

TRACKMEN LEAVE TODAY FOR DRAKE

Mile Relay Team Weakened by Absence of Layton and Scherich.

TWENTY ONE MEN WILL MAKE TRIP

Coach "Indian" Schulte's track squad, twenty-one strong, will leave this afternoon at 1:20 on the Rock Island for the annual Drake relays held at Des Moines, Friday and Saturday. Layton and Scherich, strong men on the mile relay team are ineligible because of low scholastic standing.

In the special events Weir, Hatch, Beerle, Gleason, Turner, Hartman, Brainard, Meyers, Rhodes, and Davis will represent Nebraska.

The men who will take part in the relays are: Captain Gardner, Locke, Hein, Whipperman, Crites, Higgins, Lewis, Slemmons, Cohen, Zimmerman, Ross, Hartman, winner at the Drake relays last year, and winner of the Kansas relays this spring in the shot put, is entered in this event with Meyers. Locke, Husker sprint star, who placed a close second to Irwin of the Kansas Aggies last week, is entered in the special 100-yard dash.

Weir and Beerle Will Run Hurdles.

Weir and Beerle will be running the hurdles in top form for Nebraska. Hatch, besides running in the relays, will broad jump. Gleason and Davis are entered in the pole vault. Brainard is entered in the javelin throw. Turner and Poor again meet in the high jump at Drake with a field of the best jumpers in the world. Turner placed a second to Poor at the Kansas relays. Rhodes will enter this event and also in the pole vault and broad jump.

In the relays, Nebraska has a team entered in almost every race. Locke, Hein, Hatch and Whipperman will probably run in the 440-yard and 880-yard relays. Present indications are that Captain Gardner, Higgins, Lewis, and Crites will run on the 2-mile team. Slemmons, Cohen, Ross, and Zimmerman are the likely members of the 4-mile relay team. The lineup for the mile relay is yet doubtful.

Colleges and universities from all over the United States have entered men in the meet. This is the biggest entry list in years. Coach K. L. Wilson of Drake has insured his relays for \$1500 against rain.

Freshman Commission Will Give Kid Party

Freshman Commission will give a kid party for all freshmen girls Saturday, April 26, at Ellen Smith hall from 2 to 5 o'clock. A program will be given and there will be music for dancing.

The party is for the purpose of getting the freshmen girls together for a general good time. Girls who are unable to get a kid costume are invited to come anyway.

CALIFORNIA—Graduate students in the political science department are conducting researches along practical lines. One student is working out a budget classification system to be tried in several cities. Another student is investigating possible consolidation of certain departments of state government.

All Departments of Engineering College Represented in Parade

Several carloads of clowns and two tandem bicycles led the College of Engineering parade yesterday in its march down O street. Eight floats representing the departments of the college and the geology and chemistry departments followed. Following the clowns in order were the floats as follows:

An engineering truck filled with members of the band furnished music, the architectural engineering float, designed by Roland Smith and Joe Wood, was carried in the form of a giant T-square and a triangle surrounded by drafting tables. The geology float, designed by F. K. Foster, was decorated with signs bearing a picture of a large teapot with references to the Teapot Dome. The chemical engineers float, designed by Southwick, was an enormous teapot that gave off "banana oil" in the

Nebraskan Will Send Reporter to Relays

A special reporter will be sent by the Daily Nebraskan to the Drake Relays at Des Moines, Iowa, Friday and Saturday. A complete special report of the meet will appear in the Sunday issue.

NEBRASKAN STAFF IS RE-ELECTED BY BOARD

Volta Torrey and Philip O'Hanlon Are Appointed News Editors.

Paul Richardson, '25, was reappointed as editor of the Daily Nebraskan; William Bertwell, '25, as managing editor; William Card, Hugh Cox, and George W. Hylton as news editors; and Alice Thuman and Doris Trott as assistant news editors, at the meeting of the publication board yesterday.

Volta W. Torrey, '26, and Philip O'Hanlon, '27, were appointed as news editors to fill the vacancies left by the resignation of Ralph J. Kelly and Merritt Benson.

The board also passed on a system of awards for members of the staff who have done especially good work during the year. Details of the plan will be worked out and announced later.

EXPECT LARGE CROWD AT CONCERT MAY 14

Minneapolis Symphony Orchestra and University Chorus Featured on Program.

Music lovers from all over the state are expected to swell the crowds from Lincoln and the University when the Minneapolis Symphony Orchestra and the University Chorus present their great open-air concert in the stadium on Wednesday, May 14, at 8:30 p. m. Four prominent soloists have also been secured to appear in the concert. The oratorio "Elijah" will be the feature of the program.

