HUSKERS TRY OUT FOR ANNUAL DRAKE RELAYS

Tracksters Make Fast Time—Layton Breaks Season Record in Quarter.

Tryouts held yesterday for the Drake relays at Des Moines Friday and Saturday brought out some fast time and showed the possibilities of the new Husker quarter mile outdoor track. The fastest time of the day was made in the 440 when Red Layton hung up a new Husker season record of 52:1. Locke ran a consistent 100-yard dash in two heats both of which he completed in 10:1. Cohen lowered the old low mark for the mile run when he ran around the new track four times in 4:42:3. The old record of 4:43 was made by Lewis on the indoor track. Zimmerman came in second yesterday with a time of 4:43:3.

Crites took the lead in the second round of the 880 and finished ahead of Capt. Mud Gardner. Whipperman was running the 440 in good form yesterday.

The final selection for the Husker team that Schulte will take to the Drake relays will be made this afternoon. There will be about twenty-five men on the squad. The squad leaves Thursday at 1:50.

FRESHMAN BASEBALL NINE MEETS VARSITY

The varsity and freshman baseball squads mixed at Rock Island park yesterday in one of the most strenuous workouts of the season. Lewellen and Peterson pitched for the varsity and Edwards, Dohmeier and Smaha were on the mound for the yearlings. No score was kept.

The lineup for the next game, which is with the Kansas Aggies who are here on May 2 and 3, is becoming more and more uncertain. Coach W. G. Kline has made several new finds since the trip south and it is not unlikely that he will present a very different lineup to the Aggies.

Student Spends Year In Central America

John C. Shepard, student in the College of Business Administration, will sail for New Orleans May 10 for Guatemala. He has just received a position with the United Fruit Co. in the accounting department of the transporting office.

After being in Guatemala for six

months he will go to Panama, and Jamaica, coming back to the United States by the way of New York. This trip will cover a period of one year.

Geological Specimens Are Given to Museum

The museum has recently received specimens of minerals and fossils from the geologists who took the spring trip to Newcastle, Wyo. Among the finer minerals given to the museum was a specimen of alunogen, native aluminum sulfate, or as it is commonly called, "hair's salt" and "feather alum." The alunogen was found in long, white crystals in an abandoned drift in the Cambria coal mine of Cambria, Wyo.

Don't Forget There Will Be a Hot Time in the Old Town Friday Night at the N. V. A. Ball and Midnite Frolic.

This is National Vaudeville Artists week thruout the world. Vaudeville artists have always been willing to donate their services to any worthy cause, this was fully demon-

strated during the war and Liberty Loan drives. The entire receipts from the N. V. A. Benefit ball and Mid-nite frolic to be held at the Auditorium Friday night of this week will go to the N. V. A. fund maintained for the sick and distressed of its members. It will be the largest vaudeville show ever held in this city, fifteen vaudeville acts and over one hundred musicians, including Paul Zimm and his Chicagans will take part in the big jamboree. The union musicians have donated their services and will unite with the vaudeville artists in making the event a gala one. Watch the daily papers for full particulars. Tickets now on sale at the Orpheum, Lyric, Rialto and Colonial ticket offices.—Adv.
