Dunker, Jacob Franklin, Ben Fisher, E. L. Glosbrenner, Frank J. Grattan, Harold Gillen, Blue Howell, George Hooper, Theo. James, Vinton Lawson, S. Logan, Dorsey McIntyre, Harold Peaker, M. Reller, Clarence Raisch, I. A. Resch, J. Stern, Lloyd Schram, R. M. Stephens, Leon Sprague, Lonnie Stiner, Carl Swanson, Max Shostak, James Wickman, R. E. Whitmore, J. C. Warner, R. N. Worrest, Merle Zinis.

UNIVERSITY OF NORTH DAKOTA—The students will elect five men to the honor of being the hand-somest men in school. Each student will vote for ten men and the five having the highest number of votes will be used to further the cause of the all-University song contest.

UNIVERSITY OF CHICAGO—Courses in meat packing are being offered in the School of Administration and Commerce.

CREDITS ARE EXPENSIVE AT UNIVERSITY OF KANSAS
(Continued from Page One.)
In answer, some members of the faculty were emphatic in denials, some said that they had heard of the practice, and some said "in other departments."
Some professors argued that under the American university system it was necessary to flunk a certain number. One summed it up by saying that every student must make a grade of 70 per cent to pass the courses and that if the entire class failed to make that mark, then all should flunk. On the other hand, if all made that grade, all should pass. From five to twenty-five per cent is the usual number who fail to make the required course, it was stated. Wide variation in regard to "good

grades," running from seventy to ninety-six, would seem to indicate some difficulty in determining the number likely to pass a given course.
JOHNS HOPKINS UNIVERSITY
—The university is now offering a course in gas engineering, the first course of its kind in the country.

ROY SEZ
Here's a suggestion to you popular party hounds. Bring or send in your Tuxs on Wednesday or Thursday and not drag it out till the end o' the week and you will benefit yourself as well as me, for you know that a suit will look a sight better if it is allowed to hang for a couple 24's before you wear it.

"College Gossip"
says--
A 5-letter word
which is the newest shade in
ROUGE
W-h-i-t-e. Correct.
You'll find it in Rudge & Guenzel's Toiletries Section on Centre Aisle, Street Floor. The name of this rouge is J'Adore White Rouge and its waterproof. It stays on all day and fits every complexion.
You manufacture your own shade when you use J'Adore with the oils of your skin.
You do not put White Rouge on with a puff, you rub it in lightly with your finger tips and it changes to strawberry, orange, Ashes of Roses or whatever shade your complexion requires. It is pure and harmless.
I'm sure you'll like J'Adore White Rouge. Give it a trial. Rudge & Guenzel's Toiletries Section, Centre Aisle, Street Floor.

Good news for all lovers of graphic pie

Graphic pie enough to satisfy the hunger of a life-time; no end of graphic mountains to scale and toboggan down. That's what the man who loves to analyze graphs and statistical symbols can look forward to when he comes with the electrical industry.

Economic study is one of many branches in this broad field. If you have thought of electricity as limited to engineers, this other side of the picture will interest you.

The commercial organization with its problems of distributing, selling, advertising; the manufacturing end with its opportunity for trained technical men; the legal and accounting branches—all this and more totals electrical industry.

It may pay you to keep this in mind against graduation.

Western Electric Company
