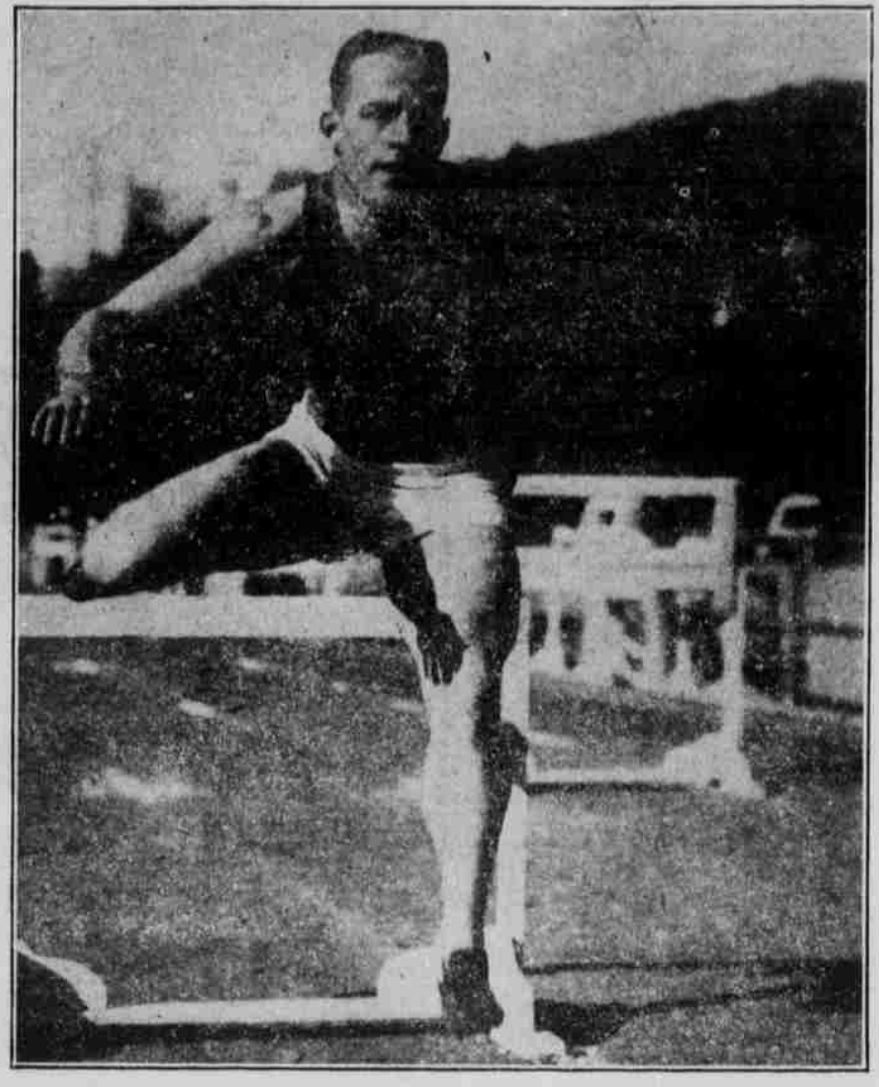

The thirty-third annual meeting of the Nebraska Academy of Science will be held at the University, April 12, 13, and 14. The public is invited to all the sessions of the convention.

The members of this organization meet every other year in Lincoln, going alternate years to other towns in the state, according to the vote of the convention.

The Academy is an organization of people interested in science, whether or not their knowledge of the subject be technical. During the meetings, a campaign for new members is to be held. Students and faculty as well as other persons interested are eligible to membership, which may be secured through the payment of dues to the treasurer of the organization, Prof. P. K. Slaymaker.

The program for the convention which begins at noon Thursday is as follows:

- Thursday. 1:00—Meeting of the Executive Committee.
- 4:00—"Radium and Radioactivity," a semi-technical lecture by Prof. H. P. Cady, head of the department of chemistry of the University of Kansas in the auditorium of the chemistry building. This will be a joint meeting with the Nebraska section of the American Chemical Society.
- 7:00—Business meeting, in the auditorium of the Social Science building. At this meeting there will be election of officers, reports of committees, and the introduction of resolutions.
- 8:00—"Liquid Air and its Applications." A popular lecture, especially for the general public, will be delivered by Prof. Cady, illustrating his talk with experiments on liquid air. This meeting also will be in the auditorium of the social science auditorium.
- 8:00 to 8:30—In the hallway of the Temple, the new members will be registered. Old members will re-register at the same time and place. This affords opportunity for the pay (Continued on Page Four).

