

HUSKERS PREPARE FOR CAGE SEASON

Fifty Turn Out for Practice; Kline Says Material Is Good.

SCRIMMAGES ON DAILY PROGRAM OF CAGEMEN

With the fundamentals well in hand, Coach Kline and his fifty proteges are earnestly striving to master the more advanced practice. Scrimmage is on the practice sheet at all workouts and every candidate is given a chance to show his stuff.

Basketball at Nebraska is going to be a big sport this year the same as football was. We have all the material necessary to have a Valley championship team, declares Coach Kline. As soon as the student body gets behind the team and boosts as it did in football, the sooner this ideal will be accomplished. Nebraska has worlds of material to pick

from. She holds every year the biggest high school basketball tournament in the world, and there are many of these stars that come to Nebraska.

Scrimmage is divided into ten minute lots. Two teams battle for ten minutes and then two more teams are sent on the rectangle for their workouts. Captain Billy Usher is in mid-season form now, having started his own practice periods at the time school started. Volz, Tipton and Cozier are all showing up well in their daily work. These letter men along with Orr Goodson and Harlan Wynat compose the remains of last year's squad. Bunny Black, former Grand Island star is making a strong bid for the center job.

In the guarding corner the squad is well blessed with Volz, Tipton, Wyant, Hill, Hubka, and Olds, while the forward positions are not suffering any for want of material. Regular prospects for the throwing jobs are Captain Usher, Cozier, Fred Andrews, Berkle, and Schroeder. Merriett Klepser, running mate of Captain Usher last year, is expected to return to school the second semester and if he does, will make a strong addition to the team.

HUSKER HARRIERS STAGE 'COME BACK'

Team With Unbroken String of Defeats Places Third in Valley Meet

The performance of the Husker cross-country team has been a distinct success this fall, in view of its handicaps. This year has been marked by the increased interest in the five mile race.

A green team, hampered by injuries of some of its best men, demanded attention when it "came back" after an unbroken string of defeats, and placed third in the annual Missouri Valley cross-country run, against a field of eight teams.

Oklahoma was the first Valley school to take the Huskers' measure in the five mile grind. The Sooners placed three men ahead of the first Nebraska runner. The week following the Kansas Jayhawkers trimmed the Husker harriers by a score of 18 to 36.

Stinging with these defeats, the Nebraska team journeyed to Mis-

souri, only to be defeated again. The strong Tiger team ran the course in the fast time of 26:50.4. The Huskers showed improvement by completing the same course in 26:54:00.

Doped to occupy the cellar position, the Husker fight returned and the Harriers, in taking third place in the Valley meet, outclassed Oklahoma and Kansas, who had defeated the Nebraska harriers so decisively. Ames repeated her record of former years by winning first. Missouri took second.

Three Quit

Ross, Howard, and Rogers were compelled to quit for the season with foot injuries. Lewis and Dickson have improved steadily since the first meet, and will be the mainstays for the next two years. Schultz has also shown rapid improvement since the first of the season. Zimmerman has been the outstanding runner of the season, leading his team mates in every meet of the year. Cohen, who was handicapped by an operation at midseason, made a remarkable showing.

With all the regulars back in school next fall, except Captain Hyde, Coach McMaster expects to develop a team which will show its heels to the entire Valley.

Making Credits in "Campustry"

The pre-requisite in this subject is a good appearance. You'll get the credit in the admiring glances of campus beauties.
