COMMITTEE WILL MAKE EFFORT TO FILL DRIVE QUOTA

Pharmacy College Only Department to Over-Subscribe on First Day—Will Double Amount.

APPOINT COMMITTEES FOR WORK LAST DAY

Expect Other Colleges Will Go Over Top in Campaign Within Last Two Days of Ticket Sale.

With more than 1,600 tickets already sold the committees in charge of athletic ticket sale are preparing to make strenuous efforts Thursday and Friday to subscribe the quota of 4,000 by Friday evening.

Having over-subscribed its entire quota on the first day of the campaign the Pharmacy College is going into the drive Thursday and Friday to sell double the number of tickets assigned to it.

The pharmacy college was the only one to fill its quota Wednesday. The campaign was conducted from booths located between University hall and the Armory, in the Social Science building, and on the corner of Twelfth and R streets.

Although the results of the first day of the drive were encouraging, the committee in charge expects that the workers will not cease their efforts. It is hoped that the other colleges will go over the top within the next two days.

Progress in the campaign is being indicated by a poster hung on the south side of the Armory which shows a football player running down a field. By evening Wednesday he had reached the yard line marked 1,600. By Friday the committee expects him to have made a touchdown by crossing the 4,000 line.

A new committee and chairman will be appointed for each day of the campaign. The committees and chairmen for Friday, the last day of the drive, follow:

College of Arts and Sciences.

"Y" TO INTERVIEW EVERY NEW STUDENT

Committees Appointed to See All Freshmen and New Men in School.

A committee of fourteen men has been appointed to get in touch with every Freshman and new man in school for the purpose of gaining new members for the University Y. M. C. A. this week.

The committee is under the supervision of Mr. McCaffrey and Robert Shields is chairman. Each member has had previous experience in Y work and will choose four assistants who will personally interview every freshman. One feature of this year's program is the weekly meetings held every Friday noon from 12:20 to 1:50 p. m. At these meetings a songfest is held first, after which there is a talk by some outside speaker.

The committee say that anyone not interviewed who wishes to join the Y should see Mr. McCaffrey at the Temple building.

Appreciation From Our Football Team

To the University Student Body:
"I wish to take this opportunity in behalf of the football squad and myself to thank the University student body for the reception given us at the Burlington station Sunday afternoon upon our return from Illinois.

"Although the football team was defeated I can assure everyone that we are not letting the defeat bother us any and are working harder than ever in preparation for the Oklahoma Sooners, who play us Saturday. We hope to show the public that Nebraska has just as great a team as she has ever had and I believe we will."

VERNE LEWELLEN,
Captain 1923 Nebraska Football Team.

STUDENT DIRECTORY OUT IN TWO WEEKS

Publications to Contain Names of Six Thousand Students and Faculty.

The University Directory, published annually by the Y. M. C. A. and Y. W. C. A. is to be put on sale in about two weeks. All corrections or additions to the directory must be handed to the Y. M. C. A. offices in the Temple this week so that work on the directory may not be delayed, according to Paul McCaffrey, Y secretary.

With a staff of typists on the job, copy is being sent to the printer every day. Some proof reading has been done. By next Monday all corrected proofs will be with the printer. The committee in charge hopes with this record to have the books on sale within two weeks.

The 6,000 student and faculty names going into the directory have been taken from three sources. College and class data from the registrar's office, address cards filled out by students in classes, and membership lists of fraternities and sororities, and organizations submitted by them have been used.

Arrangements and typing of these lists has been done by committees of girl volunteers under the charge of Helen Kummer, of the Y. W. C. A. cabinet.

WOMEN CAN TAKE ANY UNIVERSITY COURSE

Chancellor Avery Writes That Men Are Not Eligible for Every Course.

(University News Service)
Chancellor Avery, writing in the September number of the University Journal on the relative distribution of men and women in the colleges and departments of the University, states that there are no rules or regulations preventing a woman with proper preliminary training from taking any course offered at Nebraska.

Men are not privileged quite so widely, since they are not eligible to undertake work in the School of Nursing in the College of Medicine at Omaha. No man has ever applied for entrance to this school, according to statistics of registration.

There is on file an application from a young man for registration in the course of home economics, and though he has been officially discouraged, he will not be barred.

Masculine timidity over a feared invasion of women may be calmed by the announcement that during the last ten years a natural partial segregation of the sexes has been taking place. The result of this tendency shows the wisdom in permitting free choice of studies on the part of men and women without artificial bounds or restrictions.

Beg Your Pardon!

In the story concerning night classes in Sunday's issue of the Nebraskan it was stated that the class in beginning English composition would be taught by Miss Constance Syford. Professor Rouse B. Wilcox will teach the class.

LINCOLN MERCHANTS BUY "N" BANNERS

Stores Will Be Decorated In Honor of Important University Events.

