**BALL SQUAD LEAVES TO MEET MISSOURI**

Coach Dye Takes His Squad on Southern Jaunt—Dope Favors Tigers.

The Cornhusker baseball squad, fifteen strong, accompanied by Coach Dye leaves today at 1:30 for Columbia, Missouri, where they play the strong Tiger team a series of two games. The warm weather of the past week has brought forth a remarkable improvement in the Nebraska team. Kinks left in muscles by cold weather have been ironed out, batting eyes have again found their keenness, and the hurling staff was never in better form. Coach Dye is very optimistic of the outcome of the series, although he realizes that the Tiger team will be a formidable antagonist, as they defeated the Oklahoma Sooners last week by a score of 17 to 1. Cornhusker fans of the national pastime are predicting very close contests at Columbia. The men who will make the trip are: Petty, Kennedy, Lewellen, Peterson, Tipton, McVicker, Smaha, Volz, Gibbs, Arries, Collins, Janda, Russell Dole and Captain Frank Carman. The election for baseball student manager, which was to have been held yesterday, is postponed until the arrival of Coach Dawson, who has not yet returned from the California trip, so the team will not be accompanied by a manager.

Coach Dye put his men through only a light practice Wednesday evening. Tuesday practice consisted of a scrimmage with the Freshmen under the direction of Joe Pizer at Rock Island park. The Varsity won 9 to 4 in eight innings. Both Dye and Pizer used practically all of the applicants who turned out instead of presenting regular lineups. For the first three innings the first year men led 1 to 0 but after that the superior batting of the Cornhuskers began to tell.

**Sifting the Cinders with the Tracksters**

Coach Schulte, Manager Herb Gish, and the squad of twenty tracksters returned early yesterday morning from their long trip to the coast. All the athletes were in fair shape and out for a workout on the high school track Wednesday afternoon.

Final tryouts for the Kansas Relays will be held Saturday afternoon. Coach Schulte will take a full team of over thirty men to the Jayhawk classic and enter all events. All track men out for the tryouts Saturday.

Charlie Paddock, the "world's fastest human" will not compete in the Drake Relays next week as expected. The famous University of Southern California sprinter left Tuesday for Paris, France, where he will take part in the international inter-collegiate meet. It is said that Paddock will be the only American participating in the meet.

On the other hand, the Husker party was equally high in its praise of the California institution. They were treated royally on the Bear campus, and received every courtesy. The Huskers lauded the democratic feeling on the campus and school spirit of the Californians.

Coach Christie, Manager Cortelyou, and the members of the Bear track team were high in their praise of the Nebraska track team after the meet last Saturday. They complimented the Cornhuskers on their fine showing, their fighting spirit, and most important of all, the good sportsmanship of the Nebraskans.

**HUSKER MAT MEN ARE GOOD AS EASTERNERS**

Dr. Clapp Given Chance to Compare Wrestlers from Different Parts of the Country.

An interesting comparison between the brand of wrestling being put out at Nebraska and that displayed by eastern universities reflects credit on the Cornhuskers, according to Dr. Clapp, mentor of the Nebraska mat men, who was present at the annual Eastern Intercollegiate meet at Ithica recently.

Dr. Clapp went to Cornell after watching the Western Intercollegiate competition at Columbus. He says that the eastern events were more interesting to the spectator than the western because teams as well as individuals compared. Cornell with 17 points beat Penn State only by one tally for first place; Yale scored 14 and Lehigh 12.

Very few new holds not used in the west were noticeable at the eastern event. The wrestlers there, according to Dr. Clapp, are more finished than those who took part at Columbus and while they showed that they had more experience they used nothing that was not taught at Nebraska. In regard to the individual men he says the wrestlers from this part of the country have more speed, strength and natural ability.

A week after the Cornell meet Penn State, which placed second, met Ames, whose defenders had tied with Ohio for the Western Intercollegiate championship, each team having a 1,000 per cent record. Ames won easily with a score of 15 to 6 gained from taking five of the seven matches.

When Ames competed against Nebraska it, with difficulty, gained a victory by a 14 to 11 score. What Nebraska might have done in the eastern affair is a matter for optimistic conjecture.

Efforts were made this year to pit the two sections against one another on the mat but they had to be given up. The principal objection to such an event is caused by a long standing agreement between the big three of the east—Yale, Harvard and Princeton—not to take part in any inter-sectional meets. All of the other eastern schools seemed agreeable. If it is arranged in the future it will mean the settling of the national championship since these two sections include in their membership all of the stronger teams.

Angler of Illinois, who made a new American record in the javelin when he heaved the spear over 202 feet at the Drake Relays last year, will be at the Kansas Relays next Saturday.

**High Schools Are Sending Delegates to Annual Debate**

High schools are as usual sending delegates to the Nebraska-Iowa debate Thursday evening to study intercollegiate debate workmanship. Announcement concerning the contest was sent to about forty members of the Nebraska High School Debating League—those in the eastern and southeastern part of the state.

The letter sent out by Prof. M. M. Fogg, secretary of the League, asks for the number of reservations desired by the school to which the letter is sent. "If you wish a group of seats for your delegation, make reservation with the Student Activities office, University of Nebraska," says the last paragraph of the bulletin.

**Mable Dickinson Wins Apparatus Contest**

Mable Dickenson, '24, won the apparatus contest of the Physical Education Normal class at 11 o'clock yesterday. Her score was 87. Anna Hines, '24, placed second with a score of 92. Colita Aitken won third.

The contest is an annual affair in the department. One of the alumni offers an individual silver loving cup as the prize every year.

Florida is the latest school to enter a team in the Drake Relays at Des Moines April 27 and 28. Ray Watson of the I. A. C. and "Deac" Wolters of Ames, two of the greatest runners in the country, are among the stars who will compete in the Des Moines meet. Tom Lieb, Notre Dame's stellar discus thrower, will also participate in the meet.
