Condra Will Speak at Kansas City Congress

(University News Service)
"Some Conservation Problems of the Missouri River," will be the subject of a talk by Dr. G. E. Condra, director of the division of conservation and survey, at the Missouri River Development Congress in Kansas City, April 11 and 12. Dr. Condra will tell some of the problems in conservation encountered in Nebraska and will discuss the river in relation to rainfall, soil areas and structural conditions.

Called primarily for the purpose of investigating navigation possibilities on the Missouri river, thus bringing farm products of the states drained by the river closer to market, the congress will consider means to protect farm lands from the inroads of the river. It is hoped to establish cooperation with the government to enable federal work on the Missouri similar to that on the Ohio and other rivers.

Replies have come to the division of conservation and survey from many states, South American countries, France, Mexico and the Hawaiian Islands, expressing approval of the talks on various phases of Nebraska, broadcast once a month from the powerful radio station at Hastings. Dr. Condra of the division will conclude his description of the sand-hill country next Thursday evening and will take up the Pine Ridge Country — its resources, topography and utility.

Shopping With Charlotte

If it's something new to wear Or a place to go, or thing to eat We bring these items to your home And lay our service at your feet.

Parisian Designed Jewelry.

George Bros. have a most alluring display of costume jewelry designed by Joseph Paquin of Paris, leading creator of Parisian fashions. This jewelry is designed to be more than an ornament for it is a part of the costume itself. There are many unusual combinations for the new dresses. There are necklaces of square cut crystal cubes with black rondells and pendants of Jade, Lapis, Crystal, Cornelian, and Onyx. Besides these there are delightful enameled silver sweater sets and lingerie clasps and supporters.

A Springtime Sundae Out-of-doors.

On a spring evening no one wants to go inside to eat. Rector's appreciate this and offer outside service to automobile parties. Go there sometime this week and have them bring you their newest sundae. It is de-

licious and the name itself is tempting for it is very appropriately called a Springtime Sundae.

A Coiffure for Spring.

The spring weather makes one want to go without a hat. To do this your hair must look well. You can get it perfectly marceled and curled at the Helen Beauty Shop, 139 S. 12th St. Call B1538.

A Confession.

Owing to an over-estimate Tucker-Shean over bought their Holiday Stock of High Grade Eaton's and Crane's Correspondence papers. It becomes necessary to reduce this stock to a normal supply, so they are offering for a limited time, a reduction of 1-3 to 1-2 off on all numbers of this fine stationery. The designs and fabrics shown in their window are the very latest in correct correspondence papers. Students will do well to take advantage of these special prices.

A Tip About Toilet Goods.

Gold & Co. are having a special sale on toilet goods this week. You are all interested and should look at their display ad on page two to see about your particular needs.

For Campus Wear.

They are showing all sorts of new suits at Ben Simon & Sons. They have a number of models in the popular hairline stripe. There are suits with long coats, and suits with short coats, and suits with boyish lines. Nothing could be better for school wear than one of these suits with a smart silk blouse. These suits are most inexpensive, some of them being priced as low as \$24.50 and \$29.50.

Sandals and Slippers.

Before you completely succumb to spring fever you must see the shoes at Magee's. They have sport sandals that are not only a pleasure to look at but to wear as well. They are of jack rabbit gray and airedale suede, and bright blues, greens, and reds. They also have cut-out patent slippers to go with the light hose which everyone is wearing.

Extra Dry

MEN like A-B Ginger Ale because it's extra dry. Real Jamaica Ginger gives it a quality that is both snappy and satisfying. Popular with the men for this biting, nippy taste—it is a favorite with women also for its delicately piquant flavor. Serve it to your guests
