HOMECOMING TO BE USHERED IN BY RALLY FRIDAY

Drill Field Will Be Used In- stead of Armory in Order to Accommodate Larger Crowd.

COACH DAWSON WILL TALK TO STUDENTS

Torchlight Parade Postponed Until Rally Before Notre Dame Game — University Band Will Furnish Music.

The second football rally of the year will be held Friday evening at 6:45 p. m. on the drill field north of the Social Science building.

On account of the homecoming game which is one of the most important contests on the Cornhusker schedule, the committee in charge of the rally decided the Armory would be too small to accommodate the large crowd that it expected to attend.

Every organization on the campus will be asked to eat a little earlier Friday night in order that the rally can be started on schedule time. The rally should not last later than 7:30 p. m. and every student is expected to attend and show their school spirit.

A huge bonfire will be built near the tennis courts to light up the speakers' stand.

Coach Dawson will give a short talk and Chick Hartley, captain of the 1922 Cornhuskers, will be called on for a few words. It is doubtful whether Captain Lewellen will be able to attend the rally. If he is not able to be in attendance, some member of the football team will tell the students just what the Cornhusker football machine is going to do to the Kansas Jayhawkers.

The committee in charge of the rally is making an effort to have Coach "Patsy" Clarke of the Jayhawk aggregation in attendance to address the student body.

Welch Pogue, president of the Innocents Society, will be in charge of the rally Friday night.

The homecoming game in the past has usually called for a torchlight parade, but the torches are being saved for Notre Dame when a big parade and rally will be held. The University band will be in attendance to help build up the spirit for the rally.

"We want every loyal Cornhusker on the drill field at 6:45 sharp Friday evening and every freshman and sophomore should make a special effort to attend the rally and show their school spirit. Since this is the night before homecoming and a big event for the University we want everyone out," declared the chairman of the committee yesterday.

Alpha Omicron Pi Sorority to Wear Badge of Mourning

In respect to the memory of Mrs. Lillian McQuillan, national president of the Pan-Hellenic council, who died recently, members of Alpha Omicron Pi at the university, in common with all other chapters over the country, Tuesday began wearing a small black ribbon under their pins.

Mrs. McQuillan formerly was grand president of Alpha Omicron Pi and national delegate of the sorority.

It is hoped that every member of the faculty and the student body will report by 10 o'clock in front of the Administration building for assignment to places in the parade.

PARK CARS ON PARADE GROUND HOMECOMING

Chamber of Commerce Works Out Plan to Relieve Traffic Congestion.

Because of the heavy traffic expected in Lincoln on Homecoming Saturday, the use of the University parade ground as a parking place for automobiles has been requested by the Chamber of Commerce.

The plan was worked out by the streets and highways subdivision of the chamber, which conferred with Chief Johnstone on the best way to handle the traffic.

The parade ground lies north of R street, between Tenth and Fourteenth, and the plan contemplates no parking on Tenth street north of R, or on R street from Tenth to Twelfth. It provides for policemen on these three intersections along R street and at the Twelfth street entrance, and a squad of experienced men to direct drivers as they enter the field.

Police will patrol the entire parking area throughout the day.

CADETS ACT AS USHERS FOR FOOTBALL GAMES

Cadet Colonel Robert F. Craig in Charge of Seating Arrangements.

Ushering in the stadium has been given over to the R.O.T.C. unit of the University. One hundred and sixty cadets, under the command of Cadet Colonel Robert F. Craig, are in the stands every football game to handle the crowd.

The east stands which include the student and faculty sections are in charge of Cadet Major Howard Hunter and cadets are stationed at every entrance to seat the people. James Miller, cadet major, has charge of the west stands where the reserved seats are. He also has several squads of cadets to act as ushers. The east concourse, under the stand, is in charge of Cadet Captain Livinghouse, while the cadets in the west concourse are under Cadet Captain Spencer.

A strict military organization is maintained, each group of cadets being in charge of a cadet officer. All cadets are in military uniform and they have been given complete instructions as to the seating in the stadium.

The student section has been enlarged and there are three entrances for the students on the east side.

Alumni Will Have Chance Saturday to Sit in Student Section of Stadium

For the first time in the history of Nebraska, the old grads will have the opportunity of sitting in the student section and rooting and singing the old songs with the undergraduate body.