The Minneapolis Symphony Orchestra is one of the outstanding musical organizations of America and is composed of eighty-six musicians under the leadership of the famous Henri Verbruggen. It has been on tour since April 1 and has on its itinerary the principal cities of the east, south and middle west.

Bernard Ferguson, baritone of the Boston Opera company; Mabel Beddoe, a prominent mezzo-contralto; Lenora Sparkes, soprano with the Metropolitan Opera company; and Walter Wheatley, a well known Lincoln tenor, will play the leading parts in the oratorio. Mr. Ferguson will take the role of "Elijah."

Plan for Meeting of State Dental Society

Complete arrangements are now being made for the State Dental Society convention that will be held at the College of Dentistry during the third week of May. Dr. Cowley, '09, president of the society, is in complete charge of the convention. Dr. Webster, a member of the Dental faculty, is in charge of the imported talent.

form of ethyl acetate. The mechanical engineering float, designed by H. A. Burns, represented the dirigible Shenandoah, anchored to the North Pole and on the side were signs advocating more engineers and less politicians at Washington. The electrical engineering float, designed by J. W. Anderson, pictured two extreme classes of students, one "carelessly stewed" and the other "electrical stud."

Two burros carrying transit and pick and shovels formed the contribution of the mining engineers.

This parade was supervised under the general direction of Milburn Bengtson. The parade formed at the Mechanical Engineering building at 11:45, marched to R street, east to Fourteenth, south to Q, east to Sixteenth, south to O, west to Tenth and back to the campus.

NEW MEMBERS OF SIGMA XI NAMED

Sixty-six Elected to Membership in Honorary Scientific Society

OFFICERS FOR NEXT YEAR ARE ELECTED

At a meeting of Sigma Xi, honorary scientific society, Tuesday evening sixty-six were elected to membership. Of this number twenty-four were elected to active membership and forty-two to associate membership. Election to the society is obtained by research work in science.

New officers elected for the coming year are: President, Prof. W. L. DeBaufre; vice president, Dr. J. E. Weaver; councillor, Dr. R. H. Wolcott; secretary, Emma N. Anderson; treasurer, Dr. M. G. Gaba.

The new members elected to the society and the department in which they qualified follow:

Active Faculty.
M. I. Evinger, applied mechanics.
B. C. Hendricks, chemistry.
F. E. Mussch, agricultural chemistry.

Active Alumni.
Alice M. Andersen.
F. W. Davis.
D. B. Dow.
G. W. Pickwell.
E. W. Rowe.
Elery Davis.
John Latenser, jr.

Active Graduate.
Edwin Bartnuek, electrical engineering.
Harvey J. Cottle, agronomy.
W. H. Foxwell, mechanical engineering.

Katherine A. Wolfe, botany.
Clyde B. Bennett, anatomy.
Melvin W. Binger, physiology and pharmacy.
Laurence R. Custer, pathology.
Glenn W. Goldsmith, botany.
Leland P. Hawkins, physiology and pharmacy.

Emrys G. Jones, agronomy.
Milton F. Landwer, zoology.
Edward C. Person, physiology and pharmacy.
Donald M. Pillsbury, pathology and bacteriology.
Carroll A. Whitnah, chemistry.

Associate Graduate.
Allen E. Andersen, mathematics.
Harold L. Bedell, chemistry.
George W. Powers, zoology.
Edgar J. Boschult, chemistry.
Rupert A. Chittick, physiology and pharmacology.
James H. Dorsey, chemistry.
C. M. Downs, mechanical engineering.

Dorothy W. Duff, botany.
Julia J. Harper, botany.
James A. McNah, zoology.
Henry J. Wing, chemistry.

Associate Seniors.
Arthur P. Allison, geology.
Gerald M. Almy, physics.
Dorah Burnell, chemistry.
George L. Bureleigh, applied mechanics.
Alvin W. Brust, civil engineering.
Jacob H. Gable, astronomy.
David Halbersteden, chemistry.
Frank V. Hranac, electrical engineering.

Herluf P. Nielsen, mechanical engineering.
Ralph F. Nielsen, chemistry.
George E. Read, physics.
Carl E. Rosenquist, agronomy.
Edith Saal, mathematics.
Henry A. Sargent, civil engineering.
John C. Schmidt, civil engineering.

