**BASEBALL SQUAD IN STRENUOUS WORKOUTS**

**Kline Starts 'Em Twirling and Perfecting the Batting Eye.**

With the appointment of W. G. Kline as baseball coach last Monday by the athletic board Husker baseball practice has begun in earnest. The men are working out every afternoon including Saturday at the Armory limbering up the pitching arms, playing catch and getting the batting eye in shape for the outdoor season which begins as soon as the weather opens up.

Prospects for the season look good with eight letter men back from last year and a large number of last years freshmen to compete for positions on the nine. The schedule this year is top heavy on trips. There are twelve games away from home, all of them in the south, and four games on the home diamond. The Lincoln games will be played on Rock Island field where the squad will practice as soon as the weather permits.

There will be no freshmen baseball practice for several weeks, Coach Kline announced yesterday. Kline will call a meeting of freshman baseball men some time before spring vacation at which time he will outline plans for freshman practice.

**ONE HUNDRED RELAYS LISTED FOR CARNIVAL**

Inauguration of the Ohio Relays on April 19 in the Ohio Stadium under the auspices of the Ohio State University is assuming generous proportions. Assistant Athletic Director G. M. Trautman, in charge of

arrangements for the meet, announced today that indorsements of the relays had passed the 100 mark. Indications are that the Western and Ohio Conference will be generously represented at the meet, with a scattering representation from non-conference schools in Pennsylvania, Ohio, Michigan, Indiana, and other states. There is also some possibility that the east and far west may also be represented.

Addition of three more events, bringing the total to 45, was announced today by Director Trautman. The open competition has been split into two classes, the one for the larger colleges and universities and the other for the smaller colleges. This was done to equalize the competition.

Entry blanks for the relays are being and will be mailed to prospective contestants within the next week.

**MEIER DRUG CO.**  
"Always the Best"  
B6141 1230 O St.

Among the larger universities which have sent definite assurance in the past week that they would compete is the University of Michigan, whose relay teams will participate in several of the more important relay events and in addition will have individual stars in some of the

special events.—Ohio State Lantern.

With a dozen outstanding individual stars competing, the hurdle races should be among the most interesting events at the Drake university relay meet at Des Moines April 25 and 26.

Tower of Minnesota, who captured the 120-yard high hurdle event at the Drake meet last year, will be there.

Others who will compete are Coulter, Brookings, and Crawford of the University of Iowa, and Weir of Nebraska.

**Spring Blouses**  
Show new ideas!

A visit to our Blouse Section will reveal the interesting ideas developed into new styles for Spring. Of course you'll need new blouses for your suit and sweaters—why not choose while our assortments are complete?

Gauntlet cuffs plain or piped to match the Peter Pan collar, are added to the Striped Dimity and Voile Blouses so favored for suit and sweater wear. Blouses may be white or with brown, orchid, tomato or blue and yellow pipings; plain tan or tan with brown trimming. Priced, each

1<sup>98</sup>

Colored Voile makes exceptionally dainty blouses, especially when trimmed with glass buttons from the neck to the hem as are some of ours. The "bosom" effect, tucked or shirred, is also new for Spring. It may be in self-colored or white, but in either case is smart. Such colors as Pigtail Blue, Orchid, Rose, Fallow or Green make delightful suit additions—see them. Priced each

**Miller & Paine**

**LOOK FOR THIS NAME ON THE NECKBAND**

The name is all you need to know!

A good name and the high standard which it invariably stands for are inseparable. So it is that, to well-dressed men, "Cheney", in the neckband of a cravat, has come to mean correctness of style and pattern, craftsmanship of weave, and excellence of materials.

**Another call for candidates**

in this season of try-outs, seniors will do well to respond to the call for candidates which progressive business organizations are making.

The visit of the various company representatives offers a mutual opportunity. It puts you in position to judge whether a particular company offers sufficient scope to your ability and ambition. The representative can judge, after conversing with you and studying your record, whether you would be well placed in his company.

Do not ignore the invitation to these interviews. Do not be one of those—and they are many—who next Fall will write to the larger companies, "At the time your representative visited my college I did not think that I was interested in the work of your company and so did not meet him".

Men who are earnest in wanting to make the team usually respond to first call.
