**Montverde School
Asks for Old Books**

Books are wanted by the Montverde School of Montverde, Fla., a co-educational college for students who are working their way through school.

The Montverde school is a non-denominational institution. Two hundred and twenty-five students are enrolled and as many more have been turned away for lack of room. Courses in arts and sciences, commerce, agriculture, and shop work are offered. A library is being built and expenses are being defrayed by donations.

A list of the books should be sent in before shipping, so that books may not be duplicated. The school will pay the freight on all donations. Students who have books that they wish to give to this school should notify them, giving the names of the books.

Scholarships are intended for students who have given evidence of special attainments, and the fellowships for students who have already pursued graduate work in these subjects. Further information may be had by writing to Prof. E. B. Titchener for psychology and to Prof. Wm. A. Hammond for philosophy, Cornell University, Ithaca, N. Y.

"Clean Herds and Hearts", a four reel moving picture, is to be shown in the assembly room at the Ag college tonight at eight o'clock. For Dental Students**

The State Board of Dentistry, composed of Dr. F. Griess, president, of Sutton; Dr. M. O. Frazier of Lincoln; and Dr. G. M. Boehler of Omaha; is conducting a series of examinations of five students of the Dental college who have applied for license to practice in the state.

The men being examined are: Dr. E. M. Slattery, Dr. E. Miller, Dr. Schumberg, Dr. Sullivan, and Dr. Stein.

**New Mica Specimens
Received at Museum**

The Museum has recently received some interesting specimens of mica, the most interesting among them being sheets of cat gold, Prof. E. H. Barbour announced yesterday.

Cat gold is a form of mica which so closely simulates gold that it is often mistaken for it especially when the large sheets are broken into small bits and are carried downstream and collected in certain places among the sand and rocks.

**Faculty to Plan Change
For Freshman Entrance**

A change in the entrance requirements of the University will be considered at a special meeting of the faculty of the College of Arts and Sciences at 5 o'clock Wednesday afternoon.

The proposed change will be so framed that the entrance requirements will meet the need of the junior and senior high schools as well as the four year high schools.

Lea Sherer, '23, Spencer, and Carl Peterson, '24, Omaha, have announced their intention to take on April 14 the examinations for the United States regular army with the rank of second lieutenant. They will take their preliminary examinations within the next two weeks.
