

# THE DAILY NEBRASKAN

VOL. XXII—NO. 122.

LINCOLN, NEBRASKA, SUNDAY, APRIL 8, 1923

## GIRLS DISMISSED FROM CLASSES TO HEAR CHICAGOAN

Miss Bennett to Speak to Women Monday on "Opportunities for College Girls."

W. S. G. A. IS IN CHARGE

Second Meeting of Series to Be Held in Ellen Smith Hall at Five O'clock.

All girls will be dismissed from 11 o'clock classes Monday morning to hear Miss Helen Bennett from the Chicago Vocational Bureau speak on "Opportunities for College Girls." The meeting will be held in the Temple, under the auspices of the W. S. G. A. Board. This will be the first of a series of four meetings open to all university girls interested in finding positions when they get out of school.

The second meeting of the series will be held in Ellen Smith Hall at 5 o'clock Monday, especially for Commercial Club girls. This is an open meeting, however, and all girls interested are invited to attend. Miss Bennett's subject is "Retail Management and the Prince School."

Tuesday morning at 11 o'clock, all freshman girls will be dismissed from classes to hear the third meeting in Social Science Auditorium. Sophomores will remember how particularly inspiring this meeting was last year, and they will make the freshmen realize what a rare opportunity is theirs. In Lawrence, Kansas, where Miss Bennett was speaking last week-end, meetings were given over to upper-classmen only.

Y. W. C. A. has given over its vesper hour at 5 o'clock Tuesday afternoon for Miss Bennett's final meeting. Other organizations which are making possible Miss Bennett's visit are: Valkyrie, Silver Serpent, Xi Delta, Mystic Fish, and Freshman Commission.

A number of appointments have been made for personal conferences. Monday morning is fairly well filled, Monday afternoon entirely full, but there is quite a bit of time left on Tuesday. Girls are asked to sign up on the bulletin board at Ellen Smith Hall as soon as possible.

## "John Bunyan" Will Be Subject of Talk By Doctor Aitken

Dr. Walter Aitken, pastor of the St. Paul church, will give as the next special Sunday evening lecture, "John Bunyan, Immortal Dreamer." This lecture will touch on the poverty, progress, providence, personal religious experience, achievements, and influence of Bunyan.

"Next to the Bible 'Pilgrims' Progress' has been more widely read than any other book in the English language," said Doctor Aitken. "It's Al-lusions have become deeply embedded in the literature of our generation."

Nothing the movie critics have to say can be heard above the clink of cash at the box office.

## Fun, Frolics, and Festivities for Freshman Girls at Annual Party

Games and things to eat. London Bridge and dollies too. And lots of girls to meet.

An invitation to wear half-socks and ribbon bows, to carry dollie's hand in one of hers and a stick of candy in the other, to jabber like three-year-old little brother, in short, to be for one afternoon even younger than a freshman, comes this week to every girl in the freshman class. The event is the traditional kid party given by freshman commission for the girls of the first-year class, which will take place at 3 o'clock Saturday afternoon, April 14, at Ellen Smith Hall.

To create fun, just fun has been the aim of the hostesses in planning the details of the party. Of course, the refreshments will be appropriate for such an occasion, and since all little girls are hungry all the time, an abundance will be provided.

Novel games conducive to the hilar-

## Students to Have Fellowship Dinner

A fellowship dinner for all the Congregational students and their friends will be held next Thursday at six o'clock at the Grand Hotel. Edward W. Cross, who has been working with the young people of Grinnel College, has been secured to speak on a subject of vital interest to the students, according to members of the committee in charge.

There will be special music at the banquet, and the committees promise a good dinner. Tickets will be fifty cents and they can be procured at any of the three Congregational churches Sunday, or at Mr. Riley's office in the Temple. The members of the committee in charge are Mildred Daly, Philip Robinson, Keith Tyler, and Walter H. Rife. The members of the committee on Religious Work at the University are especially invited.

