

## FLOATS APPEAR IN ENGINEERS MARCH

Fifteen Clowns, Two Bands, and Four Hundred Students Start at Noon.

### SEVEN DEPARTMENTS TAKE PART IN PARADE

Eight floats, fifteen clowns, two bands, and about 400 students and faculty members will take part in the College of Engineering parade which will form at 11:45 this morning on the west of the Mechanical Engineering building, to march down O street.

The Geology department will be included in the parade this year along with the mechanical, electrical, civil, architectural, chemical and agricultural engineering departments, each of which has a float in the procession. Behind each float will march the faculty and students of the department represented.

The engineers will leave the Mechanical Engineering building about 11:45 and march to R street, then east to Fourteenth, south to Q, east to Sixteenth, south to O, west to Tenth, and back on Tenth to the University where they will disband.

**Hold "Pep" Rally.**  
About 350 students and faculty members attended the "pep" rally held at the Temple theater Tuesday morning and joined in songs and yells led by Francis Millson and the engineering college orchestra, after which they listened to talks by Coach H. F. Schulte and "Professor Jokey."

Coach Schulte spoke on "Enthusiasm," and stated that he was proud of Nebraska, not because of her fine athletic field but because of the men and women who attend. He said they were worthy successors to the pioneers who made the university possible.

"Professor Jokey," whose identity was kept secret, talked on "College Spirit in the Old Days." His statement that Noah was the first engineer was greeted with cheers by the students. It is rumored that the professor was Lowell Miller.

**Slaymaker Is Best Liar.**  
Prof. P. K. Slaymaker took the first prize in the much-advertised lying contest. The prize was a lame duck. The second prize of a fire shovel was presented to "Professor Jokey," the mysterious.

Thursday morning a special convocation will be held at the Temple at 11 o'clock when R. E. Campbell of Miller and Paine's, a graduate of the College of Engineering, will speak, and Chancellor S. Avery will present the Sigma Tau medal and the civil engineer's handbook given by Professor Mickey. The Sigma Tau medal is given to the member of last year's freshman class who had

(Continued on Page 4.)

## Advertise Annual Engineers Week by Seven Downtown Window Exhibits

Window displays prepared by the Engineering students of Nebraska can now be seen in seven of the downtown stores. They were completed Monday and have since been subjects of much discussion by students and citizens of Lincoln. These strange exhibits may be found at Miller and Paine's, Mayor Brothers, Farquhar's, Magee's, Meier Drug company, Huffmans and Tucker-Shean's.

The Department of Geology display is in the window of the Huffman supply house. Here is shown a stratigraphic map of Nebraska, showing the oil sands of the state and the number of wells that have been drilled. Here may be seen a model of Teapot Dome, a modern well-drilling machine and a vertical cross-section of a mine. Interesting statistics are given concerning Teapot Dome and the pumice and oil deposits of Nebraska.

### Show Modern Implements.

A model farm is being displayed in Magee's window by the Agricultural Engineers. This shows the latest of modern farm improvements and ideas of farm management. In this window one can see such implements as an ox yoke, a sap yoke, old lanterns, and a wooden pitchfork and scowp-shovel.

Excellent drawings by the architectural engineers may be seen in Tucker-Shean's window; drawings of modern homes, churches, power

## Speaks on "India" at Easter Vesper Service

Vespers at Ellen Smith hall Tuesday evening at 5 o'clock were in the form of Easter services. Choir music and the scripture readings were both of the Resurrection. Amy Martin, accompanied by Gladys Mickle, violin, and Marshall Neely, piano, sang "Ave Maria."

R. Bhatodekar, an Indian student, addressed the audience on the subject of "India." He outlined India's history for many centuries past, and explained the British rule of India to the present day. He told of the part which India played in the recent war, and graphically described conditions in that country today.

## TEAMS DRAW FOR DIAMOND TOURNEY

Twenty-seven Fraternities Sign Up for Annual Baseball Competition.

### PAIRINGS WILL BE MADE TODAY NOON

Twenty-seven fraternities have entered teams in the annual interfraternity baseball tournament which will get under way next week. Drawings for games in the first round will be made at noon today.

Because of the large number of entries the tournament will have to be played in five rounds. The schedule will be arranged so that no teams will play on successive days.