For years the alumni have asked for this privilege, but due to limited seating facilities, the request has not been granted. Now, on account of the new stadium, there is plenty of room, and a way for selling student section tickets has been arranged. Tickets will be sold to alumni only for two dollars. The buyer must show that he is an alumnus of this University before he can receive his ticket.

This new plan of seating will be of distinct advantage both to the students and to the alumni. No doubt it has always been a disappointment to the latter to be forced to be away

Cornhusker Calls for Staff Workers

Applications for positions on the historical staff of the Cornhusker will be received today, according to Robert F. Craig, editor in chief.

Make out applications in the Cornhusker office in the basement of University hall.

GREEN GOBLIN HOLD BANQUET AT LINCOLN

Fifty-four New and Old Mem- bers Attend; Everett Is Chairman.

The largest banquet ever held in the history of the Green Goblin organization was held last night at the Lincoln hotel. Fifty-four new and old members attended. The affair was held mainly to welcome in the new members of the society.

The banquet was started at 6:30 and lasted until 8 o'clock. During this time there was a four course meal, and several speeches. Cigars were also passed around.

Reginald Everett, last year's secretary, acted as chairman of the banquet. Milo Johnson, president, gave the new men a welcoming address, after which Bruce Clark, another of last year's presidents, told them a few things which are expected of them as Green Gobblins.

Morris Roberts, last year's treasurer, wished the new men success, especially in the Olympics, and Jim Wagner urged them to get the Nebraska spirit. Bun Black, one of last year's Gobblins and president of the Iron Sphinx this year, also gave a short talk. Joe Weir, one of the freshmen, was called upon to express the sentiments of the incoming Green Gobblins.

The first meeting was set for Thursday night after the barbecue at the Alpha Sigma Phi fraternity house.

No Daily Nebraskan Thursday Morning

In order that the Nebraskan staff may have more time to work on the Stadium Dedication Edition which will come out Saturday morning, there will be no edition of the Daily Nebraskan tomorrow morning.

The regular Nebraskan will be published Friday, and Saturday morning the dedication number will be distributed. Several Homecoming Day features will also appear in the special edition Saturday.

PLAN LARGER PROGRAM FOR HOMECOMING GAME

Attractive Cover Design and More Pictures Are Features of Booklet.

The N club, working in conjunction with the athletic department of the University, will publish a program for the homecoming game and the dedication of the new stadium.

The program will be much larger than the one published for last Saturday's game. It will be 11 by 8 inches and will contain forty-eight pages. It will be bound in heavy paper with a three color design on the front cover. The design will show a tower of the stadium with the opposite side in the background.

The program will include separate pictures of the players and coaches of both the Kansas and Nebraska teams. There will also be pictures of ten or twelve teams of past years with a complete story of football at Nebraska since 1890, as well as other interesting data on the teams.

In addition to this will be included pictures of the stadium building committee, men who were influential in the campaign for funds, and Dr. Richards, former Nebraska dean, who will be the principal speaker at the dedication.

The programs will be available at the game Saturday at a cost of 25 cents. It is expected that there will be a heavy call for these programs as they will be valuable memoranda to those attending the services and the game.

DR. CONDRA, FATHER OF OLYMPICS, TO SPEAK

Preparations Being Made to Feed at Least 700; Tickets Being Sold to Both Freshmen and Upperclassmen.

The annual freshman barbecue will be held Thursday night at 6 o'clock on the field of the new stadium. Every fraternity on the campus has promised to close its dining room to freshmen tomorrow night, and many tickets have already been sold to non-fraternity men, assuring a big turnout.

The Iron Sphinx, under whose auspices the barbecue is being held, is expecting to feed at least 700.

The meal will be cooked and served in the regular old barbecue fashion, with everyone helping himself to all he wants. Ample entertainment has been provided for. Most of the band and the cheerleaders will be there.

Several talks will be made by well-known men around the University. Among the speakers will be Dr. Condra, father of the Olympics, and Captain Lewellen of the varsity football team.

The meal will consist of barbecued beef, doughnuts, coffee, buns and ice cream.

Tickets, which are being sold to upperclassmen as well as freshmen, are being sold by members of the Iron Sphinx for 50 cents.

The Iron Sphinx is trying to get every freshman to attend this year. Last year the affair was very successful, and the sophomores this year are trying to outdo their predecessors.