## GLEE CLUB TO GIVE FIRST HOME CONCERT

Tickets Go on Sale Wednesday for Performance at Temple Friday and Saturday.

The first home concert of the University of Nebraska Glee Club will be given Friday and Saturday, April 20 and 21, at the Temple Theatre. Tickets for the performance will go on sale Wednesday, April 1, and may be secured from any member of the Club.

The Glee Club this year made a trip the first week of the second semester, visiting small towns in the state, and also singing in Denver, Colorado, and in Omaha. It has sung over the radio several times, and at private banquets and parties on several occasions this year. For a week, the members of the organization sang between shows at the Rialto Theatre in Lincoln.

"We have had a very successful season," said Vance Doty, president of the Club. Several towns asked us to return next year, when we were on our trip. The home concert should interest the students and friends of the University, and we are expecting a large crowd."

The personnel of the Glee Club is as follows:

**First Tenors.**  
Paul Bentz, Joseph Dahlberg, Francis Diers, Allen Kiburz, Robert Slatery, and E. K. Hill.

**Second Tenors.**  
John Anderson, Elmer Bergquist, Henry Eller, Everett Johnson, James D. Marshall, and Harry Pecha.

**First Bases.**  
Vance Doty, president of the Club, Kenneth Cozier, John Dibble, Archibald Jones, Raymond Lewis, Richard McCain, and J. Ward Wray.

**Second Bases.**  
Dietrich Dirks, Aldrich Hanicke, Frank Leisher, Lloyd Robinson, Fred Sturm, Raymond Eller, and Arthur Latta.

**Pianist.**  
Dean Bickford.

Further announcement will be made later in the week as to the time and place of reservation for tickets, personnel of the quartette, and the program to be given.

## NEBRASKA DEBATE TEAMS READY FOR FORENSIC BATTLES

"Should the United States Enter the League of Nations" Is the Question for Discussion.

IOWA SQUAD COMES HERE

Nebraska Affirmative Team to Meet Hawkeyes at Temple Theater Thursday Evening.

The University of Nebraska 1923 intercollegiate forensic battles will be waged next Thursday evening, April 12, with the University of Iowa in the Temple Theater and with the University of South Dakota at Vermillion. "Should the United States Enter the League of Nations?" is the live, international question on which picked students of politics, economics, and the science and art of oral discussion—picked by faculty committees—will array boiled-down facts and reasoning for an hour and a half. Following the formal debate will come the open-forum discussion, when persons in the audience will fire questions—a lively feature that kept going for over an hour in 1921 until the presiding officer had to choke it off, in the Nebraska-Iowa debate on the closed shop.

In the Debate Seminary room (the "Think Shop" the 153 alumni call it) where cases for twenty years have been forged, all the authoritative books and documents available in public and private libraries in Lincoln were assembled weeks ago and the eight students selected to represent Nebraska in these "set-tos" have been investigating the question, using the machinery of the seminary system, organized in 1901 by Prof. M. M. Fogg for assembling and sifting evidence and briefing cases.

High scholarship average again, as usual, characterizes the 1923 debate teams selected to represent the University. Both of the two of the six speakers who have reached senior standing in the College of Arts and Sciences have won faculty appointment to Phi Beta Kappa—one with a standing of 93.7 and the other, 91.75. Over one-third of Nebraska's debaters since 1902 have won that Arts and Science scholarship honor and over two-thirds of them won election to the Order of Coif. College of Law scholarship society, because they stood in the first tenth of their classes. Concerning the test in preparation for an intercollegiate debate at Nebraska, Prof. E. A. Ross, sociologist since 1906 at the University of Wisconsin, wrote in The Daily Nebraska this limerick:

"There was a young freshie from Lincoln  
Thought debating as easy as winkin'.  
But a week on the squad  
Made him murmur, 'O Lord!  
I'm better at talkin' than thinkin'!"

