Don't you love to see a pretty silk scarf tied tight about a girl's neck with the ends loose and flying with the wind these March days? But I think the scarf is the only thing that enjoys the wind, I know I don't.

I noticed at Rudge's today that they have another new lot of silk knitted scarfs in checks and stripes in pretty color combinations. Then they have some very new scarfs of plain silk crepe lined with a contrasting color. Both have pretty fringed ends.

They certainly are SMART and no costume is complete without a scarf.

Priced \$3, \$3.50 and more, at Rudge & Guenzel's.

The Best Business Career

is what every ambitious college student and senior is thinking about at the present time. Life insurance is one of the best, one of the most desirable, and one of the most satisfactory as a permanent calling.

In assets and volume of business, life insurance is one of the three leading businesses of this country, yet the field is comparatively undeveloped. Only seven per cent of the economic value of all lives in United States is covered by insurance. This gives you an idea of the big field still to be developed.

As to REMUNERATION, reports of college graduates who have entered business indicate that life insurance is at the VERY TOP as a SOURCE OF INCOME. Now is the time to consider what you are going to do at the end of the semester.

If you are ambitious and willing to work hard and are interested to know about life insurance as a vocation, address the LINCOLN LIBERTY LIFE INSURANCE COMPANY, Lincoln, Nebraska, or call in person at 305 Ganter Building, 12th and O Streets.

WHY we chose the name Campus Togs for our clothes

Despite the fact that for twenty-five years we made our clothes and sold them under the label, Chas. Kaufman & Bros., we chose the name Campus Togs as significant of the new spirit in clothes for men of all ages.

For the past ten years we have featured Campus Togs as the trade label for our clothes. It seemed to us significant as a name that would indicate clothes designed and proportioned to please discriminating men. It also signifies in dress the breeze and smartness that the young man or college boy who travels the campus has, and which puts him in the envied class, at least from the standpoint of being youthful and making the most of his age in his appearance.

To also put youthful appearance into clothes for older men, was the new feature for our designing department to work out successfully, and in its achievement we confidently present clothes to the world, for all men, which measure up to the significance of the trade name we have chosen.

We guarantee our clothes

PILGRIM BLUE WEEK AT FARQUHAR'S

When the Pilgrim Fathers landed at Plymouth in 1620—that memorable day from which American history really begins—their form of dress was one of the most interesting studies of that period.

Blue Clothes predominated, we are told, and from that day to this, blue has been the "dress up" color of American men.

About six years ago, a member of the Stratford buying organization found in New England samples of some of those old time fabrics—wonderfully woven of the finest wool obtainable. They were the inspiration of the idea to develop a more wonderful blue fabric than ever before been woven. A famous Yankee cloth designer was called in; told to get the finest wool; the most skilled weavers; the best processes known to the woolen industry—and to spare neither time nor money in developing the fabric the Stratford people desired.

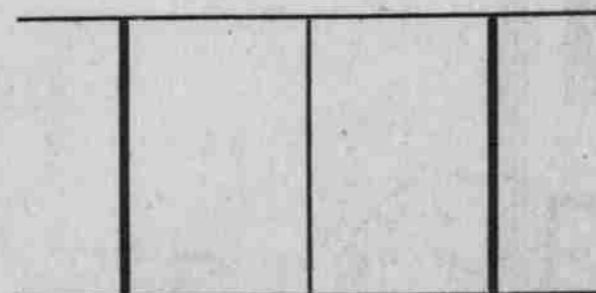

From that start has been developed the famous "Pilgrim Blue"—a blue herring-bone cloth without an equal in the clothing realm. This fabric is confined exclusively to Stratford, and no other store in Lincoln can show it to you.

Our sales of "Pilgrim Blue" suits in Lincoln are nearing the two thousand mark. They have a reputation with Nebraska men which has probably never been equalled by any other suit. It is the most satisfactory and longest wearing fabric we know of. No other suit we have ever seen compares with it for service and enduring good looks.

"Pilgrim Blue" has been beautifully tailored by Stratford into seven splendid styles for young men, and we have chosen this week to feature them especially.

They are displayed in our windows, and we cordially invite you to see them; to try them on in the store; to consider a "Pilgrim Blue" for your new spring suit. You'll find it the best suit you ever wore—a garment suitable for every occasion of college life.

Ask particularly to see the "Carlton" and "Finley," the two outstanding college styles for spring wear.