To advertise and celebrate football games, homecoming week, commencement, and other University events of note, sixty-four Lincoln merchants have agreed to purchase and display large "N" banners.

The retail trade subdivision of the Lincoln Chamber of Commerce has advocated for some time such recognition of important University events and under the sponsorship of this organization most of the merchants of Lincoln have bought "N" banners. They are four by six feet, of crimson and cream, with a large "N" in the center.

It is the plan of the Chamber of Commerce to phone all owners of these banners in advance of football games and other events. Next Saturday's game will be celebrated in this fashion.

The Chamber of Commerce has two big banners which it displayed last year. The plan will be repeated this year in co-operation with the retail merchants. They will hang from the south wall of the building.

CLOSE DRIVE LIST UNTIL DECEMBER 15

Schedule of Campaigns to Be Launched Is Announced by Council.

The calendar of drives on the Nebraska campus is closed until the 15th of December. Under the supervision of the Student Council the drives on the campus have been allocated so as to prevent constant drain of money from the pockets of the students through the drives for various causes.

The complete calendar as announced by the Council is as follows:

October 10, 11, 12 and 13—Student ticket sale for athletic events.
October 18—"Bizard" subscription campaign on the third floor of Social Science building.
October 24, 25, 26, 27—Stadium pledge payments.

October 30, 31, November 1, 2—Y. M. C. A. and Y. W. C. A. drive for funds.
November 5-10—Stadium pledge drive for freshmen.

Three applications are before the council for dates up to December 15. An effort has been made by the Student Council to schedule drives at least a week apart. Application must be made to the council before any drive or campaign is carried on the Nebraska campus or in connection with the student body at any time during the year.

EDITOR IS SPEAKER AT FIRST LUNCHEON

Y. M. and Y. W. Hold First Meeting of Year Wednesday Noon.

Will Owen Jones, managing editor of the Nebraska State Journal, was the principal speaker at the first joint luncheon of the Y. W. and Y. M. C. A., held at the Grand hotel yesterday noon.

Mr. Jones has recently returned from a tour of England, and took as his subject "The British Industrial Crisis."

A discussion by the students followed his address. Each person present at the meeting was asked to write on a slip of paper his preference of subjects for discussion, a ndhand it in. From these will be selected a number of the future topics.

These meetings are to be held every Wednesday noon and are open to any who are interested. The cost of the luncheon is 25 cents. The discussions will close in time for students to make 1 o'clock classes.

About eighty students studied the Italian language at the University of Wisconsin this year.

None of the seventy-one counties of Wisconsin sent less than two students each to the University of Wisconsin this year.

Nine Reasons Why Students Should Buy Athletic Tickets

1. Every student possessing a ticket is showing the real Cornhusker spirit and will be admitted to all athletic events.
2. Only those possessing student tickets will be admitted to the student section of the stadium. Don't you want to sit with the rest of the students?
3. This is absolutely a money saving proposition to the student. Here is what you get for your \$7.50:

Football	\$ 9.50
Basketball	4.00
Baseball	4.50
Track	1.50
Wrestling	1.50
Tennis	5.00
Total	\$26.00

There you are—\$26.00 worth of athletics for only \$7.50. Where else can you find such a money-saver?

4. No one wants to miss a football game in our new stadium. The first four games alone total \$7.50 and then everything after that is free.

5. Here you are: When you buy a student ticket you pay \$2.85 to see 5 big football games in our new stadium. That is only 57 cents a game. Who wouldn't pay 57 cents to see Notre Dame play? Some people last year paid \$25 for one game alone.

Wouldn't you pay \$1.30 to see eight basketball games? That is only 16 1-4c a game.

\$1.35 lets you in to see nine baseball games. Only 15 cents a game. You save 35 cents on every game you see.

Fifty cents admits you to 3 big track meets in our beautiful new stadium. Don't go to a movie this week and save your 50 cents to see these track meets.

6. Only those possessing a student ticket will be allowed to use the university tennis courts.

7. If you are a loyal Cornhusker, you will see all the athletic events so buy an athletic ticket and save money.

8. Be a stadium user. Watch our teams in action in it.

9. We have the wonderful new stadium now. Let us have our spirit in keeping with it.

Charles Yungblut Wins Ticket Selling Honors

Selling seventy-five student athletic tickets Charles Yungblut won individual honors in the first day of the sales campaign.

Arline Rosenberry was a close second with seventy sales to her credit. Miss Rosenberry was a member of the Wednesday committee for the College of Arts and Sciences and Mr. Yungblut was selling in the College of Business Administration.

The committee in charge of the drive is making a rather close check on the work of the individual solicitors and as a result keen rivalry among those selling the tickets.

HERTZLER ADDED TO SOCIOLOGY STAFF

Two New Courses in Sociology Offered to Undergraduates This Year.