Nebraska's affirmative team—arguing that the United States should enter the League of Nations—will this year not appear at home, as has been the unbroken custom. It will be at South Dakota, because South Dakota, which has already maintained the affirmative of that question at Vermillion against the University of North Dakota, wished the negative at home. Nebraska's negative team will oppose Iowa at Lincoln.

## French Agriculture Is Subject of Talk

An illustrated lecture on French Agriculture will be given April 10 at 8 p. m. in room 301 of the Dairy Industries building of the Agricultural College campus. Prof. L. E. Call of the Kansas State Agricultural College will deliver the lecture, which is under the auspices of the Agronomy club. All persons interested are invited.

## Xi Delta Will Hold Spring Party Friday

Xi Delta, sophomore girls' inter-sorority organization, will give a spring party Friday, the thirteenth, at the Kappa Kappa Gamma house. Representatives from the other girls' organizations have been invited. The party is a departure from the usual teas held by the members of this type of organization.

Regular meeting of Xi Delta will be held Thursday evening at 7:00, at which the girls to be members of the society for next year will be chosen.

## NOTED SPEAKERS WILL LECTURE TO SCIENCE ACADEMY

Professor Cady of University of Kansas to Make Address on the Subject of Radium.

BIG PROGRAM IS PLANNED

Convention Will Begin at Noon Thursday with Meeting of the Executive Committee.

Two speakers from other states—Prof. H. P. Cady, head of the department of chemistry at the University of Kansas; and Prof. C. C. Nutting, head of the department of zoology at the University of Iowa—will be at the thirty-third annual meeting of the Nebraska Academy of Science, to be held at the University Thursday, Friday and Saturday of this week.

Professor Cady speaks on "Radium and Radioactivity" Thursday at four o'clock in the Chemistry building lecture room, and on "Liquid Air and Its Applications" at eight o'clock in the auditorium of the Social Science building. He is to carry out experiments illustrating the latter address.

Professor Nutting speaks on "Marine Life in the West Indies" Friday at 4:45 in the Social Science auditorium, illustrating with several reels of motion pictures taken on the Barbados-Antigua expedition of 1918. He will give a popular lecture, "Fiji and the Fijians" at eight o'clock Friday at the First Presbyterian church, Thirteenth and M streets, illustrating the talk with slides taken on a visit of a biologist to the South Sea islands.

University of Nebraska professors are the authors of a series of papers for non-technical readers relating to the progress made within the past five years in different branches of science and to be published soon by the Nebraska Academy of Science. The collection of about 150 pages, will be sold for one dollar each, only to advance subscribers. The book will be supplied without cost to all members of the academy, only enough copies being printed to satisfy prospective needs. The list of papers and their authors is:

"Anthropology"—Professor H. B. Alexander.  
"Astronomy"—Prof. G. D. Swezey.  
"Botany"—Prof. P. B. Sears.  
"Electrical Engineering"—Prof. O. J. Ferguson.  
"Herodity"—Prof. D. D. Whitney.  
"Organic Chemistry"—Prof. F. W. Upson.  
"Paleontology"—Prof. E. H. Barbour.  
"Physics"—Prof. H. H. Marvin.  
"Plant Pathology"—Prof. G. L. Pel-tier.  
"Political Science"—Prof. R. S. Boots.

The program for the convention which begins at noon Thursday is as follows:

**Thursday**  
1:00—Meeting of the Executive Committee, 107, Nebraska hall.  
4:00—"Radium and Radioactivity," a semi-technical lecture by Prof. H. P. Cady, head of the department of chemistry of the University of Kansas, in the auditorium of the chemistry building. This will be a joint meeting with the Nebraska section of the American Chemical Society.  
7:00—Business meeting in the auditorium of the Social Science building. At this meeting there will be election of new members, reports of committees, and the introduction of resolutions.

8:00—"Liquid Air and Its Applications," a popular lecture, especially for the general public, will be delivered by Prof. Cady, illustrating his talk with experiments on liquid air. This meeting also will be in the auditorium of the social science auditorium.

