Your Satisfaction---Our Gratification!
Clothes for Fall

You must have quality to have economy in clothes. Our policy demands that clothes be made right and priced right. That means satisfaction to you and gratification to us. The old, way of flagging your attention with fictitious price reductions won't do at Speiers. This store will never be guilty of putting on the back of any man a piece of merchandise robbed of enduring quality, merely to hold out the lure of a low price bait.

Thus are worn out ideas scrapped like obsolete ships, and the Speier standard of Quality remain unaltered and unimpaired.
