

TRACK TEAM TRAINS FOR K. C. A. C. MEET

Coach Schulte Wants More Men to Try Out for the Squad.

With the winter season well advanced, Track Coach Schulte has been putting his men through some stiff paces, preparatory to the Kansas City Athletic Club meet, at Kansas City, on February 9. This is not entirely a collegiate meet, any amateur track man being eligible to take part. Each year the Valley schools enter teams.

The track team is now working out on the dirt track under the east stand of the stadium, and jumping pits and other facilities for field events will be finished before the end of the week. The outdoor board track will also be completed within a week.

Coach Schulte reports that he needs more men for the squad, who can get out every night. If the weather is too cold for outdoor work at the stadium, a workout in the gymnasium will be in order. Under Schulte's coaching system every man who will get out and work is capable of making his letter in this sport. There is also a call for several more sophomore managers for track. These men should report to the Athletic Officers in the east end of the Armory.

With a large squad working out and such veterans as Captain Gardner and Dave Noble back in the fold prospects of another Valley Championship are in sight.

STUDENT VOLUNTEERS ADOPT RESOLUTIONS

Thirty-nine Nebraska Delegates Return from Indianapolis Convention.

The resolutions adopted by the Nebraska delegates who returned from the Student Volunteer convention at Indianapolis are listed below. The convention, lasting four and a half days, was attended by over 6,000 students from the United States and Canada. Thirty-nine delegates represented the University of Nebraska.

The resolutions follow:
"We believe that the statements made by the press do not properly

represent the true attitude of the convention on the subject of war. After attendance at all the meetings and discussion groups and carefully recording the opinions expressed, we believe the following to be a fair statement of the sentiment of the delegates:

"Believing that war is unchristian, many considered it with all sincerity gravely doubtful that they could take the life of any fellow man.

"All of them remembering past deceptions, are determined to view with increasing suspicion any alleged necessity for preparations for future wars and to abstain from participation unless they are fully convinced that loyalty to Christ requires it of them.

"Since preparation for war ends in a creation of warlike spirit they demanded the reduction, not the increase, of war making machinery.

"They demand the erection of certain international machinery for the adjudication of international problems on the basis of intelligence and world welfare. They had no words strong enough to express their wrath of political leaders whose only attitude toward such proposed international machinery is that of selfish opposition."

ILLINOIS: Fifteen students attended the junior prom without the right to do so. That they be excluded from university dances is the penalty sought by the chairman of the dance supervision committee.

ILLINOIS: The Daily Illini offered a prize of \$25 for the best new plan of student government. Two of the plans entered in the contest were considered equally good. The judges will combine the desirable features of all those entered into a workable plan.

MISSOURI: Invitations have been extended to all men in the faculty of the University of Missouri to form a faculty gymnasium class. The object is "group games and plenty of exercise."

Williams College was the first American institution to adopt the cap and gown as an academic uniform.
