MT. HOLYOKE COLLEGE—The class of statistics conducted an investigation to find out how college students spend their time. It was discovered that the ordinary student gives about five hours and a half a day at meals and six hours at recreation.

OHIO STATE UNIVERSITY—Children must have their hair cut on Thursday because students must be slick on Friday. Because of the crowded conditions at barber shops, a ruling has been made that children of the faculty cannot have work done on Friday or Saturday.

INDIANA UNIVERSITY—As a weapon to combat men who are pledged to a fraternity after owing bills to another organization, the Men's Pan-Hellenic Association passed by unanimous vote a ruling forbidding such pledging and imposing a heavy fine for violation of the new regulation.

WASHINGTON UNIVERSITY—Over 100 freshmen out of a class of 735 were not allowed to register for the second semester because of poor grades. Over 200 fell under the delinquent ruling, but half of them were given a second chance.

SENNING SPEAKS AT FRESHMAN LECTURE
(Continued From Page One.)

"Since the government was actuated by all of the people, it was natural that those with common interests should band together and try to gain the upper hand in its control. Political parties then began to form, and each was a group organized to promote common ideas through the machine called the government. Each party is a perfect cross-section of the people in this country. Each contains people of all classes and walks of life. In England parties

A Memory Tonic
It is surprising how the ever-readiness of Eversharp prompts the jotting down of passing thoughts and facts—and how quickly the habit of "writing it down" improves the ability for accurate remembrance.
Six new features make Eversharp a finer writing instrument than before—non-clogging rifled tip, quick reloading, complete interchangeability of parts, are the most important.
Put a new Eversharp in your pocket. And for complete preparedness, match it with a Wahl Pen.
Prices \$1 to \$45, at all dealers.