### Take All Fields.

All available diamonds including those at the high school and at Antelope park will be used. No games will be played at Rock Island park during the afternoon because of varsity practice there, but a few teams will probably meet there in the evening.

Practice games during the last few weeks have disclosed some strong teams and the title is anyone's at the present time. It is certain that some close contests will be played. Second will be awarded for first and second places in the tournament.

### Twenty-seven Enter.

Following are the fraternities entered in the tourney:

Phi Kappa Psi, Delta Upsilon, Sigma Chi, Phi Alpha Delta, Beta Theta Pi, Silver Lynx, Pi Kappa Alpha, Sigma Nu, Alpha Tau Omega, Lambda Chi Alpha, Pi Kappa Phi, Delta Chi, Alpha Chi Sigma, Nu Alpha, Kappa Psi, Phi Delta Chi, Delta Sigma Delta, Kappa Sigma, Alpha Gamma Rho, Farm House, Phi Gamma Delta, Phi Delta Theta, Sigma Phi Epsilon, Delta Tau Delta, Xi Psi Phi, Acacia, Phi Tau Epsilon.

## GLEE CLUB STAGES CONCERT PROGRAM

Solos Will Be Features of Appearance Friday and Saturday at Temple.

### UNIVERSITY QUARTET TO GIVE SELECTIONS

Solos by Dietrich Dirks, Wyatt Hunter and Prof. Parvin Witte, director, will be the features of the home concert to be given by the University Glee club Friday and Saturday evenings, April 25 and 26, in the Temple Theater.

The University male quartet will give several selections and together with the Glee club will present a scene taken from Robin Hood. The concert will start promptly at 8:15 and will be over in time that students may attend parties.

The Glee club is made up entirely of University talent. Following is the program:

**Part One.**  
"Chorus of Bacchantes," by Charles Francis Gounod, and "Lo, How a Rose E'er Blooming," by Michael Praetorius—Glee club.

Bass solo, "Song of Hybris, the Cretan," by J. W. Elliot—Dietrich Dirks.  
"Winter Song," by Dudley Buck, and "The Rosary," by E. Helbert Nevin—University male quartet.

"Let Their Celestial Concerts," and "Hallelujah, Amen," by George Friederick Handel—Glee club.  
**Part Two.**  
"Donthem," (King Olaf's Christmas) by Daniel Protheroe—Glee club.

Tenor solo, "Ah, Moon of My Delight," Liza Lehmann—W. Wyatt Hunter.  
Piano solo, "Ballade in G Minor," by Chopin—Harold Avery.

Scene from "Robin Hood," by DeKoven—Glee club.  
"Song of Love," by Schubert—orchestra.  
"Lamp in the West," by Horatio Parker, "In Vocal Combat," by Dudley Buck, and selected University songs—Glee club.

## TOM WISE SPEAKS AT SPECIAL CONVOCATION

University Players Secure Star of "The Old Soak" for Lecture Thursday.

The University Players have secured Tom Wise to deliver a special convocation lecture on plays and the theater on Thursday afternoon of this week at 3 o'clock at the Temple theater.

Mr. Wise ranks today as a great character-comedian. In his forty years on the stage he has been in fifty plays, has repeatedly starred in noteworthy successes, and he has written "A Gentleman from Mississippi," "An Old New Yorker," and "Mr. Barnum"—these in collaboration with Harrison Rhodes. Mr. Wise is now playing the leading role in Don Marquis' new play, "The Old Soak."

Tom Wise is appearing at the Orpheum theater Thursday evening. He has given his whole life to the stage and is an interesting and forceful speaker. All students are invited to hear him at the Temple at 3 o'clock, April 24.

## Chancellor Leaves for Midland College Today

Chancellor Samuel W. Avery will leave this afternoon to attend and address the "Greater Midland" conference at Midland college, April 23 and 24. The conference is being held by Midland college to promote the interests of the institution and to give the people of the state a more thorough understanding of the purposes of the college. The chancellor will express the good will of the University of Nebraska toward other state institutions, he said yesterday.

**BOSTON**—A commercial educational tour of Great Britain will be conducted by the College of Business Administration of Boston University. The tour has been arranged for business men and upperclassmen interested in the large aspects of business.