**Friday**  
8:00 to 8:30 a. m.—In the hallway of the Temple, the new members will be registered. Old members will re-register at the same time and place. This affords opportunity for the payment of dues for the year 1923-24.

From 8:30 until 10:45 in the morning, the sectional programs will be given as follows:  
Chemistry in the auditorium of Chemistry hall; biology, in the auditorium of Bessey hall; engineering, in room 206 of Mechanical Engineering building; Earth Science in 110 Nebraska hall; and the Lincoln Academy of Medical Science in 209 Chemistry building.

(Continued on Page Four).

## Alpha Chi Omega Holds Convention

The first meeting of the Northern Province convention of Alpha Chi Omega was held Friday, April 6, at the chapter house of Xi chapter at the University of Nebraska. Mrs. Dale S. Boyles of McCook, province president, was in charge of the meeting.

Friday afternoon from four to six, the members of Xi chapter entertained the representatives in honor of Mrs. Newton W. Roberts, alumnae vice-president, and Mrs. Boyles.

Marjorie Hughes and Dorothy Battie, of Iowa City, Iowa; Alice Bartell and Mrs. Lucille Nutter Hewitt, alumnae adviser from Minneapolis, Minn.; Blythe Howard and Esther Miner of Indianola, Ind.; and Opal Carter, Mrs. Lucke, Katherine Jacklin, Marie Dacis, and Mrs. Pullman, from Des Moines, Iowa.

## FOSTER WILL ADDRESS GENERAL CONVOCATION

"The Relation of Religion to Modern Scientific Learning" Is Subject of Talk.

Dr. Allyn K. Foster of New York, who is coming to the University at the request of the Christian Workers' Association, will address a general convocation Tuesday morning at eleven o'clock in the Temple Theatre on "The Relation of Religion to Modern Scientific Learning," according to announcement from the Association. The complete program for Dr. Foster is as follows:

**Sunday**  
10:30—First Baptist Church.  
6:30—Union Young Peoples Societies at the First Congregational Church.

**Monday**  
12:00—Luncheon at the Grand Hotel.  
5:00—Freshman Engineers, Mechanical Engineering Building.

**Tuesday**  
11:00—General Convocation, Temple Theatre. "The Relation of Religion to Modern Scientific Learning." Auditorium Bessey Hall. This lecture is open to others than Pre-Medics.

## Subjects of Sermons This Morning Given

St. Paul Methodist, Twelfth and M streets, Walter Aitken, pastor. Morning subject: "The Irrepressible Lad." Evening subject: "John Bunyan, Immortal Dreamer."

Grace Methodist, Twenty-seventh and R streets; H. S. Wilkinson, pastor. Morning subject: "A Sense of God in a World of Tumult." Evening subject: "The Garden of the Soul."

Trinity Methodist, Sixteenth and A streets; A. A. Brooks, pastor. Morning subject: "Almost a Hero." Evening subject: "America's Uncrowned King."

Emmanuel Methodist, Fifteenth and U streets; H. C. Capsey, pastor. Morning subject: "God's World and Ours." Evening subject: "Telescope or Stethoscope?"

Epworth Methodist, Thirtieth and Holdrege streets; Lloyd E. Foster, pastor. Morning subject: "Some Implications of an Education." Evening subject: "Long Distance Christian."

Wednesday is "Snapshot Day." This is the decree of the editor of the Cornhusker and with a favorable sky every Cornhusker should have a camera on the campus to get "snaps" of "the Bunch" to appear in the 1923 year-book. Pictures of every size and description will be received at the Cornhusker office this week for selection for the pages of student life. Provisions can be made for the return of any snaps or pictures if specified by the student bringing them into the Cornhusker office.

In the years to come, a book containing pictures of general interest will be dear to the hearts of every student. They recall the actual appearances and fill a place that portrait photography does not touch. An effort is being made by the Cornhusker staff this year to make the section as extensive as possible and include many "shots" of as many people as can be crowded into thirty-two pages of student life material.