Edmund F. Slattery, chemistry.
Glen Stringfield, agronomy.
Lloyd P. Schildneck, electrical engineering.
George F. Sprague, agronomy.
Roland Sturm, applied mechanics.
Ralph F. Tefft, chemistry.
Grace F. Thomas, chemistry.
Edgar C. Tullis, plant pathology.
Ruth Trott, mathematics.
Ruth J. Vernon, botany.
Eugene L. White, electrical engineering.

To Broadcast Results of Drake Track Classic

DES MOINES, Ia., April 23.—The Bankers Life Company, Des Moines, Station WHO, waves length 526 meters, will broadcast the results of the Drake Relays here on Friday and Saturday, April 25 and 26. This is done in order to allow members of the student body will listen in on the report of this athletic event.

Weather Forecast

Thursday—Fair; not much change in temperature.

MAY MAKE STADIUM PAYMENTS AT BOOTH

Third Installments on Pledges Made Last Year Are Due Now.

Payments on stadium pledges will be received today at a booth at twelfth and R streets on the city campus and at the finance office at the College of Agriculture. All payments at the Ag campus should be made to Miss Schnurr at the finance office. The booths will be open from 8 to 5, the rest of the week.

The stadium headquarters has been recently moved to offices in the Temple building and all who are in doubt about the standing of their pledges should inquire there and not at the booths.

This is the third payment on the pledges made a year ago last fall and the second on those made last semester. Payments on the pledges made last year are based on the following schedule: 20 per cent cash at the time of pledging, and 20 per cent installments at intervals of six months after the letting of the contract for the stadium.

The contract was let a year ago today thus making the third installment due now. Payments on pledges made last fall are payable in installments coming due at intervals of six months from October 24, 1923.

RICHARDSON HEADS PRESS ASSOCIATION

M.V.I.P.A. Honors Nebraskan; Will Come to Lincoln for Next Meeting.

Paul Richardson, editor of the Daily Nebraskan, was elected president of the Missouri Valley Intercollegiate Press association at a meeting held at the Kansas States Agricultural College, Manhattan, Kan., April 21 and 22. Richardson was the Nebraska delegate to the meeting. The student body to listen in on the tation of Nebraska to hold the next annual meeting in Lincoln next October.

Representatives from Iowa State College at Ames, Oklahoma A. and M., the University of Oklahoma and the University of Kansas attended the meeting. Grinnell and Drake have signified their intention of entering the association although they did not send delegates to the convention. The association was formed last February at a meeting held at the University of Oklahoma.

L. E. Aylesworth of the Iowa State Student, was elected vice president of the association and L. M. Gardner of the Kansas State Collegian, secretary.

GLEE CLUB CONCERT TICKETS GO ON SALE

Large Crowd Expected to Attend Two Presentations of Musical Program.

Advance ticket sales for the home concert of the Glee club indicate that there will be good houses on both nights. Both concerts will start at exactly 8:15 and will end in time for students to attend parties or dances. Tickets are on sale at Ross P. Curtice company, Tucker and Shean, and the College Book store for fifty and seventy-five cents.

The club consists of thirty members directed by Professor Parvin Witte. The program will include solos, ensemble numbers, quartette selections, piano numbers and a skit from Robin Hood.

Tom Wise Will Speak at Convocation Today

Mr. Tom Wise, who has just completed four performances of the "Old Soak", in Omaha, will talk to students of the University, in the Temple Auditorium, today at three o'clock. His subject will be "Reminiscences of the Stage".

EVENTS TODAY MARK CLIMAX OF ENGINEERS ANNUAL CELEBRATION

Presentation of Leather-bound Engineering Handbook and Sigma Tau medal and Speech by R. E. Campbell Included on Program of Convocation.

WILL OPEN BUILDINGS TO VISITORS THIS EVENING

The Ag Students all wish the Engineers the maximum of success for their "Big Night" tonight. May their efforts be rewarded by increased interest in their college and the upbuilding of a greater University spirit. The Farmers Fair Board.

The special engineering convocation will be held in the Temple this morning at 11, and Engineers night, the most important event of the week, is tonight. The Engineers week program was published Wednesday and will be distributed tomorrow.

Several awards are being made this morning in the convocation. A leather-bound engineering handbook is to be given as a gift from Prof. C. E. Mickey through the A. S. C. E. to the student whose scholarship increased the greatest according to a plan formulated by a committee of civil engineers.

Sigma Tau, honorary engineering fraternity, is giving a medal to the freshman who had the highest average last year. This award is so made purely on scholarship. Chancellor Avery will make both awards.