## Iron Sphinx Chooses Jones for President

Francis Jones, a member of Delta Upsilon, was elected president of the Iron Sphinx for next year at a meeting at the Kappa Sigma house last night. The other officers elected were: Vice president, Maynard Arnot; secretary, Robert Hoagland; treasurer, Clarence Miller; historian, Glen Buck; sergeants-at-arms, Judd Crocker and Paul Kamm. Plans were discussed for meeting the visiting Missouri Valley athletes, who will be here for the Valley track meet on May 24.

## PUBLISH PROGRAM FOR ANNUAL FARMERS FAIR

Print "Co Boss" for Free Distribution to Students and Visitors.

"Co Boss," a twenty-page complete program for the annual Farmers Fair to be held May 3, will be distributed free of charge on the city and farm campuses the latter part of the week. A program of events, directions to all the events, a list of the prizes for the various events, and the lists of committees will be published.

Plans are practically complete for the fair, according to the announcement of the board. The O street parade is to be described in the "Co Boss" as will the Wild West show, the pageant, the baseball game between Kansas and Nebraska agricultural colleges, the minstrel show and the midway.

For the Wild West show, several "bad" horses from further west have been imported. Purses will be offered for the best riders of these mounts. "Fire Eater" is one of these, of whom it is said that he has successfully unseated all comers to date. The Longhorn Texas steers for show riding and bull-dogging contests are to arrive soon. Fancy riding and trick roping will figure in the show according to the program.

Three of the most popular orchestras will play from 3 until 11:30 for dancing. Two floors, one under a big tent and one inside the Engineering building will accommodate the dancers.

## GIVE MEMBERSHIP OF NEW LOCAL SORORITY

Theta Phi, Catholic Organization, Petitions National Theta Phi Alpha.

Theta Phi, local sorority for Catholic girls, announces eighteen members. The chapter entertained Miss Francis Kelly, delegate of Theta Phi Alpha, national sorority which Theta Phi is petitioning at a luncheon, April 21.

The following are members: Mary Ellen Lydon, Anne Davey, Loretta Booth, Betty Dee, Angie Armhuster, Lucy Kelly, Jessie Cripe, Marie McGeer, Violet Donlon, Marie Kapera, Isabel O'Hallaran, Irene Fogarty, Agnes Kelly, Pearl Cosgrave, Nelle Whalen, Gertrude Goering, Blanche Lyman.

Patrons and patronesses of Theta Phi are as follows: Mr. and Mrs. John J. Ledwith, Mr. and Mrs. J. Hershey, Mr. S. F. McGinn, and Chief Justice A. M. Morrissey.

## Baseball Practice for Women to Stop Friday

Lillian Story, baseball leader, announced yesterday that the time for baseball practices would be extended to Friday, April 25, at 5 o'clock. The class tournament will start the beginning of next week. The following girls were chosen for class leaders of the sport: Freshman, Helen West; sophomore, Florence Steffes; junior, Luella Reckmeyer; senior, Lois Putney.

A committee is at work on the standardization of the physics apparatus used in the United States. It is thought that this will eliminate many of the errors in computing scientific data.

**CALIFORNIA**—Fencing classes at the University of California demonstrated their ability before the motion picture camera. A Fox Films cameraman took the pictures.

## Weather Forecast

Wednesday—Fair and warmer.

## GROUPS MUST APPLY NOW FOR DRIVE DAYS

Organizations Have Until May 16 to Submit Choices of Dates to Council.

Organizations expecting to carry on drives for funds next year must submit an application to the student council by 5 o'clock May 16 designating first and second choice of dates and the purpose for which the money will be used.

A schedule will be prepared by the council and printed in the "N" book. This schedule will be made binding on the organizations so that unnecessary drives will be eliminated and conflicts will not arise.

## ARRANGE NEW DISPLAY FOR ENGINEERS NIGHT

Geology Students Exhibit Models and Specimens Thursday in Museum.

Special exhibits will be displayed in the Museum on Engineers night Thursday, April 24, by the department of geology, which is acting in co-operation with the College of Engineering. Several objects which have been secured recently for permanent exhibits will be shown for the first time.

Geology students have prepared a derrick and drill which will be in operation to show drilling methods. A relief map and geologic section of Teapot Dome, and a model of a vein of ore with shafts, drifts and stopes will also be displayed.

A six-foot, diamond-backed rattler of Arizona type, a two-foot Heloderma lizard, and several species of fish are among the new exhibits. Several hundred dollars worth of new minerals bought for the occasion will be displayed on the third floor.