Pictures of activities, parades, as well as those of a more foolish vein,

## HUSKER TRACK TEAM LOSES TO BRUIN ATHLETES

California Bests Cornhuskers 75 to 56 in Dual Track Meet at Berkeley Saturday Afternoon.

NEBRASKA HANDICAPPED

Bears Show Great Strength in Field Events—Nebraska Stars Not in Good Condition.

The University of California, 1922 inter-collegiate track champions, defeated the Scarlet and Cream cinder team, 75 to 56, in a dual meet at Berkeley Saturday afternoon. The unusual strength of the Bruin athletes in the field events could not be overcome by the Husker trackmen, who made an excellent showing in view of the handicaps under which they were running.

100 yard dash: Won by Lloyd, Neb.; Noble, Neb., second; Farnsworth, Cal., third. Time 10 1-10 seconds.

120 yard high hurdles: Won by Mulvaney, Cal., second; Weir, Neb., third. Time, 4 minutes, 37 3-10 seconds.

120 yard run: Won by Allen, Neb.; Mulvaney, Cal., second; Weir, Neb., third. Time, 4 minutes, 37 3-10 seconds.

150 yard run: Won by Smith, Neb.; Saxby, Cal., second; Geert, Cal., third. Time 51 1-10 seconds.

880 yard run: Won by Gardner, Neb.; Coats, Neb., second; Baurman, Cal., third. Time 1 minute, 58 4-10 seconds.

Shotput: Won by Witter, Cal.; Lang, Cal., second; Neufeldt, Cal., third. Distance 45 feet, 3 1-4 inches. High jump: Won by Turner, Neb.; Muller, Cal., second; Becker, Cal., third. Height 6 feet.

220 yard run: Won by Sheppard, Cal.; Lloyd, Neb., second; Farnsworth, Cal., third. Time 22 3-10 seconds.

Pole vault: Won by Norris, Cal.; Gleason, Neb., second; Hartley, Neb., third. Height 11 feet, 6 inches.

220 yard low hurdles: Won by Neff, Cal.; Becker, Cal., second; Kenner, Neb., third. Time 25 seconds.

Two-mile run: Won by Cohen, Neb.; Stemmmons, Neb., second; Jensen, Cal., third. Time 10 minutes, 2 4-10 seconds.

Discus throw: Won by Neufeldt, Cal.; Lang, Cal., second; Muller, Cal., third. Distance 134 feet, 2 inches.

Broad jump: Won by Boren, Cal.; Muller, Cal., second; Layton, Neb., third. Distance 22 feet, 4 inches.

Relay: Won by Nebraska, Trexler, Crites, Smith, Layton. Time 3 minutes, 29 seconds.

Javelin: Won by Sorrenti, Cal.; Neufeldt, Cal., second; Hartman, Neb., third. Distance, 189 feet, 10 inches.

Eleven universities in the Pacific coast states sent representatives to a conference for the purpose of forming a permanent inter-collegiate debating organization. "Pacific Coast Forensics Conference" was the official title adopted by the organization.

## Wednesday is "Snapshot Day" for Student Life Section of Yearbook

Wednesday is "Snapshot Day." This is the decree of the editor of the Cornhusker and with a favorable sky every Cornhusker should have a camera on the campus to get "snaps" of "the Bunch" to appear in the 1923 year-book. Pictures of every size and description will be received at the Cornhusker office this week for selection for the pages of student life. Provisions can be made for the return of any snaps or pictures if specified by the student bringing them into the Cornhusker office.

In the years to come, a book containing pictures of general interest will be dear to the hearts of every student. They recall the actual appearances and fill a place that portrait photography does not touch. An effort is being made by the Cornhusker staff this year to make the section as extensive as possible and include many "shots" of as many people as can be crowded into thirty-two pages of student life material.

Pictures of activities, parades, as well as those of a more foolish vein,
