

PHYSICS DEPARTMENT SCHOLARS INCREASED

Twenty-five Percent More Students Register for Physical Sciences This Year

The Physics department at Brace hall is slipping easily into the winter's routine, according to H.H. Marvin, chairman of the department, with about twenty-five percent more students enrolled in its classes.

No changes have been made in the faculty, with the exception of graduate assistants. B. J. Spencer, demonstrator, is on indefinite leave of absence. He has been ill at the university hospital since August 20. B. L. Stowell, graduate assistant, had gone to Columbia university to study for a doctor's degree. M. D. Weldon graduated at Nebraska in 1922, will take his place.

School Teachers to Convene Here

District No. 1 of the Nebraska State Teachers association announces a very attractive program for its second annual meeting to be held in Lincoln November 1, 2 and 3. National celebrities will be brought here for the instruction and entertainment of the visiting teachers.

One of the headliners is Arthur Middleton famous American baritone and formerly a member of the Metropolitan Opera company. He will appear in recital on the evening of November 2. Discriminating critics consider him second only to the renowned Russian singer, Chaliapin. He is an exclusive attraction and will not appear elsewhere in Nebraska.

Of Arthur Middleton, Glenn Dillard Gunn, noted critic of the Chicago Herald and Examiner says: "Mr. Middleton to my mind is the finest singer now before the American public, Chaliapin excepted. His voice surpasses that of any baritone since that of the great Russian. It includes the bass as well as the baritone range. In the matter of interpretation, also, Mr. Middleton has every resource at his command, the power for mighty climaxes, for startling contrasts and the variety of the tone coloring makes it reflect the mood or the text even to the last syllable. He has the further advantage of singing in English."

Over 3,000 teachers attended the first annual meeting of District No. 1 in 1922.

Wesleyan Students Hear Speaker from Land of the Bible

"Almost no direct evidence for the stories of Moses and Joseph is to be found today," said Rev. C. W. McCaskill in addressing the large Bible class of Chancellor I. B. Schreckengast at Nebraska Wesleyan Tuesday. The speaker was just returned from a study in person of Bible lands.

Mr. McCaskill continued: "The background of these stories is today in perfect harmony with them. The Pharaoh, Rameses 11, gave to Joseph his name, which means 'Conservator of Life.' The customs and life of the people of the time influenced the writing of the Bible. By an understanding of these customs we may better understand the Bible."

Mr. McCaskill cited as proof of the sweetening of the waters of a spring in Jericho by Elijah that this was the only sweet spring in the whole territory round about. "There is no doubt that the ancient cities of Sodom and Gomorah lie buried beneath the Red Sea" said Mr. McCaskill. "After an earthquake of any kind one can find pieces of asphalt floating on the surface of the sea and lying on the banks. The slime pits which are spoken of in the Bible mean tar pits or asphalt pits."

Captain Knight Leaves For Foreign Service

Captain Butler Knight, formerly connected with the military department of the university, left last evening for New York and will sail from there on October 4 on a transport for Porto Rico.

Captain Knight has been in Lincoln a little less than two years and during that time made many friends. He is a member of the Sixty-five infantry and will be stationed at San Juan.

He spent the greater part of the summer with friends and relatives in Texas but returned to Lincoln for a few days' visit before leaving for foreign service.

CONFERENCE SAYS "TERRIBLE" TOMMY IS NOW INELIGIBLE

Dewitz, Hartman, went through the Frosh line for a touchdown from the center of the field. Line smashes were responsible for the yardage. A spectacular twenty yard pass from Dewitz to Noble brought the ball close to the goal line.

Rufus Dewitz and Locke were used in the next encounter in place of Captain Lewellen and H. Dewitz respectively. Their defensive playing was commendable.

The early part of the afternoon was spent in offensive and defensive forward passing. Coach Dawson is depending a lot on his passes this season as he has some good men who can throw the pigskin and some candidates who are well adapted to gathering in the oval from the air. Collins and McAllister have been grabbing them while they are hot.