Three large electric microscopes will be in operation on the second floor. Guides will be stationed on the third floor to demonstrate mineral exhibits. Special demonstrations of diamond-working will be carried on, and models of famous diamonds will be shown.

Exhibits of birds, reptiles, frogs and fish on the fourth floor will be explained to visitors. The Peruvian mummies will appear in a new case. Well-drilling, and mining operations will be demonstrated in the laboratory of this floor.

## ALEXANDER SPEAKS ON NEW CAPITOL BUILDING

Illustrates Lecture to Freshman Students with Photographs.

The new capitol building was the subject of an illustrated lecture by Dr. H. B. Alexander, chairman of the department of philosophy, before the freshman lecture students of the College of Arts and Sciences, Monday evening and Tuesday morning. Photographs of the work on the new building already completed and drawings of the proposed work were used.

"The spirit of the building is a series of rectangular planes," declared the speaker. "As planned, it is a cross within a square. The tower will be the center of the cross. This arrangement will provide for four inner courts or gardens."

The designs on the outside of the building will not be lavish, the speaker said. Such designs will be symbolic of the buffalo, the pioneer, justice, democracy and freedom.

The inside of the building, as planned, will be beautifully decorated with mural paintings and fine tile inlay work. The governor's reception room, the library, the senate and representative chambers will be especially beautiful, he said.

Dr. Alexander also showed the proposed new state seal, designed by the artists who planned the decorations of the new capitol. This has not as yet been adopted by the state legislature as the official seal of the state.

## MAY FILE NAMES FOR COUNCIL NOW

Students May Apply for Nomination in Student Activities Office.

### FILINGS WILL CLOSE MAY 2 AT 5 O'CLOCK

Nominations for the student council for next year may be filed by students in the student activities office from today to 5 o'clock Friday, May 2. The nominations will be posted from day to day, and withdrawals will be allowed until 5 o'clock, Saturday, May 3. The election will be held Tuesday, May 6. Nominees must file their names and colleges in a sealed envelope.

One man from next year's junior class, a sophomore at the present time, in each of the following colleges will be elected: Agriculture, Arts and Sciences, Business Administration, Dentistry, Engineering, Law and Pharmacy. One woman, who will be a junior next year, will be elected from each of these colleges: Agriculture, Arts and Sciences, School of Fine Arts, and Teachers. In addition to these, two men and two women will be elected at large from the senior class of next year by the present junior class. The student council will also elect two senior men and two senior women from its own membership to form a nucleus for the council.

Students will vote only for the candidates from their own college with the exception of juniors who will also elect four members from the class at large.

The changes in the nomination system are in accordance with a recent amendment passed by the student body. Nominations were formerly made by acclamation.

## FIRST FORMAL PARADE COMES AT 5 O'CLOCK

Staff Officers to Judge Lines Today at Parade for Honorary Colonel.

The first formal parade and review of the year by the Nebraska R.O.T.C. will be held this evening at 5 o'clock on the regimental parade grounds in honor of Rosalie Platner, honorary colonel of the regiment. Regimental staff officers will judge company lines in the parade this evening and announce first, second and third place winners. Company H, Marion Woodard captain, winner of first place in the parade last week, will be color company for the parade. The company winning first place today will be color company next Tuesday in the parade and review in honor of Chancellor Avery, Cadet Colonel Craig announced yesterday.

### Will Carry Sabers.

Company commanders and staff officers of rank of captain and higher will carry sabers in the parades beginning next week. The company commanders are carrying sabers at the regular drill periods now.

The gold star inspection by army officers from Washington will take place Friday and Saturday next week. The companies drilling those days will be inspected by the officers. A parade and review by the entire regiment will also be held. Nebraska's chance of obtaining the rating of a distinguished R.O.T.C. school will depend on the success of the gold star inspection.

### Prepare for Compet.

Discipline in the regiment is tightening up as the company commanders prepare their companies for the competitive drill which takes place the latter part of May. There are only five or six more weeks of drill, and the cadets are putting all they have into the work. Company C, winners of the compet last year and Company H, look like strong contenders for first place at present. The other companies are right on their heels though, and the drilling of the next few weeks probably will be the deciding factor in winning the compet.

**ILLINOIS**—A model of a miniature farm showing the effects of soil corrosion and its prevention has been prepared by the department of farm mechanics for exhibition purposes throughout the state.
