UNIVERSITY OF MINNESOTA—
Another record has been broken by
the University of Minnesota, accord-
ing to Minnesota. Long distance
radio transmission records were broken
by the university radio station
when it was heard in Australia for
40 minutes. The distance covered
was more than 11,000 miles and es-
tablishes a new record for the Twin
Cities. The Minnesota Daily states
that record breaking has become the
popular sport at Minnesota.

UNIVERSITY OF ARIZONA—The
social life committee recently sent
letters to the fraternities, sororities,
and dormitories asking their support
for a student-controlled dance floor
in the city to be leased by a group
of students who will assume entire
charge of it and to have a student
dance every Friday night. Most of
the organizations voted their general
approval to such a plan.

UNIVERSITY OF CHICAGO—
Athletes have weak memories as is
shown by the example of Joe Ponde-
lik, football and wrestling star. Joe
recently entered a course in com-
merce and did not discover that he
had taken the course last year until
an exam was sprung on him.

UNIVERSITY OF KANSAS—
Hell week reigns with all its tradi-
tional terrors at the University of
Kansas. The fraternities are initiat-
ing their pledges and at every corner
sights can be seen which would never
be tolerated in civilized society.

again took place. It is not surpris-
ing to find the city of Lincoln of
economic importance in the middle
west today. It is on the commercial
highways and a connecting link in
the railroad systems. This tendency

resistance to immigration will be no-
ticed the world over.

**METHODIST STUDENTS
HOLD ANNUAL BANQUET**
(Continued from Page One.)
"Witch Doctors" was the subject
of a lesson drawn from a story by
C. J. Stauffacher, M. D. in medical

work in Portuguese East Africa, in
the concluding address. He told of
the awe in which they are held by the
natives, of the appalling number of
practices and palavers of these
fakirs. The story dealt with his ex-
periences in performing a surgical
operation on a little witch doctor in
the presence of a chief witch doctor,
and the results following.
One hundred sixty Methodist stu-
dents attended the banquet. V.
Royce West, '27, Cozad, was chair-
man of the committee in charge and
acted as toastmaster. The banquet
was one of the six sponsored by the
Methodist Student Council of the
University during the present year.

**This has caused the great
change in the appearance
of men's hair**
YOU cannot go into a
classroom, or a club, or a
fraternity house, without
noticing it—
Somehow, college men have
found a way to make the
hair, the most conspicuous
part of the appearance, look
just as they want it to look
at all times.
It was not always so.
Before Stacomb was intro-
duced, they tried countless
methods to make their hair
lie smoothly and stay that way
—from old-fashioned pom-
ades, which only matted the
hair and made it greasy, to
plain water, which kept it in
place an hour at the most and
then left it drier and more
brittle than ever. Small won-
der that they greeted Stacomb
with such instant enthusiasm!
Here at last was something
that would make the hair stay
in place without harming it or
making it sticky and unnatu-
ral-looking.
Today the great change which
Stacomb has brought about is
noticed everywhere. Men whose
hair used to be out of place an hour after
being brushed, men whose other-
wise correct appearance used to be
spoiled by hair that was hopelessly
unkempt—to-day they keep their
hair constantly in perfect order.
Use Stacomb tomorrow morning—
and look your best all day. A deli-
cate, invisible cream. Non-staining
and non-greasy. In jars and tubes,
at all drug and department stores.
