

Fountain Pen That Is Guaranteed To LAST and SERVE FOREVER

This famous pen shares with Time an infinity of existence. Time goes on forever. In the hands of a student, the *Conklin* Endura becomes a perpetual souvenir of college days—a trustworthy tool—as indestructible as an education. The *Conklin* Endura is made in red and black. Two models—a generous size pen in two lengths for men, and a graceful, dainty model for ladies. A narrow band of gold and thin enameled rings on cap and barrel give it a unique, distinctive beauty.

A Conklin

represents a bigger measure of sentiment and value to the college student than any other item of class room equipment. Any Conklin pen measures fully up to this requirement. Ask your dealer to show you the Conklin line.