Professor J. C. Hertzler has been added to the faculty of the sociology department of the coming year. Professor Hertzler took some of his work at Harvard and has his doctor's degree from the University of Wisconsin, where he has been teaching for the past five years. His book, "The History of Utopian Thought," came out in February and has been widely reviewed.

At the University of Nebraska, Professor Hertzler has taken over Dr. Howard's course in social psychology and is offering two new courses, namely: "The History of Sociological Thought and Social Economics. The demand for these new courses is evidence of the growing interest in the Social Sciences in the recent years.

Dr. Howard, who until this year conducted a course in Social Psychology, has dropped all his undergraduate courses and is confining his work to the graduate college.

Plan for Ag Mixer in Armory Saturday

The Ags will hold their first mixer in the Armory next Saturday, October 13. The plans are made to accommodate a large crowd and invitation has been extended to the students at large. Everyone knows the good times that were had at former Ag mixer.

A novel feature will be used in conducting the dance. There is no danger of this having been used before, as the Ags have a copyright on it. A good lunch is thrown in for extra measure with the dance.

RHODES SCHOLARSHIP TO BE SELECTED SOON

Nebraska's Candidates Preparing for State Examination December 8.

The University's five candidates for the Rhodes Scholarship are now preparing for their final examination. They are: Welch Pogue, Vernon L. Schopp, Ivan McKinley, Sheldon Tefft, and Raymond Wood. These five students were picked from twenty-two applicants by examination last Saturday. Their names, together with those entered by other colleges in the state, will be sent in to the state committee of selection by October 27. The final selection will be made by this board on December 8.

The state committee bases its choice on three qualities, namely: Qualities of manhood, force of character, and leadership.

Literary and scholastic ability and attainments.

Physical vigour.

Each candidate is personally interviewed by the state committee and the choice is then made.

The scholarship is open only to juniors and seniors. Seniors with a degree are admitted into Oxford with a senior standing. All Rhodes scholars are not restricted as to the courses that they may take. They may specialize in one subject or study for some degree.

All students at Oxford are thrown on their own resources as there are no class rolls taken and the work of the students is not graded. Little study is done during the school term, most of the students spending their vacations, which take up about half the year, in study. Final examinations come at the end of the student's career.

The only requirements on the student are that he come in before 12 p. m. and take dinner at least five times a week at the school. No organized student life exists; the student must seek out the traditions at Oxford in order to really enjoy his career there. Considerable emphasis is placed on English sports.

Registration Less in Ag High School

Completed registration in the School of Agriculture high school, shows a loss of about 15 per cent, according to Professor H. E. Bradford, principal.

Most of the loss has been in boys, he stated, as a new course in dress-making has encouraged the girls, he said. The total loss is 180.

FORMER DEAN TO BE SPEAKER AT DEDICATION

Charles R. Richards to Deliver Address at Opening of Memorial Stadium at Kansas-Nebraska Game.

NOW PRESIDENT OF LEHIGH UNIVERSITY

Parade Led by Faculty and Students to Be Feature of Impressive Exercises, Is Plan Formulated.

The dedicatory speech at the formal opening of the Nebraska Memorial Stadium will be delivered Saturday morning, October 20, by Charles Russ Richards, president of Lehigh university, a former dean at Nebraska. A parade will begin the program of dedication.

The parade will form at 10 a. m. at Twelfth and R streets, and will move at 10:30, going south on Twelfth to P street, east to Sixteenth, south to O street, west to Eleventh, north to P street, east to Twelfth, and north to the east entrance of the stadium.

Groups in the parade will march in the following order:

University of Nebraska band, University reserve officers' training corps, University service flag, University of Kansas band, Kansas followers, University of Nebraska faculty, Nebraska students by colleges: Agriculture, Medicine, Pharmacy, Engineering, Arts and Science, Graduate, Business Administration, Law, Teachers, Dentistry, Nebraska followers.

The University band will play the "Cornhusker" upon arrival at the field, and then the song of K. U.

The colors will float at half-mast until the speech of President Richards and therespouses are concluded, when a firing squad from the R. O. T. C. will fire a volley in salute to Nebraska's soldier dead. Taps will then sound, the flag will be raised, and the playing of "The Star Spangled Banner" by the combined bands of the two Universities will conclude the services.

Nineteen years' association with the University, first in 1892 as instructor and from 1907 to 1911 as dean of the College of Engineering, will enable President Richards to speak the sentiments of Nebraska as few can. His name is connected with untiring efforts to build a greater university, and it was due largely to his work that the present College of Engineering was brought into existence. Leaving Nebraska in 1911, President Richards became dean of the College of Engineering at the University of Illinois and director of the Engineering Experiment Station. Last year he was inaugurated as president of Lehigh University.
