FORUM HEARS DR. W. AITKEN

Says Germany Should Not Be Held Solely Guilty of Starting World War.

SPENT SEVERAL MONTHS IN EUROPE LAST SUMMER

"That Germany should not be held solely guilty of starting the World War and that every effort should be made to help get European countries back on their feet was the conclusion reached by the World Fellowship Group, which spent three and one-half months in Europe last summer," said Dr. Walter Aitken, pastor of the St. Paul M. E. church of this city, who was a member of the Group, in speaking to the World Forum at the Grand Hotel Wednesday noon.

The World Fellowship Group was composed of college presidents and professors, ministers, social workers and industrial leaders and was headed by Sherwood Eddy and Kirby Page.

"We found that liberals in all parts of Europe agreed that the war was the result of the strenuous economic competition, secret diplomacy, and the militaristic system," said Dr. Aitken.

"It was also the opinion of the Group that because Germany was not alone responsible for the War the terms of the Versailles treaty were too severe," continued the speaker.

"While the decline in the value of the mark has proved of benefit to some, it has caused a great deal of misery and made poverty rule throughout Germany," said Dr. Aitken.

Relations between England and France, which were very strained last year, were found to have been greatly improved through the work of Prime Minister MacDonald of England and Premier Herriot of France.

"France's financial condition is exceedingly dangerous," said the speaker. "Her debt at the present time is actually greater than her entire national wealth. No interest on the huge loans she secured from Great Britain and the United States has been paid."

"There is still a monarchist group in Germany which hopes to see another Kaiser on the throne some day," continued Dr. Aitken. "The former crown prince's seventeen-year-old son is the one whom this faction is looking forward to placing on the throne."

Rockne Says Society Section Will Be Place for Football Writeups in 1935

"Football in 1935 may be a great deal different from what it is now," says Knute Rockne, Notre Dame coach, in an article in the Boston Post. "If the present attitude about athletics in college is kept up the reports of games ten years from now will not be on the sports page but in the society section."

The Notre Dame mentor has come out with a statement on what he thinks of the criticism some schools have made of Notre Dame's system of playing football so strongly. Most of the criticism comes, he says, from schools having an enrollment of five or six thousand, but only about thirty men on the football squad. They cannot compete with a school which has four hundred men playing football every day, according to Rockne.

"I would suggest that our critics do more about getting men out for football and cease giving honors to the chairman of the prom committee and the decorating committee. Also that they cease allowing fraternities to run their football teams, and that they stop allowing social activities to overshadow athletics," he declares.

Rockne predicts that if the present system continues, the colleges now criticizing Notre Dame will want the rules changed about ten years from now. "We can look for the Notre Dame-Nebraska game of 1935 to be quite different from the present game," he says. "The report of the game in the society section will read something like this: 'On a nice, crisp autumn day, just nice enough to allow the socially elect to appear in their latest fall garb, Notre Dame met Nebraska in...'"

PLAN SPECIAL TO MANHATTAN

Union Pacific Officials Announce Train to Leave Saturday Morning.

ROUND TRIP FARE IS \$6.44; BAND WILL GO

A special Union Pacific train to the Kansas Aggies-Nebraska football game, at Manhattan, will leave Lincoln at 6:50 a. m. Saturday, it was announced yesterday. Round trip tickets may be purchased for \$6.44. The decision to send the train was made by U. P. officials and the Athletic Board of the University yesterday afternoon.

The train will leave so that it will get out ahead of the regular passenger south. It will leave Manhattan for Lincoln at 7:30 p. m. No pullmans will be used. It was scheduled to leave early in the evening because University authorities do not approve of students riding all night in day coaches.

The Athletic Board decided to send the University band of 40 pieces, and their going assures the students of a special train. The band will not go down with the students, but will return with them on the special Saturday night.

The time schedule: Leave Lincoln at 6:50 a. m.; arrive at Manhattan at 11:30 a. m.; leave Manhattan at 7:30 p. m.; and arrive at Lincoln at 12 midnight.