STUDENTS MAY HAVE SPECIAL CONFERENCES

Miss Helen Bennett to Hold Personal Interviews with Women of University.

Special conferences with Miss Helen Bennett of the Chicago College League Bureau of Occupation, who is coming to the University April 9 and 10, may be arranged by signing up on the list posted on the bulletin board of Ellen Smith Hall or by calling Margaret Wattles at B1416. Five minutes is the allotted time for a personal conference, but if a girl wishes to have ten minutes with Miss Bennett, she may sign up for consecutive periods.

Miss Bennett will speak on vocations for women at meetings Monday and Tuesday, at 11 and 5 o'clock. The 11 o'clock meeting will be a general meeting, and all girls are particularly urged by the members of the W. S. G. A. which is sponsoring Miss Bennett's visit, to come to this meeting, because it will be a general outline of the meetings to follow.

The 5 o'clock meeting on Monday will be held in the Auditorium of the (Continued on Page 2)

JOURNALISTIC WOMEN TO MAKE FIRST TOUR

Itinerary Calls for Trip Through Picturesque Europe, and Practical Newspaper Work.

Announcement is made to the students of the University of Nebraska of the first journalistic tour for women which has ever been taken. This will combine travel through picturesque Europe with practical instruction in newspaper writing for the press.

This itinerary covers a period of two months. The party will leave Lincoln from New York and arrive at Charlebourg, June 28. The first stop will be in Paris in which a week will be devoted to the many places of interest, including the Louvre, Napoleon's Tomb, and the Notre Dame. One day will be spent on the Battelfields near Rheims. From there the party will reach Rome through a roundabout course. Here, too, are places which will give these journalistically inclined travelers abundant material on which to write.

The tour includes Naples, Pompeii, and Capri where a trip will be made to the Blue Grotto. In Florence, the party will have the opportunity of visiting the Uffizi Gallery, Ponte Vecchio, Pitti Palace, Church of San Lorenzo, and other places. Venice with its Bridge of Sighs, Doge's Palace, St. Mark's, and Grand Canal by gondola comes next on the route.

There will be several excursions through Switzerland and Germany. Heidelberg, which is renowned for its Castle and University, is included in the trip. The party will visit at Cologne the great Gothic Cathedral which is one of the most famous in Europe. In Brussels an excursion will be conducted through the Royal Palace. Then to London to the Westminster Abbey, British Museum, Tower, National Gallery, St. Paul's Cathedral, and Trafalgar Square where there has been erected a magnificent monument of Nelson, hero of the Battle of Trafalgar which was fought with France in 1805. A visit will be made to Stratford and to Shakespeare's birthplace and tomb. The party will sail from Liverpool August 11, and arrive in Montreal or New York August 20.

During the tour, Miss Mary Gilpin Armstrong, formerly Educational Editor of the New York Evening Post and of the Christian Science Monitor, will show the young women how to convert their impressions into acceptable copy enroute. Arrangements have been made with the American Press to take articles, and news-letters from this tour of the old world.

Keep Off the Grass!

Business men of Norman, Oklahoma, are opposing the plan to erect a Medical Building and the starting of a Oklahoma College of Medicine at Oklahoma City, because they are afraid that this step will result in the final moving of the entire state University to Oklahoma City. A mass meeting was held in order to attempt to compromise with a few merchants still holding out.

CALIFORNIA AND NEBRASKA MEET ON CINDER PATH

Cornhusker Tracksters to Battle Bears in Dual Meet Saturday Afternoon at Berkeley.

BRUINS EXPECT TO WIN

Careful Analysis of the Dope on Two Teams Shows That They Are Evenly Matched.

Dope Sheet.		
	Nebr.	Calif.
100 yard dash	8	1
220 yard dash	8	1
Quarter	6	3
Half-mile	8	1
Mile run	5	4
Two mile run	6	3
120 yard high hurdles	4	5
220 yard low hurdles	3	6
Mile relay	5	0
High jump	6	3
Broad jump	1	8
Pole vault	3	5
Javelin	1	8
Discus throw	0	9
Shotput	1	8
	65	65

The Nebraska track team meets the University of California cinder path artists, 1922 inter-collegiate champions of America, in a dual meet Saturday as the feature event of the University Day Athletic program at Berkeley. Both teams are in excellent shape for the meet, and will go through a light workout today, in preparation for the big contest tomorrow. The Californians are confident of winning the meet with the Huskers by a comfortable margin.