R. E. Campbell, who is connected with Miller and Paine's, will give a short talk. He is a graduate of the Nebraska College of Engineering. Sigma Tau, through Grant Lantz, former president, will add another picture to the hall of fame.

All of the buildings in the Engineering College will be open to visitors tonight. Last year from three to four thousand took advantage of this opportunity to look over the college. Models and exhibitions will make a trip through the buildings very interesting.

Six Buildings to Be Open.

The following buildings will be open: Museum, Chemistry, Mechanics Arts, Electrical Engineering, Mechanical Engineering, and the Power Plant. Among the exhibits in the Museum will be a model of a mine with working shafts and tunnels.

In the lecture room of the Chemistry building, an experiment depicting a scene from Shakespeare will be made. Among the interesting sights in the Mechanic Arts building will be the breaking of concrete beams and steel rods, and tying knots in 1-4 inch steel rods. This will be done in the material testing laboratory.

A high frequency demonstration will be given in the Electrical Engineering building as well as many others. At 9, 9:15, and 9:30 in the foundry laboratory in the Mechanical Engineering building, molten lead will be poured into the molds. Liquid air will be made in the basement of the same building.

Geologists Have Charge of Museum.

The Museum will be in charge of geology students. They will conduct visitors through the building and explain the exhibits. A giant prehistoric horse and a section of a tree hundreds of years old are among first-floor exhibits. On the second floor is a display of mammals that once inhabited the plains country. Among these is a giant hog, only two specimens of which are in existence. Electric microscopes will be running, throwing slides on a screen. On the third floor are collections of minerals and gems, and models of Teapot Dome, a mine, and a working oil derrick and field equipment. A diamond collection is on display on the fourth floor. The General Pershing collection forms part of this exhibit.

Brace laboratory will be open and there will be physics displays in the main lecture room.

The program for the week, which came out, is a twelve-page publication of the usual program size with a program for each day and advertisements from Lincoln merchants. Seven hundred copies were published.

James D. Marshall is chairman of the convocation this morning, while Roy Randolph is chairman of Engineers night. Willard Turnbull is chairman of the field day tomorrow, and A. L. Hyde is chairman of the banquet tomorrow night. The week will be concluded with a dance Saturday night with A. F. Burns as chairman.

MINNESOTA—Mother's day will be observed officially at Minnesota this year for the first time in the history of the University on Saturday, May 10.

ORGANIZATIONS MUST FILE FOR DRIVE DAYS

Council President Says Ignorance of Rule Not to Be Accepted as Excuse.

All organizations must file applications for dates for drives for next year by May 16, according to a rule of the student council, the president of the council stated again yesterday. Each one must file a first and second choice. They must be addressed to Clifford M. Hicks, president of the student council, at Station A.

Last year many organizations pleaded ignorance as an excuse for not having filed for dates. No excuse will be recognized this year as twenty days' notice is being given. The calendar will be published in the "N" Book at the beginning of the year. After all filings have been made a hearing will be held to settle conflicting dates.

COMPANY A TAKES FIRST IN PARADE

Company G Wins Second and Company E Third Place in Review.

Company A, Harold Spencer, captain, won first place yesterday in the initial formal parade and review of the year in honor of Miss Rosalie Platner, honorary colonel of the regiment. Company G, D. Dirks captain, won second place, and Company E, Francis Millson captain, won third place.

The winning company will be color company in the next parade which will probably be in honor of Chancellor Avery. Company guidons appeared for the first time in the parade yesterday. Captains and staff officers will carry sabers at all future parades.

The sponsors of the winning companies are Major Morrison, company A, Helen Kummer, company G, and Florence Tyler, company E.

There will be no parade next Tuesday. The war department inspection to pass on Nebraska's application for distinguished rating will take place Friday and Saturday of next week. All cadets will be excused from classes from 1 to 5 o'clock and must report on the drill field in uniform.

Girls Commercial Club Elect Semester Officers

Officers of the Girls Commercial Club for the coming semester are: Grace Dobish, president; Mildred Armstrong, vice-president; Edna treasurer; Ella Neurnberger, reporter. These officers were elected at the regular weekly meeting of the club, Wednesday evening.

The Girls Commercial Club banquet date was fixed at May 24. The place of the banquet is to be decided later. Plans were also laid for a picnic to be held April 30. The committee will announce before that time where it is to be held.

Lincoln Dental Society Elects Hunt President

At a recent elections of officers of the Lincoln Dental Society Dr. L. T. Hunt was elected president and Dr. F. A. Pierson elected secretary. Both men are members of the dental faculty.
