## FRAT TOURNEY IS WELL UNDER WAY

### Zeta Beta Taus Defeat Phi Gammas in Spectacular Game.

### ELIMINATE FOUR TEAMS THURSDAY

Four more preliminary rounds in the interfraternity basketball tournament were finished yesterday when the Lambda Chi Alpha defeated the Xi Psi 10 to 8; the Kappa Sigma the Silver Lynx 12 to 7; the Phi Alpha Delta; the Pi Kappa Phi 17 to 11; and the Zeta Beta Tau turned back the Phi Gamma Delta 18 to 6.

In a game replete with thrills for spectators the Zeta Beta Tau team furnished one of the big upsets of the day in the interfraternity tournament yesterday, defeating the strong Phi Gamma Delta team 18 to 6. The game was a play-off from the one Tuesday when the Gammas won but played Bernard who was later declared ineligible by the committee.

The first few minutes of this game started like a walk away for the Phi Gamma who kept the ball away from the Zeta Betas, but were unable to find the basket themselves. The ice was broken when Somberg dropped a pretty one in the hoop and from then on the game was sewed away for the Zeta Beta Taus who played a faster and snappier floor game and had the ball in their possession most of the time.

The hardest fought game in the afternoon and the one in which the outcome was in doubt until the last minute of play was between Lambda Chi Alpha and Xi Psi Phi. Lambda Chi won 10 to 8. At the end of first half the Lam Chi team was leading 8 to 4. In the second half it was a neck and neck race, the Dents, staging a comeback, tied the score in quick time. Toward the end of the half a field goal from the middle of the floor by Lundy sewed the game away from the Lam Chis who held the Zips scoreless till the end of the game.

### Kappa Sigma Defeat Silver Lynx.

Close guarding by the Kappa Sigma team featured their game with Silver Lynx. Both sides had good team work, but it was not until the second half that the Silver Lynx were able to penetrate the air tight guarding of the Kappa Sigs and register two field goals. In the first half they had to be satisfied with one point gained on a free throw. The Kappa Sigs scored evenly in both halves. They used heavy men in the initial minutes, and then completed the devastation by putting in light fast men who accounted for most of the field goals.

The Phi Alpha Delta fraternity defeated the Pi Kappa Phi in a well balanced game which was anybody's game in the second half when the Pi Kappa Phi team sprinted to the fore and tied the score. They were unable to maintain the pace, though, and two baskets by Seb and another by Norton in the last few minutes cinched the game for the P. A. D's.

## LEADERS PICKED FOR DISCUSSION GROUPS

The six weeks series of discussions on three major world questions of the day will open February 3, under the leadership of the following students. Edith Olds, Gertrude Tomson, Josephine Schramek, Earl Smith, Roy Youngman, Wendell Berge, and Norman Cramb.

"The Christian Ideal and War," "The Christian Ideal and Racial Relations," and "The Christian Ideal and Economic Problems" are the topics the discussions will center.

A request has been received for a repetition of the course on the economic problem in relation to Christianity, at a later date for those who are unable to take it this time, and also for a discussion of "What Christianity Means to the Individual" on Friday afternoon on the Agricultural College campus. These will be held if enough students indicate that they are interested.

A resolution disapproving of capital punishment "on the ground that it is not Christian" was adopted yesterday at the seventy-fourth convention of the Episcopal diocese in California.

## Kernels Hold Second Party on Saturday

The Kernels will hold their second party Saturday from 2:30 to 4:30 at Ellen Smith hall. Those who were invited to the last party are also invited to this. The committee in charge is Earlyne Herriott, chairman, Mary Barnes, Margaret Brown, Marguerite Forsell.

Readings by Frances McChesney, a vocal solo by Thelma King, games, and dancing will provide entertainment for the afternoon. Refreshments will be served.

This is the fourth party to be sponsored by the Y. W. C. A. for the promoting of friendships among University women.

## TO GIVE PRIZES FOR SIX BEST SNAPSHOTS

### Cornhusker Conducts Contest; Pictures Will Occupy Special Page.

Prizes will be given for the six best snapshots submitted for the student life section of the 1924 Cornhusker. The winning pictures will be placed on a feature page in the section. The week of February 4-9, beginning Monday, has been announced as snapshot week by the committee.

Pictures will be judged for cleverness and interest. There are no restrictions as to the number or size of the prints submitted. The only requirement is that they pertain to student and campus life. Prizes will be announced later.

