Total weight of team 1,998, average 181.

The officials are A. J. Lipski, Chicago, referee; Isadore Andetson, Missouri, umpire; Dr. J. A. Reilly, Georgetown, head linesman.

**GIRLS WILL HOLD
ANNUAL DINNER
IN ARMORY TODAY**
(Continued from Page 1)

and the Kansas-Nebraska game have been invited to the luncheon.

The luncheon will open with the singing of the "Chant" by all the girls present. There will be music by a five piece orchestra during the luncheon, and at the close, all present will stand and sing the "Cornhusker." There will be yells during the dinner, led by Marie Snavely.

After the luncheon the girls will march to the stadium in formation and sit in a body at the game, in a special section of the co-ed section. They will be escorted by the members of the Xi Delta, Silver Serpents and Mystic Fish, women's honorary societies.

The W. S. G. A. board is in charge of the luncheon, assisted by the women's honorary societies.

**INITIATE EIGHTY-FIVE
FROSH INTO AG CLUB**

"Crack o' Doom," regulation Organization Test, Administered.

Fall festivities started off successfully at the College of Agriculture Thursday evening when the annual initiation of the Ag Club brought eighty-five freshmen into the college organization. Following the "frosch torture" plans for the coming year were outlined to the newcomers by President Wilbur Shainholtz.

All members were made to give the University yells and chant according to the requirements of the Ag club. The usual "crack o' doom," an Ag test, was administered to all new clubmen.

A series of college smokers and mixers will be held in the coming months and it was also decided to uphold the rules governing the use of the Ag campus. The commission of rules has stated that an unknown penalty will be the punishment for violating rules governing smoking on the campus, green-cap wearing, cutting corners and subscribing to the Cornhusker Countryman. These rulings will be enforced by a grand padding council each noon on the suburban campus, and for extreme cases the horse tank may be used.

**Country Agents Gather
at Annual Conference**

The annual state conference of county agricultural agents is in session at the Agricultural hall on the Agricultural campus. The program calls for meetings, district and regional, on Wednesday, Thursday, and Friday, October 1-18-19. The policies and work of next year will be discussed and speakers from the state and national extension departments will be heard.

**NEBRASKA HARRIERS
CLASH WITH KANSAS**

Race Will Start During First Quarter With Finish Between Halves.

The Cornhuskers will be taking the Jayhawks' measure on the distance grind today, while the two football teams battle for honors.

The race will start in front of the student section during the first quarter of the game. The finish will probably be between the first and second half, and will also be in front of the student section.

Coach Schlademman has a strong squad of harriers with him and they will endeavor to hold up their good record of past seasons.

The Husker line-up is changed from that of last Saturday because of the injuries of Howard and Rogers. Haskell and Ross will be in running with Conen, Dickson, Zimmerman and Lewis, today. Schultz and Hyde are alternates.

**YELL CONTEST TO GO
ONE WEEK LONGER**

No Satisfactory Cheers Submitted as Yet in Innocents' Competition.

Due to the fact that the yells submitted during the recent Cornhusker yell contest promoted by the Innocents society were anything but fitting and proper for the occasion, the yell contest has been reopened and will be extended one week longer. All persons submitting yells during the initial competition are eligible to compose more before next Saturday afternoon.

Out of the 150 yells submitted, less than ten were at all suitable and few of those were what the Innocents had in mind when the yell contest was promoted.

The type most desired are yells for a college and state institution that can be used at any time of the year as a cheer representative of that state.

Contestants are urged to think fast and submit yells of meaning for Cornhuskers and not merely a "ra ra" high school cheer.

The entire state is eligible to compete and the committee in charge are anxious to have everyone interested submit yells symbolic of Nebraska.

Address yells to Chairman Cheer Leaders, University Hall, or Athletic Department, before Saturday. The yells will be tried out before a student body in time to be used for the Notre Dame football game November 30.

**CORNHUSKER ASKS FOR
'HISTORY' FROM GRADS**

Editor Says Plan Year Book for Alumni as Well as Students.

The staff of the 1924 Cornhusker wishes to recruit the aid of old "grad" in the collection of historical material for the yearbook. The plan is to collect authentic information on Nebraska organizations in years gone by.

"We want the old 'grads' to feel that the Cornhusker this year will be their book just as much as were the ones when they were in school," said Robert F. Craig, editor-in-chief of the 1924 annual. "When the alumni are spinning their yarns about the good old days of yore, we should like to listen in, as we are making an attempt to collect this material."

Pictures or letters giving information about former days in the history of the University of Nebraska will be appreciated by the staff and will be used in the 1924 Cornhusker.

Communications may be addressed in care of the 1924 Cornhusker, Station A, Lincoln, Nebraska.

**Cereal Chemists Meet
to Plan New Journal**

A committee meeting of some of the officers of the American association of cereal chemists will be held Saturday morning, October 20, at the Experiment Station on the Agricultural campus. The purpose of this meeting as stated by Dr. Blish, president of the association and head of the Experiment Station, is to found a new journal on wheat and flour chemistry. The proposed journal will deal with research work.

Dr. C. H. Bailey, of the University of Minnesota and the editor-in-chief of the new publication, will be here. J. R. Hess and R. K. Durham, officers of the association from Kansas, will attend the meeting.

Speaking of Overcoats in Football terms—here's

"The All American"

**On the Street; at the Game; on the Campus
---Everywhere**

Par-Kerry

Multi-Purpose

Overcoats

There's dominant desire in every man's mind when he chooses an Overcoat. Some men aim uppermost for style, others for warmth, others for durability and others for fabric or pattern distinction.

We don't believe in over-balancing any one particular attraction — not when we combine all as we have done in this season's assortment—to which we add super-value in

Bradford, Harvard, Langham and Collegean Overcoats featured at