In doping out a track meet, one man's guess is as good as another's and so the chart shown above may be judged accordingly. But the conclusions shown there represent a careful study of the performances of the two teams, both last year and this, and give a fair estimate of the strength of the two aggregations. The fact that the Bears have limited their team to twenty men in order to be on equal footing with the Huskers was considered in making this chart, and may account for the strength of the Huskers in several events.

In the century dash Noble and Lloyd of the Huskers are expected to have little difficulty in winning first and second places, in view of their fast, ten-second performances in the New Mexico meet. Shepard of Farnsworth of California are conceded third place. The 220-yard dash should also be won by the fast pair of Husker sprinters, who tied the world's record in the fifty-yard dash at the Valley indoor meet.

Again in the quarter-mile dash, Nebraska should make a strong showing. Trexler of the Cornhuskers won the 440 in 52 seconds against a slow field at New Mexico, and should run the quarter faster than his New Mexico mark. The Bears, on the other hand, are relatively weak in the 440, for they failed to place in the Southern California meet, when Martz of the Trojans won in 51.25 seconds. In the quarter, therefore, the Huskers are given first place, with a probability of the other Husker quarter-miler taking second or third.

Gardner and Coats, Husker half-milers who both ran the 880 under two minutes last year, are considered as winners of first and second places in the half, respectively, with Bauman, Bear-half-miler, taking third. Captain Allen of the Huskers, Missouri Valley champion miler, is expected to win the mile, with the Bruin runners taking second and third places. Ted Stiemmons of the Huskers is given first place in the two-mile, with Cohen, another fast Husker, taking third place.

The fast California hurdlers are expected to take first in the high hurdles and first and third in the low hurdles, with the Huskers scoring second and third in the highs and second in the lows. The Husker relay team should run around 3:25 in the mile relay, which would give the Scarlet and Cream team a safe margin in this event, as the Trojans defeated the Bears in the relay by finishing in 3:28.

The Bears will score high in all (Continued on Page Four).

Forty-four Students Meet Part of Cost of Education by Loan Funds

(University Publicity Office).

Forty-four University of Nebraska students are meeting part of the cost of their education by loans that total \$7,700 granted from the funds held in trust by the University. Fifteen of these loans were granted this year. According to L. E. Gunderson, University bursar, about a hundred students have been loaned money from these funds in the past ten years.

The funds entrusted to the University by philanthropic persons or organizations are divided in two classes according to whom the money can be loaned that is, loans to special groups of students and loans open to all. Freshmen are not eligible to loans from any fund, and seniors are given preference. No person can borrow more than \$100 a semester and this is paid to them at the rate of \$25 a month. The person signs a promissory note that is endorsed by two property-owners satisfactory to the University officials in charge of the funds.

Each loan is payable not later than two years after the student has been graduated or has left college. Every loan but one—which will eventually be collected—has been paid when due, according to the bursar. By far the largest number borrowing money are men—only three women are now indebted to the funds.

The original donations to the funds total \$5,552.04, which have grown now to almost \$7,700. On June 30, 1922, \$3,621.02 of this was out on loans, and \$779.04 of it has been donated since.

The funds now available, their donors, and to whom they are available are:

- John R. Webster fund (open to all) \$1,885.56; William G. Whitmore fund (engineers) \$1,470.89; John A. Waddell fund (engineers) \$1,542.03; Ida M. Carter fund (engineers) \$737.10; Sigma Tau fund (engineers) \$100; Dr. J. F. Stevens Memorial fund (open to all) \$1,174.02; Class of 1914 (open to all) \$169.04; Engineers fund (engineers) \$500; Business Women's League (for women) \$100, and Pi Beta Phi \$10.

In addition to these funds, the Omaha Chamber of Commerce has an agricultural students' aid fund, created by public subscription in September 1921, amounting to \$1,700. This is under a guardian, J. A. Changstrom of the Omaha National bank. This money is loaned to students in the College of Agriculture, and it is reported that seventy-five students of that college have been loaned sums from that fund since it was started. Every loan has been repaid. Loans from this fund are secured through officials of the college.

The students in the College of Medicine at Omaha have the use of the Conklin Loan fund. Mr. Gunderson says that there is need for a fund for the College of Dentistry students who must make large expenditures for laboratory equipment. Present funds and rules do not accommodate these students.

The available funds do not even begin to take care of the large number of applications. All the funds will grow in time. But University officials agree that student loan funds divided according to colleges should be established as soon as possible.