## TWENTY-FIVE ELECTED TO PERSHING RIFLES

### Honorary Military Organization Will Initiate New Members Soon.

Twenty-five men were elected to the Pershing Rifles, honorary military organization, at a meeting held Wednesday evening. These men will be initiated within a short time. As soon as the weather permits, the organization will begin outside drill. There will be one platoon composed of cadets and one of cadet officers. According to present plans the members of the organization will wear recognition cords of some sort on their caps.

Following are the new members: J. Whelpton, J. Marshall, P. Treadwell, E. Junge, J. Ricker, H. Gish, D. P. Roberts, C. C. Beymer, V. Hackler, W. Key, L. P. Green, Richard Johnson, P. Stauffer, R. E. Blore, D. Reese, M. Kiffin, A. Sturdevant, G. Noh, P. VanValkenburgh, R. L. Lucke, C. H. Curtis, W. Hein, O. Goodson, P. Zimmerman, L. Jordan.

## To Grow Drug Plants from Many Countries

Prof. H. R. Lewton of the College of Pharmacy, who has charge of the medicinal garden, plans to grow as many drug plants from as many foreign countries as possible this year.

The garden will be cared for by the students of the college. The purpose of the garden is to show students how the drug plants grow. Some of the drugs have been grown here before. A few plants will be grown in the green house.

About eighty-five drugs will be grown in the garden. Plants from England, Germany, France, Holland, Italy, Switzerland, India, and South Africa will be tested. Plants of all states of the United States will also be cultivated.

## Smith Gives Speech on "Asphalt and Its Uses"

"Asphalt and Its Uses" was the subject of H. C. Smith, Kansas City manager of the Asphalt Association of America, speaking before the Civil Engineers society yesterday at 11 o'clock in Nebraska hall. The lecture was illustrated and showed the production, manufacture, and practical application of asphalt, principally in regard to its use on pavements.

"Asphalt," he explained, "occurs in natural state, having seeped through crevices or outcropping rock, and is a product derived from crude oil."

## COMMERCIAL CLUB NOMINATES OFFICERS

### Bennett Martin and John Comstock Are Candidates for President.

Bennett S. Martin and John Comstock were nominated for the presidency of the University Commercial club at a meeting of the club yesterday morning. The nominees for vice-president are Wilbur Swanson and Willard Penry; for secretary, Wayne Packard and Oscar Osterlund; for treasurer, Fred Kraemer and John Shepherd.

The election will be held at 7 o'clock next Tuesday in the Commercial club rooms.

John Comstock is the present vice president of the club and Martin is the chairman of the banquet committee, Y. M. C. A. Employment secretary, Viking, and a member of Sigma Chi.

The annual Commercial club banquet will be held at the Chamber of Commerce from 6 to 8 o'clock on February 8, according to an announcement made by Merle Loder, president of the club. Tickets will be on sale next Tuesday.

## TO SEND STATEMENTS FOR UNPAID PLEDGES

### Seven Hundred and Twenty Fail to Make Stadium Payments.

Statements will be sent this week to all the students who have not yet paid the second installment on their stadium pledges. There are 720 students on the campus who have not met this obligation. Allowances have been made because it is realized that the students have had to pay fees and buy books for the new semester. Now that registration has been completed, students should immediately take care of their long overdue pledges, say committeemen.

Students on the campus owe \$5305 on second installment payments. All of this money is at least three months overdue. The stadium committee has borrowed money on the strength of student promises to pay the outstanding accounts. The stadium has been completed and fitted for track work on this borrowed money.

## VETERAN TO EXPLAIN WHY HE IS A PACIFIST

### George Collins to Speak Next Week in Interest of World Peace.

"Why I am a Pacifist" will be the subject of one of the speeches to be given by George "Shorty" Collins who commanded a machine gun battalion in the world war and who is now traveling student secretary for the Fellowship of Reconciliation that exists in Northland South America, Europe, Asia, Africa, and the Islands of the sea.

Mr. Collins will be on the University campus Monday, Tuesday, and Wednesday and will talk on the Agricultural college campus.

One purpose of the organization is "to put away war and the spirit of enmity, seeking to know instead the spirit of love that draws races, nations, and classes together."

## Need 16 Women to Do Americanization Work

Sixteen girls are needed to carry on Americanization work at McKinley school this semester, according to Miss Erma Appleby, secretary of the University Y. W. C. A. A number of girls have been forced to drop out on account of changes in their schedules and the vacancies have not been filled. Anyone interested should report at Ellen Smith hall.

