

DELTA UPSILON WINS CAGE MEET

Delta Tau Delta Counters Are Forced to Take Short End of 18 to 12 Tally.

CLARK SMAHA HIGH MAN WITH THIRTEEN POINTS

Delta Upsilon won the interfraternity basketball tournament by beating Delta Tau Delta 18 to 12 Wednesday afternoon in the hardest fought game of the tournament. The Delts were outplayed in every department of the game. It was the general belief that they would come back in the second half but they failed.

Both fraternities receive skins, Delta Upsilon holds the silver basketball until the finals next year. This is the fifth year in which the silver ball has been awarded. Delta Tau Delta won it in 1920 and 1921, Alpha Sigma Phi in 1922, and Sigma Alpha Epsilon last year. Any fraternity which wins the tournament three times keeps the ball.

The D. U.'s played a game far superior to those they had previously played. The Delts did not seem to be up to their true form. The D. U.'s showed good coaching and practice in their teamwork and headwork, against which the Delts were powerless.

In the first five minutes of play neither team scored, the ball went from one end of the floor to the other. Both teams had several tries at free throws, but failed to count. Smaha, the D. U. forward, broke the ice and made the first basket. Then Holland made a free throw for the Delts first point.

This operation was repeated and the score stood 4 to 2. Meilente tied the score with a field goal. This was the only time when the Delts even tied the score during the whole game.

Clark Smaha made his third goal which was followed by a well-earned basket made by Woustaupal, putting the D. U. in the lead again. It was then George's turn to make one. (Continued on Page 4)

SIGMA GAMMA EPSILON HOLDS ANNUAL DINNER

Faculty and Honorary Members Guests of Geology Fraternity.

Sigma Gamma Epsilon, national professional geological fraternity, will hold its seventh annual banquet this evening at the Lincoln hotel.

Mr. Collins of England will be the principal speaker of the evening. He will talk on "The British Museum of Natural History."

Faculty and honorary members of the fraternity will be the guests of the evening. They are: Prof. C. F. Frankforter of the chemistry department, Prof. E. F. Schramm and Dr. E. H. Barbour of the geology department, Prof. N. I. Bengtson of the geography department, and Prof. R. C. Abbott of the Agricultural College.

