TRACKSTERS TO HAVE BIG DAY

Forty-five Numeral Aspirants, Members of Three Teams, To Compete Saturday.

Varsity Will Try Out For Next Valley Meet

A triangular track meet between three teams of novices is on the schedule for Saturday afternoon on the stadium indoor track. Every man who has not run in Varsity competition and who has won four points toward a numeral, will be eligible to compete. The Varsity squad, as coaches, will see that their men are entered in each event. A Varsity time trial will also be held in several of the events Saturday afternoon.

The events on schedule for the triangular meet will include the mile and two-mile events, the half-mile, 440-yard dash, 50-yard high hurdles, 50-yard low hurdles, 50-yard dash, and a four-lap relay race. In the field events there will be the shot put, high jump, broad jump, and the pole vault.

Forty-five picked men who have earned four points each toward a numeral will be the contestants in the Red, White, and Blue tourney. In between the events of the main show several scores of novices will compete in numeral competitions to earn points for the coveted numerals and to win a place on the Red, White, or Blue teams in future intramural meets.

The spice of the afternoon will be furnished by the varsity track men who will engage in preliminary try-outs for the Missouri Valley Indoor championship meet to be held at Kansas City on March 20 and 21.

The varsity tryouts include a fast race in the half-mile, with James Lewis, Beckord, Houdersheldt, Roberts, and perhaps Coach Gardner, included in the field of runners. Of this group Roberts holds the indoor record, and Gardner holds the outdoor record, as well as the Missouri Valley indoor record.

In the mile event, Jack Ross, Hays, McCartney, Cummings and perhaps several other men will run. Of this group Hays and McCartney have shown up well. Ross, who placed in the outdoor Valley meet last year has been getting away to a slow start, but will give the field some competition Saturday.

The two-milers, with Searles holding the indoor record of 10 minutes, 3.4 seconds, will be given a close race for high honors. Zimmerman has a time of 10 minutes, 7.4 seconds, which is an advantage of about four seconds over Lawson, the other top-notch runner in the distance grind.

Coach Schulte has a list of the ten high men in each event posted on the track bulletin board. This list will undoubtedly be changed somewhat after the Saturday meet.

Coach Schulte predicts that University indoor records for the stadium track will be smashed by varsity

track men and freshmen alike and as evidence of his confidence he has placed three freshmen runners against the varsity crew, where they will find competition that can not be furnished by other freshmen.

Coach Schulte announced yesterday that everybody is invited to attend the meet. There will be no admission charge and benches for the spectators will be placed at advantageous places along the track. All contestants will be required to wear regulation track suits. Team members will have their colors attached to their shirts.

After the events of the afternoon are over a picture of the entire track squad, numbering some three hundred, will be taken. Coach Schulte wants every man who is out for track to be on hand in suit for the picture.

An omen for the breaking of records Saturday was furnished yesterday by Ed Weir who established a new track record for the fifty-yard low hurdles, which he ran in six seconds flat.

One of the three freshmen whom Coach Schulte will enter with the varsity runners in their tryouts is Searles, two-mile runner, who holds the present University record for the two-mile on the stadium track. A running mate for Searles will be Roberts, half-miler, who also holds the stadium track record in his dis-

tance. Davenport, promising dash man who distinguished himself in the interfraternity meet, is the third freshman whom Schulte is matching against the varsity. He will run in the 440-yard dash.

The cream of the track squad, outside of the varsity, who will compete Saturday under the banners of the Red, White, and Blue teams are listed below:

- Red Team.**
Gish—hurdles, broad jump, pole vault.
Leffler—hurdles, broad jump, sprints.
McKenty—440-yard and 880-yard runs, hurdles.
Pate—hurdles, broad jump.
Peterson—hurdles, broad jump.
R. Randall—shot put.

What THE DANGER LINE means to you

If you will look in a mirror, you will see a tiny V-shaped crevice around each tooth where it joins the gums. This is The Danger Line. Food particles lodge there and ferment, forming acids which lead to Acid Decay. The gums also suffer from the effect of these acids, becoming irritated and sore—perhaps receding from the teeth. Then you have conditions favorable to Pyorrhea.

Serious diseases often result from infection due to Acid Decay at The Danger Line. Heart and kidney trouble and rheumatism are among them.

Make The Danger Line safe
Squibb's Dental Cream, because it is made with Squibb's Milk of Magnesia, protects against Acid Decay, relieves conditions favorable to Pyorrhea, cleans and polishes beautifully and protects for hours after use. For Milk of Magnesia has long been recognized throughout the dental profession as a safe, scientific means of counteracting acids dangerous to the teeth and gums.

Buy Squibb's Dental Cream, made with Squibb's Milk of Magnesia—today. It is delightful to use. It is free from abrasives and injurious astringents. It makes The Danger Line safe.