The principal of McKinley school reports that the work of the past semester has been very successful. The purpose of Americanization work is to teach foreigners to speak English.

A pageant, in which foreigners who have been attending Americanization classes will take part, will be presented at the Temple theater this week.

## WOMEN TO VOTE ON POINT SYSTEM

### Dean Heppner Approves the Scheme as Outlined by Mortarboard.

### PLAN PRESENTED TO ORGANIZATION HEADS

The point system for University women as outlined by the Mortarboard organization was presented at a meeting of presidents of all girls organizations Thursday night at Ellen Smith hall. The plan is to be presented to the various organizations for suggestions and approval to be followed by the vote of the student body at semester elections. Dean Amanda Heppner expressed her approval of the plan which limits the activities in which a girl may take part.

"I think that the scheme as it is worked out is an excellent one," said Dean Heppner, "but of course the details will have to be worked out and at the end of the semester it may appear that nothing has been accomplished. Next year the benefits will appear."

**Activities Not Fundamental.**  
"College activities are not the fundamental things. By limiting the number in which a girl may take part she is protected from the constant entreaty for aid in the various work that appears."

"It is true that through the tasks assigned a girl she develops ability and her human side. A girl will be more successful out in the world because she knows how to work with people after having taken active part in a reasonable amount of college activity. She can better apply her knowledge because she knows how to handle men and women."

"The point system will surely draw into university life more university students and will raise the burden from the few."

## ONLY TWO DAYS LEFT FOR SENIOR PICTURES

### Nearly 300 Fourth-year Students Yet to Be Photographed for Annual.

Only two more days are left for seniors to have their pictures taken for the 1924 Cornhusker. There are almost 300 who have not yet had this done.

No senior will be allowed to have his picture taken after the time has elapsed. Several juniors came late to have their pictures taken and were refused.

"We are sorry to do this, but in order to have the panels properly made up and engraved it is absolutely necessary that the pictures be taken at once," Robert F. Craig, editor-in-chief, stated yesterday.

Some seniors are forgetting to make definite appointments at the Cornhusker office when their names appear in the Nebraska. They should get in touch with the office either personally or by telephone.

The following are to appear at day:  
Dole's studio, 1125 O street, Saturday.  
Harry Pecha, Lois Pegler, Grace Pegler, Willard Penry, Carl Peterson, Charles Phillips, Carroll Pickering, Dorsey Pickett, Glen Pierce, Albert Pike, Joseph Pizer, Henry Placek, Curtis Plass, Lorna Plimpton, Harris (Continued on Page 4)

## DE BAUFRE TO WORK ON HEAT INSULATION

Preparations are now under way in the mechanical engineering department for research work on heat transfer and heat insulation at very low temperatures, for the U. S. Bureau of Mines, under the direction of Prof. W. L. DeBaufre, chairman of the department.

F. W. Davis, metallurgist for the U. S. bureau of mines, arrived in Lincoln last Saturday to assist in the work. W. H. Foxwell, graduate from Nebraska '21, has been placed in charge and will be assisted by J. L. Parker and H. L. Decker, who will devote their full time to the work. G. L. Foxwell and R. W. Krage, mechanical engineering students, will also assist, devoting part of their time to the heat transfer work.

## Weather Forecast

Fair weather for Nebraska Friday and Saturday, and somewhat warmer Saturday, was the prediction of University weather bureau yesterday afternoon.

## FIRST BAND CONCERT TO BE GIVEN SUNDAY

### Cornet Solo and Numbers by Saxophone Sextet Included on Program.

With feature solos by Erwin Weiler, cornetist, and special numbers by the reorganized saxophone sextet, and usual numbers of band music, the University Band will give its first concert of the season at 3 o'clock Sunday afternoon, February 3, at the Armory. It will last a little more than an hour.

If this concert is well attended, showing that the student body appreciates the work of the band, the band looks forward to giving a series of similar concerts throughout the season.

## ANNOUNCE CHANGES IN YEAR BOOK STAFF

### Editor Names Howard Buffett and Philip Lewis Associate Editors.

The appointment of Howard Buffett and Philip Lewis as associate editors of the 1924 Cornhusker was announced Thursday by Robert F. Craig, editor. Emmett Maun was shifted from his position as editor of the classes section to take charge of the military section, and Merritt E. Benson was appointed editor of the campus life section. The appointment of Donald Sampson as assistant managing editor was also announced.

Buffet was editor of the Daily Nebraskan the second half of last semester and served on the Cornhusker staff last year.

