

COACH SCHULTE GIVES LINESMEN STIFF WORKOUTS

Scarlet and Cream Hospital List Handicaps Dawson in Preparing for Urbana Game Barely Two Weeks Away.

MANY RUMORS COME FROM ILLINI CAMP

Bear Dope from Blue and Gold School Is Offset by Stories Tell of Promising Sophomore Gridsters on Squad.

With Coach Henry F. Schulte back at his old job of coaching the Husker line, Nebraska's prospects for developing a strong line before the Illinois game have brightened considerably. The feature of the drill Friday and Saturday afternoons was the stiff workouts given the linesmen by Schulte and Day. The hospital list, which grew rapidly, the last of the week, is expected to provide another handicap to the Husker coaches in preparing for the game with the Illini.

Bassett, who has a badly wrenched arm, Weir, who has a bad cold, and Noble with blistered feet, compose the Husker hospital list. Bassett, who was bothered considerably last fall by head injuries, has been provided with a special headgear this year, which is designed to prevent injuries to his cranium.

Stories coming from the Blue and Gold camp at Urbana are a strange combination of "bear dope" and "bull stories." One story says that two strong veterans, Robinson and Perrill, halfback and end, respectively, have turned in their suits while three other men are ineligible at present. The latest "bull story" emanating from Coach Zuppke's headquarters is to the effect that in addition to the eleven letter men at the Illinois institution, there is a large squad of most promising sophomores fighting for places on the first team. Included among these is "Dick" Hall, 230-pound tackle, who will be in the lineup when the Illini meet Nebraska on the 6th at Urbana in the opening game of the 1923 season for both teams.

Friday's workout in the Husker passing, signal running and punting, Captain Lewellen doing most of the punting on 'A' team. His punts were almost up to standard. Danny Reed and Bowers were also trying out their toes on the pigskin.

The Cornhusker coaching staff realize only too well that the condition of the team they are to face at Illinois and the strength of this foe. The Nebraska team is rapidly gaining hold on their formations and will soon be in better shape for harder scrimmages. Coach Dawson and his assistants do not expect to meet Illinois in mid-season form and they are taking things slowly and grasping them as they go. The purpose is not to build their team too fast. A team that is thrown together and allowed to go that way does not come up to requirements, hence the time and consideration of every move and change, Dawson says.

At the start of the season of signal running Captain Lewellen was shifter from halfback to his old high school station at quarter. At first it was awkward for him but now he is being good at quarter this season creditably. Rufus DeWitz has hitting his old stride and filling the son; he is also a valuable halfback. Dave Noble and Herb DeWitz have been playing with their usual steadiness at halfbacks.

Sid Hartman has been filling the gap at fullback in good form, although there are possibilities of Meyers, Locke and Rhodes being used at full. Chippy Rhodes reported for workout Friday and it is a question whether he will be used at end or in the backfield.

The next two weeks will be spent in good, hard workouts every day, according to Coach Dawson;—with every man fighting for a chance to make the first trip of the year, to Urbana, October 6.

ELECTED DELEGATE TO Y NATIONAL COUNCIL

William G. Altstadt, president of the University Y. M. C. A. cabinet and a senior in the College of Business Administration, was elected to a national committee of the Y. M. C. A. while at the Estes Park conference held June 9-19, this summer. The national Y. M. C. A. student council, as it is called, meets in New York City once or twice each year and has policy determining powers

which govern the actions of the University Y. M. C. A. throughout the United States.

Mr. Altstadt was originally a local representative in the state organization of the "Y." He then attended the Estes Park conclave as a state representative in a regional convention including the six states of the Rocky Mountain regional council. By this organization he was elected as one of two (the other being the president by virtue of his office) to sit in the national student council of the Y. M. C. A. Not only do the 16 student members of the national council determine the policies of the "Y" throughout the country, but they also cooperate and are a part of the international organization which has similar aims.

Francis A. Flood, '20, of University Place, instructor in mathematics at the School of Agriculture last year, has been appointed instructor in English at the Iowa State College, Ames, this year. At Nebraska he specialized in English and Journalism. For the publicity department of the Canadian government he has published a series of articles in the Nebraska Farmer on a trip he took to Alaska last summer.

Miss Jessie Watson, '22, formerly in newspaper work in Lincoln, is now in the advertising department of the Bremerton News Searchlight, Bremerton, Wash.

SEPTEMBER ALUMNI JOURNAL PUBLISHED

Advance Story on Football and Article by Avery in Recent Issue.

Thirty-eight hundred alumni and former students are receiving the University Journal, official publication of the Nebraska Alumni Association. The September issue, now out, contains the advance speculations on the 1923 football team, a special article by Chancellor Avery on the distribution of students through the various departments and colleges, and numerous articles on the activities of the more prominent alumni of the university.

A number of marked changes appear in this issue of the Journal. Advertising matter has been admitted for the first time, not to make the Journal entirely self-supporting, according to Harold F. Holtz, secretary-treasurer of the Alumni association.

Through SCHOOL— Through COLLEGE— In BUSINESS

Eversharp and Wahl Pen are America's finest-working and best-liked pencil and pen. When you buy these two you acquire writing companions for life.

Eversharp was the first successful mechanical pencil—and its features can't be copied. Eversharp lead never wobbles—the exclusive rifled tip holds it absolutely firm. The automatic index always tells how much lead is in the barrel. And Eversharp craftsmanship gives a balance to the pencil that suits your hand perfectly.

Wahl Pen in all-metal is the outstanding fountain pen achievement. The all metal barrel cannot crack or split. You fill it less often because it holds more ink. And it will last a lifetime.

Eversharp and Wahl Pen are essential in school, in college and in business. Buy both, in gold or silver. Eversharp, \$1 to \$10; Wahl Pen, \$4 to \$10. Solid gold at higher prices.

The New Wahl Pen, engine-turned in jet-black rubber, is the best looking and most practical rubber fountain pen you have ever seen. Price \$2.50 up.