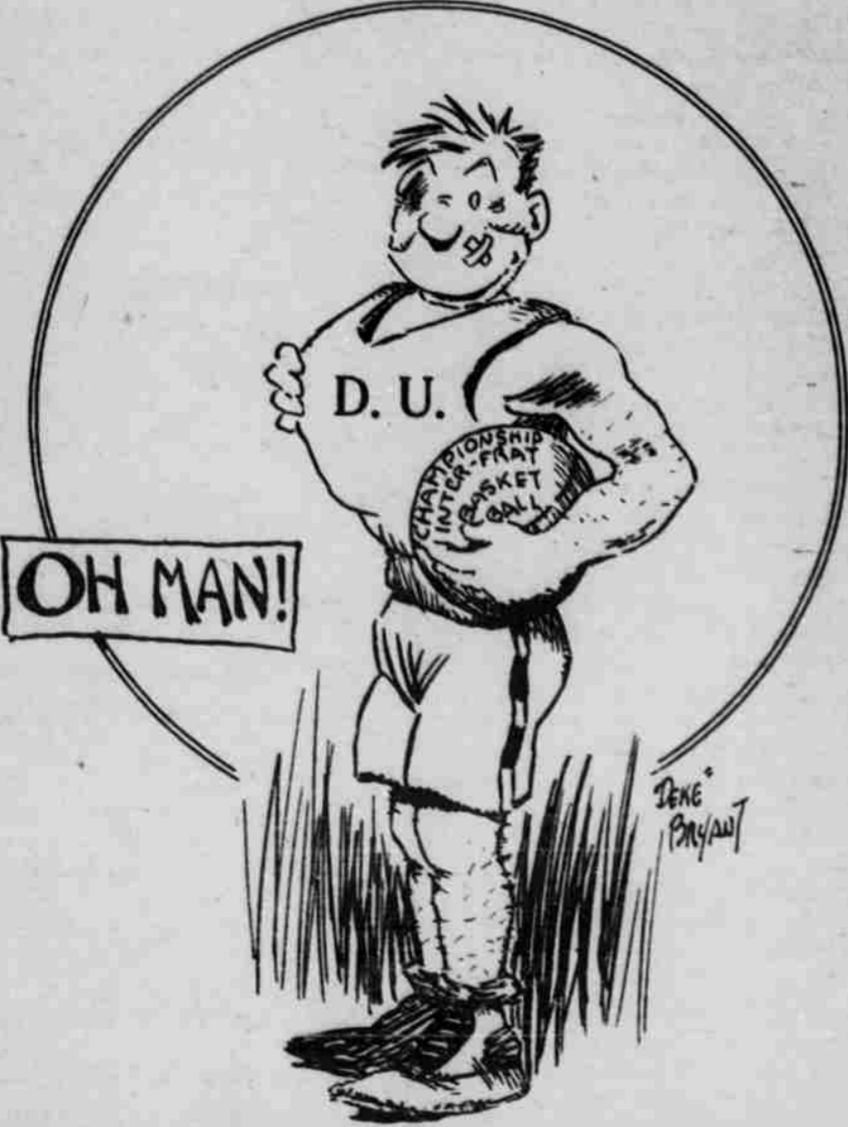

Saturday Will See Founding of A New "College" on the Campus

Registration will begin Saturday night in the "College of Hearts" and classes will begin immediately afterward. Registration blanks will be on file at the Army and it is expected that the enrollment will be completed before 9 p. m.

The "College of Hearts" which will be formed is a feature arranged by the entertainment committee as part of the program of the All-University valentine party Saturday night at the Army. Doors will be open for registration promptly at 8:15 and since many of the classes are limited in size the faculty of the "College of Hearts" advises the students to register as soon thereafter as possible.

Courses in the "College of Hearts" are all pipes and require little or no preparation or outside work. Courses will be offered in Dancing, Beating of Hearts, Astronomy, Archery, Matching of Hearts, and Home Ec. Any one skipping classes will receive a bid to Dean Cupid's formal. It is rumored that no flunks, conditions or incompletes will be issued in any of the courses.

Pledge to the "I Gotta Harta"

Weather Forecast

Fair weather and probably colder for Lincoln and vicinity was the prediction of the University weather bureau yesterday afternoon. The minimum temperature Tuesday night was 42 degrees above zero.

PLENTY OF OIL LEFT YET SAYS SCHRAMM

Geological Survey Shows That Many Billions of Barrels Still in Earth.

"A survey conducted by the United States Geological Survey jointly with the various state geological surveys reveals that nine and a half billion barrels of oil yet remain in the earth," said Prof. E. F. Schramm of the department of geology in a lecture on "The Oil Shales of Southwestern Wyoming," at the monthly meeting of Sigma Xi in the general lecture room of Bessey hall Tuesday evening. Prof. H. G. Deming of the chemistry department presided.

Professor Schramm explained that the oil supply of this country may be exhausted in twenty years and that last year we imported 4374 billion gallons of petroleum and exported 3373 billion gallons. He stated that the overproduction of oil in this country existed for only a short period during 1923.

Slides were shown describing the rich oil shale districts of Wyoming, Utah, and Colorado. The richest oil shale district in Wyoming is located near the town of Green River, he said. This shale yields from ten to (Continued on Page 4)

COLLEGE SECTIONS OF ANNUAL CLOSE MONDAY

Bizads, Engineers, Dentists and Pharmacists Must Schedule Space Soon.

The last four college sections of the Cornhusker will be closed to all organizations for space or pictures Monday night. The colleges affected are Engineering, Pharmacy, Dentistry and Business Administration. After Monday it will be impossible to obtain space or schedule pictures for organizations classified under the college sections.

Following are the reservations now on file in the Cornhusker office:

- Engineering.
 - Sigma Tau.
 - American Association of Engineers
 - American Society of Civil Engineers.
 - American Institute of Electrical Engineers.
 - American Society of Mechanical Engineers.
 - Radio.
 - Pharmacy, group of whole college.
 - Kappa Psi.
 - Kappa Epsilon.
 - Dentistry.
 - Delta Sigma Delta.
 - Xi Psi Phi.
 - Business Administration:
 - Alpha Kappa Psi.
 - Delta Sigma Pi.
 - Gamma Epsilon Pi.
 - Commercial Club.
 - Girls Commercial Club.
- The editors of these different sections are:
- Engineering, Harold Edgerton.
 - Pharmacy, William Schoonmaker.
 - Dentistry, Melvin Thompson.
 - Business Administration, Frank Fry.

Space may be reserved with the above editors or in the Cornhusker office. Wendell Berge, managing editor, stressed the importance of getting these reservations in at once as absolutely no pages or pictures for the college sections can be obtained after Monday.

Berge urged that all organizations, regardless of where they will appear in the book, make their reservations at once. Work is necessarily retarded until the editors know definitely how many groups are going to take space.

GRUMANN ANNOUNCES ARTS CONVOCATION

A convocation for all fine arts students at 11 o'clock today in the Temple has been announced by Prof. Paul H. Grumann of the school of fine arts. All students who are majoring in fine arts are expected to attend.

Professor Grumann will preside at the convocation. Plans will be made for fine arts week, which begins February 25, and closes Saturday March 1.

POINT SYSTEM A SUGGESTION

Outline in Wednesday Nebraskan But a Rough Sketch Says Student Council.

