**WILL STAGE TRACK AND
FIELD TRYOUTS TODAY**

**Events Are to Be Counted on
Track Numeral
Awards.**

Varsity men and fraternity track men will compete this afternoon in the regular field and track tryouts which will apply on track numeral awards. This will be the last chance for fraternity track men to enter in the tryouts before the interfraternity meet after spring vacation. The first race will be at 3:30 sharp, and Coach Schulte wants all men to be on time. No races will be delayed for stragglers.

The track events will start at 3:30 with the mile run, followed by the 440 dash at 3:40; 50 and 75 yard dashes will be run at 3:50; 50 and 75 yard high hurdles at 4:10; 50 and 75 low hurdles at 4:30; the 2 mile run at 4:40; and the 880 run at 4:50.

The field events will begin with the shot put at 3:30, and the high jump and pole vault at the same time. The broad jump will take place at 4:30.

The indoor track under the stadium will be used for the races. Workmen are grading the ground south of the football field preparing a practice field, which in connection with the cinder track around the stadium will make possible a 200 yard straightaway course for track events. There will also be a 440 course with only one easy curve in it. The cinder track around the football field will probably be ready for practice after spring vacation. The board circular track, and the straightaway for hurdles and dashes which were used for indoor meet practice have been torn up.

The first outdoor meet on the schedule is the Kansas relays at Law-

rence on April 19. A week later Nebraska will enter the Drake relays at Des Moines. Charles Paddock, world champion sprinter of California, will be entered in the Drake relays and Locke of Nebraska will probably run in the same events against him.

At the Drake relays a 400 meter high hurdle race with 3 foot hurdles will be one of the special events of the meet. New three foot hurdles were received yesterday at the Husker field for practice on this event.

The interfraternity track meet, which has been postponed several times in the last four or five weeks on account of bad weather, will be run off between April 4 and 11. Alpha Tau Omega has one of the strongest teams entered in the meet. Delta Tau Delta and Alpha Sigma Phi, winner of the meet last year, will also have strong teams. The Deltas have a number of men back from last year. Sigma Alpha Epsilon stock went up last week when Jones, a freshman Sig, put the shot 49 feet. Acacia will also present a strong combination.

**OUTDOOR BASEBALL
PRACTICE STARTS**

**Forty Candidates Turn Out;
Nine Veterans Are Back
for Season.**

Fifteen minutes after varsity baseball practice had started yesterday on the field east of Social Science building, a batter succeeded in his attempt to knock the ball through a window in the Teachers College.

A squad of about forty candidates for varsity berths appeared for practice. Indoor practices have been held for over a week in the Armory and the men are rapidly getting form for their spring trip which will start March 31 and end April 8.

Nine veterans are back for this year's team. They are: Peterson, captain, Pool, Collins, Smaha, Janda, Lewellen, Gibbs, Arries, and Voltz. Among the freshmen who promise to be strong competitors of the letter men are: Pickett, Tipton, Hubka, Eckstrom, Raun, Hollingsworth, Harney, and the two Langs.

The schedule as it now appears will afford the home fans little opportunity to see the team in action. Twelve of the sixteen games are away from home.

Sport Briefs.

University of Oklahoma, Mar. 24.—(By M. V. I. N. S.)—Sooner athletics will be handled under the student manager system, according to the new constitution adopted by the athletic council, subject to the approval of the president of the university.

University of Oklahoma, Mar. 24.—Letter awards in rifle, pistol, polo and swimming, in addition to the regular sports, will be made at the University of Oklahoma, according to the new constitution adopted by the athletic council.

A red "O" on a white diamond will be awarded in these special sports.

University of Oklahoma, Mar. 24.—(By M. V. I. N. S.)—Spring football practice has started for Sooner grid men. Only about twenty men, nearly all from last year's freshman squad, turned out for the opening workout, because baseball and track are drawing their share of varsity men. Weather conditions have been unfavorable for football practice.

UTAH—A silver loving cup will be awarded to the best all-around girl athlete of the senior class of the University of Utah by Phi Delta Pi,

national physical education fraternity.

DENVER—A college two miles above the sea is the attractive offer of the Denver University botany department for next summer. The courses will be conducted in a mountain camp.

The staggering sums taken in as gate receipts at football games in the larger universities last season have convinced various college authorities that the sport has overstepped the bounds of "sport for sport's sake" and is becoming a commercial enterprise.

Notice the hats that still look fresh and new. Inside you will see the word Stetson.
