VARSITY WORKS ON PASS GAME IN SCRIMMAGE

Regulars Gain Through Line but Frosh Smear End Runs and Intercept Passes in Tuesday Battle.

DRILL ON DEFENSE AGAINST SOONERS

Coach Benny Owen Says, "All We Ask at Nebraska Is a Dry Field, and Then Watch Us Go!"

Forward passing provided the main means of attack in the Tuesday scrimmage between the freshmen and varsity when they mixed head-gears on the stadium field in their daily battle.

There were two teams used on both squads and a real battle royal was staged. The varsity was given the ball and they counted some nice gains by pounding the frosh line. Their end runs were smeared and most of the aerial work was intercepted by the visiting yearlings. Coach Young has been drilling the frosh successively on the art of passing and defensive passing. Noble and Lewellen were making the gains for the varsity, while Bill Bronson and Treba were the big noises in the frosh backfield. Several times they completed passes that were good for ten to twenty yards. Bronson's ability to get up in the air and snag the oval was causing the varsity all kinds of trouble and yardage. Joe Weir and Bass were breaking through the varsity line and spilling the backfield for losses while the plays were in their infancy.

Doug Meyers, working on the right wing, was holding down his position like a veteran and his defensive work was a great asset to the varsity. The Cornhuskers were still sore from their battle at Illinois. Berquist and Bassett were both out of the lineup and McGlasson and Hendrickson were filling in on the forward wall.

On team "B" of the freshmen, mention must be made of the work of Swearingen, playing left guard. His defensive holding of the line and his smearing of plays caused team "B" of the varsity to cease trying for gains through his side of the line. On the offensive, his work at making holes was like that of Berquist's on the varsity.

Coach Dawson and his staff are doing everything possible in preparation for the contest with Coach Benny Owen's Sooners Saturday. Benny says, "All we ask at Nebraska is a dry field, and then watch us go. We know the Cornhuskers have a good team but we have one that is going to cause some surprises in the Valley before the season is over." No doubt Owen will start his aerial attack again. His coaching in that particular art is always threatening to opponents, and consequently Coach Dawson is reciprocating by drilling the Cornhusker warriors on the passing game and the defensive passing game. With but three more days left to practice, the Scarlet and Cream wearers are being drilled to the limit.

Be a stadium user.

FROSH WORK HARD ON AERIAL ATTACK

Train Varsity for Basketball When Oklahoma Squad Arrives Here.

The freshman team is working hard on the passing game this week. Forward passes are being used almost entirely in the scrimmages with the varsity in preparation for the Oklahoma game next Saturday when the Sooners will turn the gridiron into a basketball floor.

In the scrimmage yesterday the varsity was on the offensive for a quarter of an hour and during that time showed improvement over last week. The freshmen line was broken through easily by the varsity, but several passes attempted were broken up by the frosh backfield. The freshmen carried the ball during the greater part of the scrimmage. About three plays out of four were passes. Many of them were completed. Bill Bronson and Heck were a pair that connected consistently. Conklin and Manderey, ends, also received the sphere regularly.

A number of freshmen who started out the season have quit. Freshman Coach Farley Young announced today that they must return their suits immediately.

Only 57c to see Notre Dame play.

Five Forceful Facts

1. Every student possessing a ticket is showing the real Cornhusker spirit and will be admitted to all athletic events.
2. Only those possessing student tickets will be admitted to the student section of the stadium. Don't you want to sit with the rest of the students?
3. This is absolutely a money saving proposition to the student. Here is what you get for your \$7.50:

Football	\$ 9.50
Basketball	4.00
Baseball	4.50
Track	1.50
Wrestling	1.50
Tennis	5.00

Total

There you are—\$26.00 worth of athletics for only \$7.50. Where else can you find such a money-saver?

4. No one wants to miss a football game in our new stadium. The first four games alone total \$7.50 and then everything after that is free.

5. Here you are: When you buy a student ticket you pay \$2.85 to see 5 big football games in our new stadium. That is only 57 cents a game. Who wouldn't pay 57 cents to see Notre Dame play? Some people last year paid \$25 for one game alone.

Wouldn't you pay \$1.30 to see eight basketball games? That is only 16 1-4c a game.

\$1.35 lets you in to see nine baseball games. Only 15 cents a game. You save 35 cents on every game you see.

Fifty cents admits you to 3 big track meets in our beautiful new stadium. Don't go to a movie this week and save your 50 cents to see these track meets.

DEAN CUTTER TO MAKE IMPORTANT TRIP TO LONDON

Board Believes Expense is Justified by Results He Will Bring From International Medical Congress.

