

INJURIES NOT TO HOLD ANNUAL HINDER HUSKERS MEET TODAY

Squad Has Light Workout Before Leaving for Battle With "Wonder Team."

CAPTAIN ED WEIR IS AGAIN IN GOOD SHAPE

The Cornhuskers worked out Thursday afternoon just before leaving at 4 o'clock for South Bend for the Notre Dame. The workout was light and consisted chiefly of kicking, passing, and running signals. Practice began earlier than usual to allow the men time to make the train.

All the cripples have rounded into fairly good shape. Captain Ed Weir, who has been on the injured list for the past two weeks, is again in good shape. He will undoubtedly start the game and his playing should not be hampered seriously.

Robertson, Molzen, Hubka, and others who have been bothered by slight injuries have been benefited by the light work assigned to them during the past two weeks and should also be fit for the game Saturday.

VARSITY HARRIERS TO TRY OUT TODAY

Competition Will Determine Nebraska's Entries in Kansas Aggie Meet.

Tryouts for the Kansas Aggie meet next week will be the Husker harrier schedule for this afternoon. The tryouts will probably be held before the Interfraternity meet. This will be the final tryout of the season according to Coach McMaster. The squad that made the trip to Drake have, to a slight extent, recovered from the handicap of sickness that held them back in the Missouri Valley classic.

"Men who have been battling all season to come in with the first six may have their efforts repaid," McMaster said yesterday. The last three men of the team have been having a stiff fight to hold their positions in the last two meets.

There is a probability that the Huskers will travel to Omaha November 29 for the Mid-western A. A. U. cross-country run on the week following the Kansas Aggie meet. Drake, Ames, and Iowa are among the other colleges that are apt to compete in this meet. It will be held under the supervision of the Elks Club.

ENTRIES MUST BE IN BY 3 O'CLOCK

The annual interfraternity cross-country meet will be held at 4 o'clock today. The men are to run over the last three miles of the long course. It should be larger than any previous contest because of the added interest taken in the sport this fall. Last fall, Farm House won the meet, while Pi Kappa Alpha were the winners for the season previous. George Sarchette, a Kappa Psi won first place in the meet, last year.

All entries must be in by 3 o'clock today, and a dollar entrance fee for the team must be turned in to the athletic department. Each team manager will see that his team is taken to the starting point in cars, according to Coach J. Lloyd McMaster.

A team of five men may be entered by each fraternity. Three of these must finish the race in order to win the meet. The first three to finish for each group will be counted and the other two runners will be checked out of the score sheet. The usual award of a skin for first place in the meet will be made by the N club.

Farm House, winner of last season, has a good chance to repeat, with two of the last year's team back, and Dick Ross, who has been showing up well in Varsity tryouts. Pi Kappa Alpha will also present strong team this fall. Entries are also expected from Phi Tau Epsilon, Sigma Phi Epsilon, Beta Theta Pi, Phi Alpha Delta, Kappa Psi, and others.

With The 25 Year Point

Worth looking into

IT'S the most interesting study in the world. What is? Why you, yourself. Put yourself under the microscope. Examine yourself most searchingly to find out just what kind of work you have a natural aptitude for. Don't leave your career to chance. Don't be satisfied with any nonchalant observation of what may seem to be your best field. Upperclassmen who have applied this careful self-study will tell you it helped them pick out the "major" which fell in most closely with their natural fitness. The result—greater interest and greater profit through their whole college course. Graduates will tell you that the man who turns the microscope on himself is happiest in his choice of a life-work. It comes down to this—some patient analysis now may be the means of putting you on the right track for the rest of your life.