As editor of the campus life section Merritt Benson takes the place of Lewis. Maun, who served as editor and managing editor of the Daily Nebraskan during the first semester takes the editorship of the military section left vacant by Charles Sperry who is not in school this semester.

The staff is working hard and a steady stream of copy is coming to the desk of the editor, according to the announcement. A number of senior pictures are already in the hands of the engraver. It is estimated that the book is running on schedule so that the date of publication will be May 20 as planned.

"The splendid co-operation being given the business manager, Dave Richardson and the editor promises to make the book a truly representative Cornhusker," is Mr. Craig's statement.

## Alpha Omicron Pi Is Donor of Fellowship

A fellowship to be known as the Alpha Omicron Pi Fellowship, in the memory of Ruth Capen Farmer, will be awarded to a college woman, and is to be devoted to graduate study in any accredited institution. Applications will be received from any woman graduate of twenty-five institutions among which Nebraska is numbered. The applicant shall have received at least a bachelors degree.

The successful applicant will not be limited as to her field of work, but preference will be given to women who are planning study or research in humanitarian lines with a view to practical service.

The amount of the fellowship is \$500, payable to the successful applicant in two installments of \$250 each on September 1, 1924, and January 1, 1925. Application blanks may be obtained also by writing directly to the chairman of the fellowship award committee.

Renewal of a request made two years ago that Filipinos be excluded from the crews of all shipping board vessels was made yesterday by Andrew Feruseth, president, and other officers of the international seamen's union who called on Leigh C. Palmer, president of the emergency fleet corporation. Mr. Palmer said he would take the matter under advisement.

## UNI NIGHT TICKET SALE DATE FIXED

### Will Begin Sale of Stunt Night Tickets on Thursday, February 14.

### SKITS SHOULD BE HANDLED IN TODAY

Tickets for University Night will go on sale at noon on Thursday, February 14, at the Temple. The price will probably be 50 cents. In past years the tickets have been sold in a few hours and it is expected that the demand will be as great this year.

The city auditorium, which has a seating capacity of over 4000, has been secured for the performance. Both the Temple and the Orpheum were used last year and a large number of students were turned away. The auditorium has a greater seating capacity than either of these places and the committee hopes to be able to accommodate all who wish to attend.

No skits for the performance will be accepted after today, according to members of the committee in charge. It is necessary for the committee to have them early as it takes considerable time to read all the skits and select the best ones. The committee hopes to have them all returned so that the organizations may begin rehearsals by February 12.

University Night has become a tradition in the University and ranks with Ivy Day as a big event of the year.

## HOLD CONVOCATION FOR AG STUDENTS

### Medals Presented to Dairy, Poultry and Stock Judg- ing Teams.

A convocation for the students of the College of Agriculture, sponsored by Ag Club, was held yesterday morning in Agricultural hall at 11 o'clock. The feature of the convocation was the presentation of medals to the members of the dairy, poultry and stock judging teams by the Ag Club.

Dean E. A. Burnett was the principle speaker. He presented plans for future convocations for this semester. Three or four convocations will be held during the remainder of the winter session. He also announced that he intends to do away with the freshmen convocations that have been held heretofore.

Two vocal solos were given by Miss Agnes Backstrom and one by Jacob Friedli. Matthew Shoemaker played a violin selection.

The Ag Club presented medals to the following men: Poultry team, Ernest A. Hatcliff, Claude R. Wevers, Donald E. Wight, and Coach F. J. Marsden; dairy team, Robert Bushnell, Alfred Ingel, Clarence Fortna, alternate, and Coach R. F. Morgan; stock team, B. L. King, Dean Higgins, Alfred Daniells, Clyde Walker, Gaylord Hattan, Frank B. Wilson, alternate, and Coaches W. J. Loessel and W. W. Derrick.

## EXTEND TIME FOR GROUP PICTURES

Because of the inability to accommodate all the groups that wished their pictures taken, the time for group and organization pictures, has been extended one week. Reservations for space in the Cornhusker must be made this week through the business manager in the office in the basement of University hall.

The managing editor wishes to call attention to the fact that it is absolutely necessary for groups to make appointments at the Cornhusker office.

"Groups must make it a point to be on time at the campus studio and those members that are late will probably miss the picture as they are to be taken exactly at the time set," stated Wendell Berge, managing editor.

The writups for the various organizations should be handed in today at the Cornhusker office. If some organizations find it impossible to get them in today they should get in touch with the managing editor or the college editor and make arrangements for this to be done.
