**HUSKER CAGERS  
SHOW UP WELL**

Prospects Are Excellent for  
a Strong Team This  
Year.  
FIRST SCRIMMAGE IS  
STAGED BY VETERANS

Basketball in the Cornhusker  
Camp is in full swing and the indi-  
cators are all pointing to a big sea-  
son for the sport. Over forty men  
were on deck for Monday's workout  
and all of them were sent through a  
stiff scrimmage.

Six different combinations were  
sent through the line of scrimmage  
and all of them showed real indica-  
tions of future cage artists. The  
first scrimmage was staged by the  
letter men, consisting of Captain  
Usher and Cozier as forwards, and  
Volz and Tipton as guards, these let-  
ter men were ably assisted by Bun  
Black at the pivot position. Their  
opposition was Ravitz and Berkle,  
forwards, Goodson center, Hill and  
Wyant, guards. The basket shooting  
of the former team was easily the  
feature of the evening's practise.

Before the season is over Volz and  
Tipton will be a combination of  
guards that will lower any forward's  
basket average, while Usher and Co-  
zier are hitting the cords with equal  
regularity.

Centers Are Good  
Goodson and Black are best bets  
for the pivot positions. Black is a  
clever floor man, and Goodson, a  
former Lincoln High star, is a good  
jumper and a keen basket shooter.  
He is especially dangerous under the  
basket, and by his speed he carries  
the ball down the floor at a fast  
pace.

Berkle, Andrews, Schroeder, Ber-  
nard, and Ravitz are all showing up  
at the forward jobs and it will be a  
hard task for Coach Kline to pick  
his squad. Competition is keen on  
the team and that is the chief pre-  
requisite for a good team. The  
guarding positions are being filled  
by such veterans at the cage sport  
as Voltz, Tipton, Hill, Wyant, Olds,  
Close, Johnson and Ekstrom.

Other scrimmages staged at inter-  
vals during the workouts were put  
on by Close, Andrews, Wostoupal,  
Bernard and Olds vs. Davis, Dana,  
Battey, Lang and Ekstrom, and  
Schroeder, Norton, Johnson, Srb and  
Linn, vs. R. Dewitz, Reese, Popelar,  
Manlin, and Fairchild. Each battle  
lasted for about fifteen minutes and  
spurts of team work was staged that  
reminded one of mid-season work.

**Bulletin of Short  
Courses Is Printed**

Five thousand copies of the Col-  
lege of Agriculture, 1924 bulletin of  
winter courses, have been published  
by the University of Nebraska.  
The bulletin offers short courses of  
four weeks duration in general agri-  
culture and in autos and tractors.  
It also offers one week short courses  
in poultry husbandry and in ice  
cream making. These courses begin  
on January 7 and will continue until  
March 1.

The courses are open to all persons  
and are designed for busy men  
who cannot spend more than a few  
weeks away from their homes.

These bulletins are sent out to all  
bankers and county agents through-  
out the state. They are also sent in  
answer to all inquiries of prospective  
students of these courses.

**Cosmopolitan Club  
Holds Open Meeting**

The University of Nebraska Cos-  
mopolitan Club, reorganized by the  
foreign students, held the first open  
meeting Sunday. Earl Smith, presi-  
dent of the club, spoke of the ob-  
jects of the club and its aim, before  
he introduced the speaker, Dr. E. L.  
Hinman.

Dr. Hinman spoke on "The Theistic  
Development of Buddhism" in com-  
parison with Christianity. Students  
from India and Japan and China gave  
their opinions about Christianity, in  
comparison with Buddhism.

Harold McGlasson, '22, recently  
returned from Mexico, where he has  
been employed the past year by one

of the largest oil companies operating  
in southern Mexico, gave a series of  
very interesting and instructive talks  
to members of the advanced classes  
in the Geology department. Mr. Mc-  
Glasson explained in detail the geog-  
raphy and geology of the Isthmus of  
Tehuantepec, where he was working,  
and also described the health condi-  
tions under which geologists must  
work there. An interesting part of  
his talk was a description of the  
methods used in sampling oil wells.  
Mr. McGlasson has had considerable  
experience in this kind of work and  
was able to give a great deal of first  
hand information. Several Nebraska  
men are employed by the same com-  
pany.

L. W. Petrie, alumnus of the Geol-  
ogy department, has returned from  
South America where he has been  
employed as geologist by the Gulf  
interests. Mr. Petrie first went to  
Ecuador with Professor Bengston,  
but has since done work in Venezuela  
and Salvador. Tuesday morning Mr.  
Petrie told some of his experiences in  
Latin America and described some of  
the oil fields of Venezuela and Ecu-  
ador.

The annual Christmas party, given  
by Dr. Winifred Hyde, psychology  
instructor, will be held the evening  
of December 19, in the psychology  
laboratories, in Social Science. Ruth  
Miller has been appointed general  
chairman and Dietrich Dirks chair-  
man of the entertainment committee.  
Frances Sperry is in charge of dec-  
orating.

MINNESOTA: Co-eds have given  
a composite view of the ideal mate.  
Now men may learn where their  
weaknesses lie. The ideal mate, ac-  
cording to the views of forty girls  
in a class of sociology, is a man mod-  
erately good looking, athletically in-  
clined, morally clean, respectful to-  
ward religion, healthy, appreciative  
of the good and beautiful things of  
life, well trained socially, optimistic,  
good natured, jolly, chivalrous.

KANSAS: Subscriptions for the  
Stadium-Union pledged during the  
"Kick that goal" campaign, amount-  
ed to \$21,962. "Some of the finest  
provided by the Union building,"  
said a professor who made a thor-

ough inspection of the Michigan  
Union last summer.
