

VARSITY WORKS ON DEFENSIVE

Freshmen Demonstrate What To Expect of Sooners in Saturday's Game.

COLLINS AND MOLZEN ARE BACK IN LINEUP

Practice to work up a defense for Oklahoma's pet plays, as outlined by Coach Frank, was the chief business of the Cornhuskers Wednesday evening. The Freshmen, using Oklahoma's passes and line drives, demonstrated to the Cornhuskers what they might expect at Norman.

The practice for the last week has been mainly to develop a stronger offense. A little work to bring back the fine defense that was shown in the Illinois game was considered necessary.

Collins, Varsity end, and Molzen, tackle, who have been out because of injuries, were back in the lineup. Robertson and Collins were at ends, Molzen and Captain Weir at tackles, Hubka and J. Weir at guards, Westoupal at center, Rhodes and Mandery at halfbacks, Myers at fullback, and Bloodgood at quarter.

Hutchinson, Nebraska center, who received a broken collar bone early in the Illinois game, was on the field and watched practice.

Considerable practice in passing and kicking was included in the evening's program. Coach Dawson was working Bloodgood and A. Mandery at place-kicking. Both are developing into good kickers and may add points to Nebraska's total by this method.

The Huskers had the experience of working on a wet field. The practice field was sodden and little in the way of speed could be displayed.

Locke and Mielenz, halfbacks, were still on the injured list with bad ankles and did little in the practice.

WOMEN DRAW FOR TENNIS TOURNAMENT

First Round of Competition Will Start as Soon as Courts Are in Good Shape.

Drawings for the women's fall tennis tournament were made yesterday evening and the first round will start as soon as the courts are in condition. The matches this year are to start with games between members of the classes. From these players the best will be selected to represent their class in an inter-class tournament.

A Ranking Ten, the best players in the University, will be chosen by the outcome of these matches. The players will hold their positions only so long as they defend the titles against those who challenge them.

Anyone desiring to be placed will be permitted to challenge the lowest of the Ranking Ten and if she wins two out of three sets she will then hold tenth place. In the same way each member will be able to advance from on place to another higher. Any person having defended her position a number of times, will be considered as ranked there definitely for the year.

HARRIERS WILL GO TO OKLAHOMA

Six Cross-Country Runners Selected to Compete With Sooner Squad.

Six harriers will make the trip to Norman, Oklahoma, leaving with the football team over the Burlington at 1:45 o'clock today. Captain Zimmerman, Lewis, Ross, Johnson, McCartney and Sarchette will compose the team which will line up against the Sooner runners in the first meet Saturday.