MORTARBOARD PLAN ENTIRELY SEPARATE

Rumors that the sketch of a possible point system for the University of Nebraska that appeared in the Daily Nebraskan Wednesday was intended to be a definite plan, was officially discredited at a meeting of the Student Council Wednesday evening. The Student Council endorsed the plan for women worked out by Mortarboard and the W. S. G. A. This plan is to be submitted to women at the coming election.

Two ballots will be taken on the point system at the general election. The first will be for the adoption of the plan suggested by Mortarboard. The second will be a general vote of the student body on the question of approving the general idea of a point system for both men and women.

The plan for women represents a year of intensive study of this question by members of Mortarboard and the W. S. G. A. and is designed to distribute important offices in women's activities more uniformly among those best fitted to hold them, representatives of these two organizations stated yesterday. The proposed plan in full appears in this issue of the Daily Nebraskan.

CARL B. JACKSON TO SPEAK TO ENGINEERS

New Yorker to Talk on "Regulation of Public Utilities" in Convocation.

Carl B. Jackson of New York city will speak at a College of Engineering convocation to be held in the Social Science auditorium at 11 o'clock this morning. His subject will be "The Regulation of Public Utilities." A special invitation is given to the College of Law and the College of Business Administration to attend this lecture.

Mr. Jackson was a member and chairman of the Wisconsin State Railway commission for six years. The last year of that time was president of the National Association of State Railway and Utility commissioners. He was active in developing a plan for co-operation between this commission and the Interstate Commerce commission, looking toward a solution of utility problems.

He originated a plan for handling depreciation of public utility property, and has been recognized as a constructive force in the general field of utility work throughout the country. His work with the Wisconsin commission has been accepted as leading the way for other states to follow.

The College of Engineering will hold a convocation every month. Speakers of national repute will lecture. Announcement of these will be made later.

HUSKER FIVE TO MEET GRINNELL FRIDAY NITE

Pioneers to Invade Nebraska in First Home Game in Two Weeks.

Friday night the Husker basket tossers will play the fast Grinnell team on the Coliseum floor, in the first home game for the Nebraska five in two weeks. The Grinnell team since their defeat by Nebraska over a week ago, have been pointed toward the return game with the Huskers, and are planning to put up a stiff fight.

Space has been reserved at the Coliseum for an organized rooting section, the University band will also be present.

W.A.A. Valentine Tea To Be Held Friday

A Valentine tea is to be given Friday from 4 to 6 o'clock at Ellen Smith hall by the Women's Athletic association. All friends of the association and everyone interested in it are cordially invited.

A Total of 2045 Tickets Offered for Sale—Each Purchaser May Reserve Six Seats—Admission Price to Performance Is Fifty Cents.

A resolution disclaiming any responsibility for any unauthorized and anonymous scandal sheet that may appear University Night was passed at a meeting of the University Night committee held yesterday

SELFISHNESS CAUSE OF DIVORCE SAYS JUDGE

Magistrate of Juvenile and Domestic Relations Court Is Forum Speaker.

Judge W. M. Morning of the city juvenile and domestic relations court spoke yesterday noon before 100 people at the World Forum luncheon at the Grand hotel. The talk was on experience gained by Judge Morning from the cases that come before him and was interesting because of the human interest stories and practical lessons that were included in it. The principle stressed in the talk was that most domestic troubles originated from the selfishness of married people and their unwillingness to make the sacrifices that married life entails.

Hamilton Holt, editor of the Independent magazine, has been secured for the luncheon next week. Mr. Holt will speak on the subject "America and the World." The talk will deal mostly with the league of nations.

The continued popularity of the luncheons is no doubt due to the calibre of the speakers obtained for them, according to Paul W. McCaffrey, student Y. M. C. A. secretary. He added that the wide diversity of subjects and speakers also was an attraction to students.

Fill Junior Vacancy On Publication Board

Bennett S. Martin has been appointed junior member of the student publication board, by Philip M. Lewis, junior president. Martin fills the vacancy left by Charles Sperry, who is not in school this semester.

Martin, who is the student employment secretary of the University Y. M. C. A., has recently been elected president of the University Commercial club. He is a member of Sigma Chi.

Proposed Point System for Women

- MAJOR OFFICES.**
- President—W. S. G. A.
 - President—Y. W. C. A.
 - President—Senior Advisory board.
 - President—W. A. A.
 - Vice president—Y. W. C. A.
- SUB-MAJOR OFFICES.**
- President—Mortarboard.
 - President—College organizations.
 - President—Departmental organizations.
 - President—Honorary societies.
 - President—Professional organizations.
 - President—Social sororities.
 - President—Literary societies.
 - President—Classes.
 - Vice president—W. S. G. A.
 - Member—Y. W. C. A. cabinet.
 - Member—W. S. G. A. Board.
 - Member—Student Council.
 - Member—Senior Advisory Board.
 - Member—All University Party Committee.
 - Chairman—W. A. A. concession committee.

- Major Position—Cornhusker, Awwan, Nebraskan.
 - Vice Chairman—Pan-Hellenic.
