SWIMMERS TRAIN FOR KANSAS AGGIE MEET

Are Out to Get Revenge for Last Year's Defeat; Team Is in Good Shape.

The swimming squad is swinging into another hard grind of preparation for the meet with the Kansas Aggies at Manhattan on March 14. Last year the Jayhawks beat the Husker swimmers by a decided margin and the Nebraska tankers will be out for revenge this year. Three members of the squad that swam against Kansas last year will enter in the coming meet. They are Capt. Hunton, Dan Reed, and Jack Graebing.

Coach Adkins is working the men hard for the meet, especially in the distance events and the relay swim. In the meet at St. Louis with the Pikers, Hunton came out first in the 50 yard free style, and Campbell copped first place in the plunge for distance. These are the only first places won by Nebraska, and Adkins is concentrating on the other positions in which the team was rather weak. The relay swim is causing Adkins quite a bit of worry. He has two good sprint men in Frank and Jack Hunton and several long distance swimmers fill the other positions. Last time Shildneck and Campbell filled the bill. The time before at Omaha, Dan Reed was fourth member of the relay team. Plate Shows Up Well.

Plate, breastroke performer for the Huskers is making good time in practice swims. At St. Louis he was off form a bit and didn't make as good time as in practice sessions. If everything goes right at Manhat-
tan, Plate will garner a first place for Nebraska in this event.

Jack Hunton is one of the all-around men on the squad, swimming the fifty yard free style, relay, and 100 yard runs. The chances are that Hunton will hang up a record in the sprints before the season is over. Last year as a freshman he entered in the Mid-western A. A. U. tank meet at Omaha and won one of the sprints events, breaking the association record. This year he was rather slow in starting but is hitting along in midseason form now and will cause no end of worry to opposing swimmers.

The Missouri Valley swimming meet will be held at St. Louis on March 21, and 22. Seven valley schools will be represented. Nebraska will enter a full team, and will have a swimmer in every event.

KANSAS HAS GOOD GRIP ON VALLEY CAGE TITLE

Nebraska and Washington Are Tied for Third Place on List.

Kansas University basketball tossers seem to have cinched the Missouri Valley cage title for the second consecutive season. Oklahoma has practically lost its chances with but one more game to play and that against Grinnell at Norman next week. Nebraska and Washington stepped into a knot for third place ownership last week. The two teams meet on the coliseum court Friday.

This week Kansas meets Grinnell and Drake. Should the Des Moines artists pull the unexpected as they have done several times this season, the Jayhawkers will need to win their remaining contests in order to keep

from a tie with the Oklahoma quint. The Indians split their duet of tests with Missouri last week each team winning on the home floor.

Nebraska is the second best defensive team in the conference, according to statistics. Kansas leads allowing its opponents but 17.3 points per game while the Muskies have allowed 18.2 counters per contest. Nebraska ranks third in points scored being topped by only Oklahoma and Washington.

Nebraska has but four more cage contests to play before the curtain on the 1924 season will be lowered. Washington comes here this week, Drake and Ames both play on local courts, and the Scarlet and Cream hoopsters journey to Ames.

Ag Engineers to Convene in Lincoln

Lincoln has been chosen by the American Society of Agricultural Engineers for its next annual conven-

tion to be held in June, according to announcement by the secretary, Raymond Olney, Mount Clemens, Mich. S. B. McCrery of the United States department of agriculture is president. The definite dates and the program will be announced later.

A Class Distinction

The Hinge-Cap is the insignia of Williams Shaving Cream and of Williams Only. You'll notice three things about Williams every time you shave. 1. Williams lather is heavier and holds the moisture in against the beard. Quicker and more thorough softening takes place. 2. Williams lather lubricates your skin — your razor actually seems to "glide" the hairs off. 3. Williams lather leaves the skin in marvelously fine condition. No matter how frequently you shave, your face stays cool, smooth and comfortable.

You'll enjoy every shave with Williams. It is a pure, natural-white cream without any artificial coloring whatsoever.

Williams Shaving Cream

The Williams Hinge-Cap is "on even when it's off." You can't lose it, and the tube hangs up!

Kaufman Campus Togs
Clothes for Young Men

A Well Tailored Suit

The inside construction is the foundation of good tailoring. In Campus Togs the entire front of the coat is separately pieced and built into the garment — not pre-assembled and padded into place.

The finish will show the finer mohair or silk lining, exposed seams full satin piped, hand sewed button holes, hand shaped collar, hand shaped fronts.