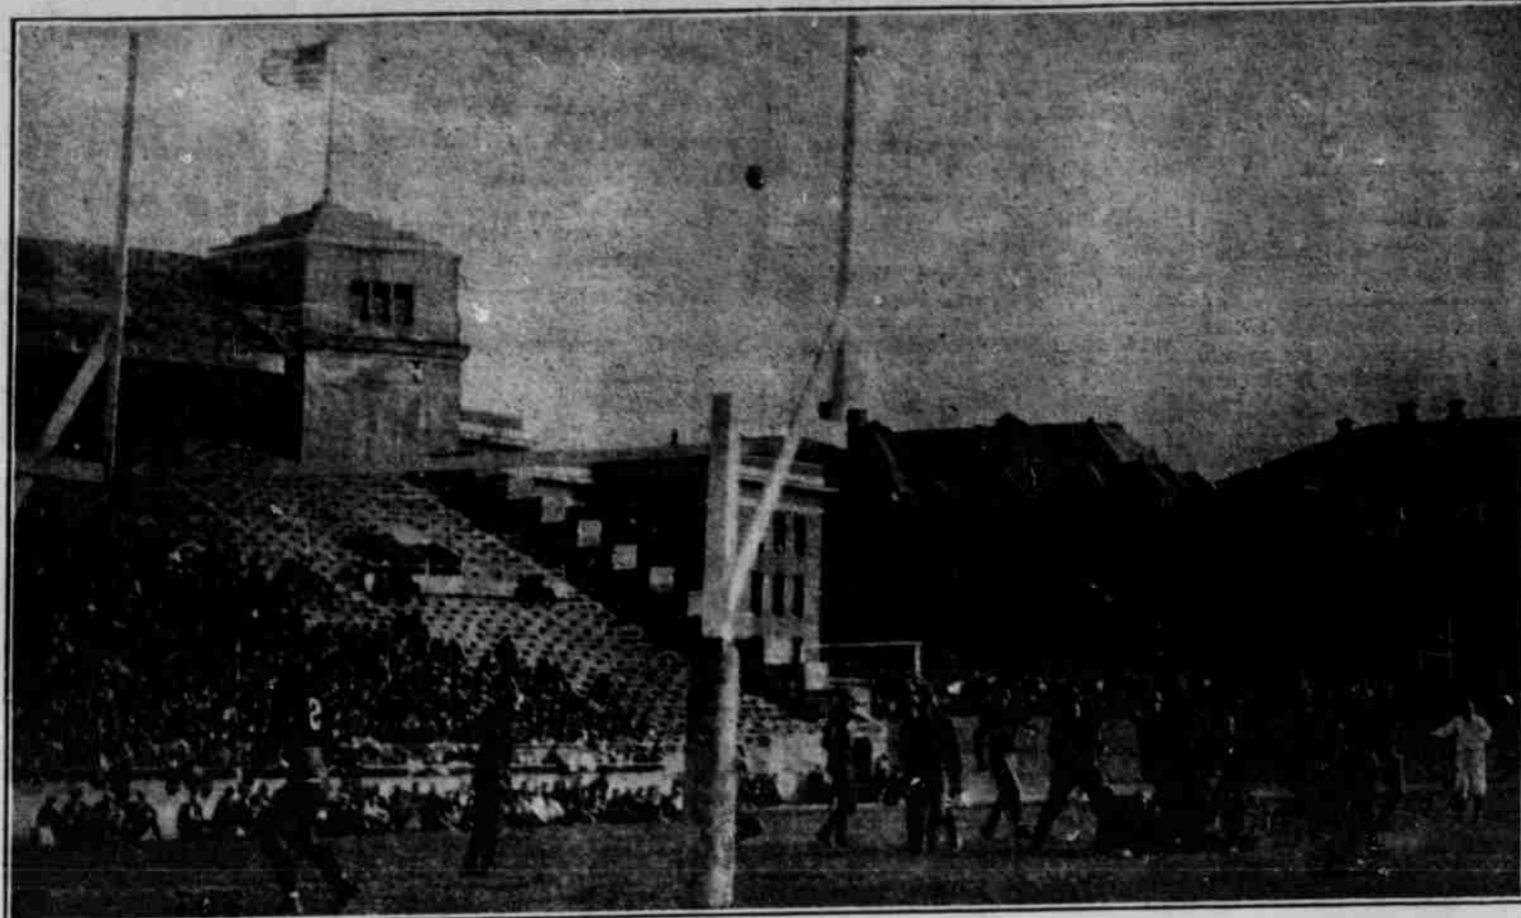

Though the Husker team has shown up well in workouts this season, the ability of the men is yet unknown. In view of the fact that Oklahoma decisively defeated the Scarlet and Cream runners on the home course in the first meet last year, the southern team is favored to win. Rutherford appears to be the outstanding runner in the Oklahoma line-up.

Lewis and McCartney are the best men on the Husker lineup, according to tryouts last Friday. Ross and Zimmerman made a good showing, placing near the front. Johnson and Sarchette were only a short distance behind the leaders Friday, indicating that the Husker team is well balanced.

OHIO STATE UNIVERSITY—Look out, Nebraska! The cars at Ohio State rival those of Nebraska in their originality. Fords in yellow paint, stripes and polka dots decorate the streets of Columbus. Labels such as "Yella Spyder," "The World's 4 most fut-baw," "Four Wheels and No Brains," are painted on the cars.

UNIVERSITY OF COLORADO—The Yellow Jackets, a pep organization similar to the Nebraska Corn-cobs, has been installed to arouse spirit for the 1924 football season.

BRITTON KICKS THE WINNING GOAL

Britton, Illinois' great kicking full-back, is shown above kicking the goal from placement that gave Illinois a margin of three points and a victory over Nebraska.

Britton tried three goals from placement, two being from the middle of the field. The third, and the successful kick, was made from the 27-yard line in the last quarter of the game.

The punting of the big fullback was also a decided asset to the Illinois team. His kicks averaged 45 yards and helped the Illini materially. One punt was good for almost 70 yards.

Britton is one of the biggest back-field men in the country, weighing more than 200 pounds. His line plunging has been consistent enough to be of value to his team.

FRESHMAN TEAM WORKS IN RAIN

First-year Squad Shows Same Fight in Preparing Varsity for Games.

In spite of the rainy conditions that prevailed, a large squad of freshmen reported for their Wednesday evening workout. Three teams spent the first part of the workout in signal practice. The first-string men were perfecting the Oklahoma plays which consist largely of forward passing off various formations.

After about an hour and a half of this kind of work they were sent to the Stadium for a final scrimmage with the Varsity. The snap, vim and fight that the freshmen are putting into their practices demonstrates that they are anxious to make good.

HARVARD UNIVERSITY—When a football player is told to see "Coach Ed," he generally faints on the spot. The latest sport at Harvard is the game of finding "Ed." Six of the coaches here bear up under that title.

PRINCETON UNIVERSITY—The Princeton Musical Clubs' schedule includes an eight-day trip to Bermuda this winter.

UNIVERSITY OF OKLAHOMA—Because of their 2-to-0 defeat at the hands of the Oklahoma Central Teachers' College, the Ruf Neks, university "pep" order, will not shave until after Oklahoma's next football game. It has been their custom to refrain from shaving after a Sooner defeat until they win again.

UNIVERSITY OF WISCONSIN—"Fathers' Day" will be instituted on the date of the football game with Minnesota. The president has sent a letter to every student's father inviting him to participate in the program.

UNIVERSITY OF CALIFORNIA—The remains of a prehistoric town were located near Dalles, Oregon, by William D. Strong of the anthropology department.

UNIVERSITY OF MICHIGAN—Michigan will be one of the eight universities in this country and Canada to install X-ray diffraction equipment in the physics laboratory.

UNIVERSITY OF CALIFORNIA—Requirements for election to Phi Beta Kappa, national scholarship society, have been made more difficult.

UNIVERSITY OF MISSOURI—One of Hollywood's most famous directors will act as judge in the 1925 Savitar Beauty Queen Contest, held by the college annual.