A good scrimmage is on the card for Friday afternoon in putting the climax on the next to the last week's practicing before the opening game at Urbana, barely a week away.

CHURCHES PLAN NIGHT FOR COLLEGE STUDENT

The Episcopal students will be entertained at the home of Mr. and Mrs. A. H. Farrens, 1345 South 18th. The Unitarian church will hold its annual reception at the church, 12th and H, at 8 o'clock.

The First Christian church invites all students to the church at 14th and M for the annual reception.

The three Presbyterian churches, the First at 13 and M; Second at 26th and Q; and Westminster at 23d and Garfield plan to hold their receptions at 7:30 and 8 o'clock.

Catholic students are invited to a reception held by the Knights of Columbus hall at 8 o'clock.

Christian Science club of the University will entertain for students in Art hall at eight this evening.

Grace Lutheran church at 14th and F will also have a reception at 7:30 to which all are invited.

THURSDAY RALLY OF FRESHMEN IS UNUSUAL IN SIZE

(Continued from Page 1)

The band also played at various intervals during the program. Coach Henry "Indian" Schulte gave a very sincere and emphatic talk on "Nebraska Spirit." He is already known to many of the freshmen men because of his connection in high school football.

"There is something here at Nebraska that you can find at no other school, something God put in the hearts of the pioneers who first came to this country. That is, the real honest-to-God spirit that can be found nowhere but at Nebraska," said the coach.

"I have been around other schools and I have had offers from other schools, but I believe in Nebraska, and I will never leave until my services are no longer of use here. You are entering the best school in the middle west," said Coach Schulte.

"We don't believe in 'petting parties,' and we don't care for the kind of students who do. Nor do we need the 'cake-eater.' When I occasionally see one around the campus I can't think of him as a Nebraskan—he has no place here," continued Coach Schulte.

"You are the biggest class that ever stepped into the University of Nebraska and it looks as though you'll be the best, but you're not real Nebraskans until you're ready to give something to the school. That something is loyalty," concluded Coach Schulte.

The freshmen received their first instructions in the university songs and yells during the program.

Accompanied by the band and led by the quartet they sang "The Cornhusker," the official Nebraska anthem.

Professor R. D. Scott, in the last address of the morning, said "One difference between Nebraska and most other schools is the treatment of the freshmen. In most other schools, the first year students are treated like dogs, and are made to feel that they have no place at that school. At Nebraska, we do just the opposite. The sooner the freshman realizes that he is a part of the university, the better we like it. As for the green caps, you are asked to wear them in order to get your class unified. It is not a hazing stunt as it might seem to you at first," said Professor Scott.

Every hand in the Armory went up at once.

The convocation was managed by the Innocents and Mortarboards. Welch Poque, who presided, ended the meeting by asking that every freshman man have his green cap and every freshman girl have her

green button by the end of this week.

After the end of the convocation, the entire class went out on the campus where both still and moving pictures were taken of them.

COMMERCIAL CLUB HOLDS FIRST OF YEAR'S MEETINGS

(Continued from Page 1)

for vice president—John Comstock, Oscar Oesterlund, and Ted Cole; for secretary—Bex Reese, Roland Eastabrooks, and Howard Meador; for treasurer—W. K. Swanson, Bill Usher, and Campbell Swanson.

The election of officers will be conducted next Thursday in the club rooms.

It is through attendance at the weekly meetings that freshman and others in the College of Business Administration become acquainted with the work of the club and with the leaders in the college.

Last year the club increased greatly in numbers and from the attendance at the first meeting it is thought that the most successful year of the club is at hand. Such men as ex-Governor McKelvie, O. J. Fee, and Mr. Selleck, spoke to the club last semester, and the practice of business men as explained to members gives the practical side of the theory that is obtained through school work. A drive for members will soon be launched and in the meantime, all freshmen and non-members are invited to acquaint themselves with the club rooms and the members.

All activities of the Business Administration College are sponsored by the club. Bizad day, inter-college athletics, smokers, outside lectures, and banquets are some of the
