**CAGEMEN STAGE
HARD SCRIMMAGE**

Forty Candidates Take Part in
Stiff Basketball Practice
Thursday.

**GET IN CONDITION FOR
BEGINNING OF SEASON**

Hard scrimmage was on the slate for Thursday's basketball workout and forty hard-working candidates took their whirl at battling with the sphere. The scrimmage lasted for over an hour and there was no let up from start to finish. To get the men in condition is the main end for which Coach Kline is striving and hard scrimmage is the only means of accomplishing it. The pony team was spurring around the floor with clever floor work and basket shooting.

The combination that does the most damage in the scoring circles is Captain Usher, Cozier, "T" Volz, Tipton, Black and Goodson. The best lineup seems to be: Andrews, Berkle, Hill, Wyant, and Olds. The coach is using different combinations and lineups in the hope of possibly finding a better combination than the ponyteam.

Just what the lineup will be at the start of the first game is a deep mystery but from the way things have been going in the daily practice there is little doubt as to who will be in the first lineup. Nevertheless, there will be a team in action that will do Nebraska justice.

**WRESTLERS TRAIN FOR
NORTHWESTERN MEET**

Mat Squad Meets Monday,
Wednesday and Friday
Afternoons.

The varsity wrestlers are hard at it these days getting into shape for the first match which will be against Northwestern University at Chicago on the 26th of January. The squad meets every Monday, Wednesday, and Friday afternoon in the armory. The wrestling schedule this year according to Coach Floyd Reed is the best Nebraska has ever had for a long time. There are more meets than in other years, and also more trips away from home.

One of the big men on the squad will be Berquist, star football lineman who reported for wrestling practice at the close of football. Berquist is entered in the heavyweight class which includes all weights over 175 pounds, and he is downing all competitors like a veteran.

Already being in condition from football, Berquist is getting on to the ropes in grand style and will make his class one to be feared by Nebraska's opponents.

The 158 and 145 pound classes are at present the most hotly contested. Thomas and E. Skinner are the two bright lights in the 158 pound division, and are making brisk going for all others. Moberry, Skinner, and Uhlir are fighting it out for the 145 pound class with varying success from day to day.

Lundy, Fowler, and Robertson are the big guns in the 175 pound division. Robertson is another football man, who will make a valuable addi-

tion to the team. Lundy is a sophomore and this is his first year out for varsity. Last year he won his numeral in the 158 pound class in the freshman contests held in the spring.

The 135 pound event has the most veteran material represented. Kellogg, letter man, is making things hot in this division and unless some of the other aspirants down him, he will defend the team's laurels in this class. Brown is close on Kellogg's heels in this class and may provide some upsets as the training season progresses.

Three outstanding men in the 125 pound class so far uncovered are Reese, Alexander, and Forest. The 115 pounders are quite evenly matched among themselves. They include Whaley, Dunnon, Blower, Hudson and Steppe.

The coaches say that there are still some fellows on the campus who would make good wrestlers, and they urge all men with any inclination toward wrestling at all to attend the practices.

The freshman turnout looks promising, and the numeral contests to be held sometime late in spring will bring to light some excellent material for next year's team.

Your
Christmas Cravat
OF COURSE you'll look
your best. And a Cheney
Cravat adds that final, dis-
tinctive touch which is al-
ways apparent in the dress
of men who are mindful of
detail.
Craftsmanship of weave and
design, wide combinations
of colours, and long-wearing
qualities have made the
name Cheney, on the neck-
band, mean something to
college men.

mos, Fred Schmidt & Bro.

The organization of the Knothole club was a long step toward the elimination of rowdism at the home games of the University football team according to a statement in a letter sent to A. S. Dougall, one of the promoters of the club, by C. I. Vessey,

boys' secretary of the Y. M. C. A. In his letter Mr. Vessey said more than 4,000 tickets issued to the boys and girls of the city schools making up the Knothole club. Of this number he believed fully 3,000 were boys. He pointed out some of the troubles

experienced during the last gridiron campaign and suggested a number of remedies and changes which he thought should be made. The work of the boy scouts in handling the crowds which attended the events, was praised by Mr. Vessey.

JAN. 2, 1940

**Order your 1940
calendar now.**

NOW is the time to plan your work for 1940. What you are doing then will depend a good deal on what you do today and after graduation—and the way you do it.

Obviously, you improve your chances for a big job if you go where big jobs are and will be. That means fit yourself to take a place in some industry with a future.

Planning twenty or more years ahead is all in the day's work, among the telephone companies of America. The electrical generating and manufacturing companies likewise look far into the future.

To put a telephone in every home, to light the 16,000,000 houses that are not yet wired, to devise and promote many appliances for the comfort of man—all this will require decades of time and billions of capital. Chiefly it will need the brains of men.

It has long been said that electricity is in its infancy. That is still true. You are fortunate who can see this industry a little further along on its way to a glorious maturity.

Western Electric Company
Wherever people look to electricity for the comforts and conveniences of life today, the Western Electric Company offers a service as broad as the functions of electricity itself.

Published in the interest of Electrical Development by an Institution that will be helped by whatever helps the Industry.
