

**SSATE ACADEMY OF SCIENCE
WILL MEET NEXT WEEK**
(Continued from Page One.)

ment of dues for the year 1923-24.
From 8:30 until 10:45 in the morning, the sectional programs will be given as follows:

Chemistry in the auditorium of Chemistry Hall; Physics, in the general lecture room of Brace Hall; Biology, in the auditorium of Bessey Hall; Engineering, in room 206 of Mechanical Engineering building; Earth Science in 110 Nebraska Hall; and the Lincoln Academy of Medical Science in 208 Chemistry building.

At these sectional meetings, a series of brief papers for specialists in the several branches of science will be read. A complete list of the speakers and subjects will be announced at the time of the meeting.

At 11:00, in the auditorium of the Temple, Dr. A. R. Mitchell will give a talk for the general public, on the reaction of different types of men to medical fakes and superstitions.

On Friday afternoon, in the social science auditorium a series of papers, not to exceed twenty minutes in length, giving a symposium of progress in modern science will be read. Each of these papers will tell of current tendencies in a different branch of science. They are as follows: "Physical Chemistry," by Prof. H. G. Deming; "Physics," by Prof. H. H. Marvin; "Astronomy," by G. D. Swezey; "Electrical Engineering," by Dean O. J. Ferguson, and "Paleontology," by Prof. E. H. Barbour.

From 3:15 until 4:15, the sectional meeting will be continued.

At 4:45, until which time the reception will continue, Prof. C. C. Nutting, head of the department of zoology in the University of Iowa, will give a lecture on "Marine Life in the West Indies," illustrating his talk with several reels of motion pictures taken on the Barbados-Antigua Expedition of 1918.

Saturday meetings will be announced later.

**CALIFORNIA AND
NEBRASKA MEET
ON CINDER PATH**
(Continued from Page One.)

the field events except the high jump, where the Huskers are doped to take first place. The best Bruin high jumper, Treyer, who jumped 5 feet, 11 1/2 inches against Southern California, is not entered in Saturday's meet. Turner jumped 6 feet, 3-4 inches at the Valley indoor, and if he approaches this mark, will undoubtedly win first honors. Parks, another Husker, is given third in the high jump.

California will take first and second places in the broad jump, as there two jumpers approach 23 feet, while Lloyd, the best Husker in this event, only does about 21 feet, 6 inches. California only has one man entered in the pole vault, but he clears the bar at twelve feet, and should win the event. Gleason of Nebraska, who goes about 11 feet, is given second place.

With two javelin throwers heaving the spear around 180 feet, the Bears are conceded the first and second places, while Hartley, Husker is expected to win third honors. California is doped to take all three places in the discus throw, since three of the Bruin athletes heave the discus about 130 feet, better than the best Husker in the discus. Witter and Lang, Bear shotputters, are conceded first and second places in the shotput, with a Husker taking third honors.

**ENTERTAIN FRESHMEN
GIRLS AT KID PARTY**
(Continued From Page One.)

invitation.
Helen Tomson, chairman of the committee in charge, wishes to emphasize the fact that the party will begin promptly at 8 o'clock. Guests should arrive a few minutes before.
The members of Freshman Commission are chosen in the fall. There are twenty-five members, half of whom are non-sorority girls. Their purpose is the same as that of the Y. W. C. A. and their efforts are largely along that line of endeavor.