REGENTS VOTE \$1,000 TOWARD HIS EXPENSES

Prof. J. T. Lees Placed on Part-time Basis; Committee Considers Professor Mickey's Request of Outside Work.

Regents of the University met recently and decided that Dean I. S. Cutter of the College of Medicine at Omaha should go to the International Medical Congress at London in November with his expenses up to \$1,000 paid by the University.

"Results which will be brought to the state, to the country and to the Medical College," declares an announcement made by the board, "justify the expenditure."

Resignations and appointments previously announced in the press were confirmed at this meeting, and Prof. James T. Lees was placed on a part-time status under the same conditions as Professors Barber, Caldwell, Bruner, and others. The full report of the meeting follows:

The Board of Regents met in the chancellor's office at 11 o'clock. Regents Bates and Seymour were unable to be present.

Ad interim resignations and appointments previously announced in the press were confirmed.

The following persons were placed on the accredited list of music teachers of the University: May Pershing, Marga Link, Margaret Malowney, piano; Don Gordon Berry, cornet, trumpet, trombone; Charles Erwin Ewing, clarinet.

Titles of the following were changed: Claude C. Minter, assistant professor of agricultural education, to be assistant professor of vocational education; Beulah I. Coon, assistant professor of home economics education, to be assistant professor of vocational education; Helen H. Halm, assistant professor of home economics education, to be assistant professor of vocational education.

The vacancy caused by the partial retirement of Professor Lees was filled by the transfer from the department of philosophy of Associate Professor Louis R. Gray, who was promoted to the rank of full professor of comparative philosophy and oriental languages. The readjustments and changes in the department of ancient languages had been approved previously by the University authorities on consultation with the Regents and were at this meeting legally ratified. Announcement has been previously made in the press.

The request of Professor Mickey for permission to do work outside of University hours, especially on Saturdays and during vacation time, for the department of public works was received. After a full discussion of the matter the board referred the request to the property committee with power to act.

Request from the sanitary district to be given the right of way for a sewer across the Agricultural College campus was received and referred to the industrial committee with power.

As a matter of economy the Board voted to discontinue all general advertising in student publications. This order will still permit of brief announcements of courses especially germane to the publications. Thus, the publications of the College of Engineering may contain announcements of courses of especial interest to engineers; the Agricultural College publications announcements of courses in the Agricultural College, and the like, but no general advertisements of the University will hereafter appear.

Inasmuch as Dean Cutter is president of the National Association of Medical Colleges and inasmuch as the next national meeting will be held in Omaha, where representatives from all parts of the country will be present, the Board voted to authorize for Dean Cutter a trip to London at an expenditure not to exceed \$1,000. The occasion of his going is the International Medical Congress to be held there in November. Dean Cutter will make a hurried trip and bring to the Medical College and other colleges of the country the results of the latest researches and advancement in medical science. An important feature of the congress will be a thorough discussion of the latest methods of treating diabetes. While the Board recognized that the payment of a part of the expenses of Dean Cutter to a world conference was unusual and not to be taken as a precedent, they unanimously agreed after full deliberation that the results that he would bring to the country, to the state, and to the Medical College, in particular, justified the expenditure.

No recess was taken for lunch, the Board remaining in session during the noon hour and adjourning about 2 o'clock. After the Board adjourned, committees remained in session to consider the relations of Professor Mickey to the state government and the request for the right of way of the sewer across the Agricultural College campus.

SOONERS PLAN TO GIVE HUSKERS STIFF TUSSLE

Oklahoma Squad Does Heavy Scrimmage Work With Freshmen Team.

Reports from the Oklahoma grid camp indicate that the Sooners are preparing to put up the fight of their lives against the Cornhuskers when the teams meet for the initial game in the Husker's new stadium Saturday.

This will be the first game of the season for Oklahoma and also the first Valley clash for the Cornhuskers. The Sooners, however, have been doing heavy scrimmage work for the last two weeks with their frosh squad.

Last Friday instead of a regular game the varsity played a full time game with the freshmen, winning 28 to 3. The varsity swept the frosh off their feet in the first quarter, piling up 21 points. After that the game was nearly equal, the frosh scoring a drop kick in the fourth quarter. All of the varsity scoring was done while the first string men

were in the game, Coach Tolbert using three teams of the varsity.

Oklahoma has sixteen letter men back this year and has a formidable team with good substitution. The probable lineup for the Nebraska game will be:

Boatright, left end.
Penick, left tackle.

Thompson, left guard.
Hartford, center.

Bowles, right guard.
White, right tackle.
Stienberger, right end.
Johnson, quarterback.
Hendricks, left half.
Hammett, right half.
Bristow, full back.
