

**DELTA UPSILON
WINS CAGE MEET**
(Continued from Page 1)

after which Johnson made two free throws; and the score stood 10 to 6 at the end of the half.

Mielenz, the shifty Delt guard, made the first counter of the second half, and it looked for a minute

If you're guilty of heart breaking the easiest way for you to escape punishment for such a terrible crime is to send a box of Rudge & Guenzel's delicious candies as a Valentine.

as though the Delt were going to come back as every one thought they would, but after Smaha made a free throw and then a field goal from the center of the floor the Delt supporters began to lose hope. Another field goal made by Woustaupal, the rangy D. U. center, made the D. U. score twice that of the Delt.

The Delt had hard luck on several long shots which balanced on the rim, but always shied at the netting. Johnson made a free throw, and Smaha another basket. With 3 seconds to play, Olds made the final basket of the game and the third field goal for the Delt. The score was 18 to 12 at the end of the game.

Smaha was by far the outstanding player on both teams. He made 13 of the D. U.'s 18 points, and many of his baskets were long hard shots. Both teams guarded closely and it was hard to get within shooting distance of the basket.

**Dr. Katner Addresses
Dentistry Students**

Dr. G. F. Katner visited the Dental College Wednesday. In the evening he gave a lecture on "Dental Castings" to the Operative Study club of the college. Dr. Katner is associated with the Ransan and Randolph Manufacturing company of Toledo, Ohio.

Bob—Well, I ordered my flowers for Valentines—got them yesterday, did you?

Jim—No—what kind of flowers shall I get?

Bob—Oh, anything so long as it is from Chapin Bros.

**PLENTY OF OIL LEFT
YET SAYS SCHRAMM**
(Continued from Page 1)

sixty-five gallons of oil to the ton of shale, also yielding ammonium sulphate as a by-product. Some shales. In reply to queries conservative while others are thin-bedded. Shale is either black, brown, or gray or any of these combinations depending upon the richness of the shale.

Oil cannot be economically recovered from shale unless it is handled upon a large scale, Professor Schramm asserted further. This means the erection and equipment of plants costing several millions of dollars. Large American companies are becoming interested in American oil shales. In reply to queries concerning the possibility of drainage of oil from Tea Pot Dome, Professor Schramm gave as his opinion that it would be several years before the recovery of oil on Salt Creek field proper would have any effect on the Tea Pot Dome.

You won't fumble this cap!

Professional jugglers could handle the old-style shaving cream caps and never once drop one down the drain or under the bath tub. But for most of us, this new Williams Hinge-Cap puts an end to an ancient nuisance.

Williams Shaving Cream is just as much pleasanter to use as is the Hinge-Cap. It softens the beard with uncanny speed. The thicker lather holds the moisture in against the skin where it is needed. This lather lubricates the skin, too, so that painful razor friction is eliminated. And when your shave is done, that famous ingredient in Williams which helps the skin, leaves your face cool, soothed and refreshed. No coloring matter is used in Williams—it is a pure, natural-white shaving cream.
