THE Van Heusen Collar is attached to the Van Craft shirt. That takes all the wrinkles and mussiness and wilting out of the old "soft shirt" idea.

The Van Craft is fine to lounge in because it is so comfortable. It is smart on social occasions.

The tailoring and fit of this popular shirt is perfect. The addition of the crisp, starchless, seamless Van Heusen Collar puts it in a class by itself.

"Wampus Cat" to be Displayed on Engineers Night

A specimen of the Tregintatomus Elatusius is to be on exhibit for the first time Engineers Night, April 24. The animal, which is commonly known as the "Walking Wampus Cat," was only recently dug from the mud of the Salt Creek bottoms.

It moves about, but thus far all efforts have failed to induce it to eat or to walk up an incline of any sort. In fact it refuses to walk at all unless allowed to travel down hill. So far as is known, the small specimen which we have is the only one of its kind in the world. It is some six inches in height and twelve inches long.

This creature is supposed to have been the cause of the extinction of the "Gully Gouger" and the "Mud Whifler." It is undoubtedly one of the strong medicine animals of the cliff dwellers of Salt Creek valley. This rare fossil will be exhibited in the Armory. Don't miss the privilege of seeing such an unusual specimen.

Why we chose the name Campus Togs for our clothes

Despite the fact that for twenty-five years we made our clothes and sold them under the label, Chas. Kaufman & Bros., we chose the name Campus Togs as significant of the new spirit in clothes for men of all ages.

For the past ten years we have featured Campus Togs as the trade label for our clothes. It seemed to us significant as a name that would indicate clothes designed and proportioned to please discriminating men. It also signifies in dress the breeze and smartness that the young man or college boy who travels the campus has, and which puts him in the envied class, at least from the standpoint of being youthful and making the most of his age in his appearance.

To also put youthful appearance into clothes for older men, was the new feature for our designing department to work out successfully, and in its achievement we confidently present clothes to the world, for all men, which measure up to the significance of the trade name we have chosen.

We guarantee our clothes
