

## AERIAL WORK IS CONTINUED

Hooper Football Candidates in Last Days of Spring Training.

### LINEMEN PRACTICE ON BLOCKING AND CHARGING

The Hooper football candidates are using the few remaining days of spring practice in learning the plays and shifts which will be used next fall. Coach Bearg divided the squad during the early part of the practice, putting the backs and ends to work alternating the aerial plays with the shift, while the linemen continued their practice on blocking and charging.

The last half hour was spent in scrimmage, during which the offensive team used the new shift to advantage in plunging for large gains through the defensive squad. The defensive team was composed of practically the same men as Monday's practice, with Stephens, Presnell, Oelrich, and Voris carrying the ball. Spring football practice will end with the beginning of spring vacation. Coach Bearg has used the large squad which has been reporting for practice to good advantage in developing several first-year men who will make a strong bid for positions on the squad next fall.

## RIFLE TEAM WINS IN EIGHT MATCHES

### Women Complete Intercollegiate Indoor Shooting Contests.

The Nebraska women's rifle team completed the indoor, intercollegiate, rifle-match shooting by winning eight out of twenty contests. All matches and methods of scoring were conducted in the same manner as those of the men's rifle team.

Dorothy Abbott scored the highest individual total of the season with a score of 360 out of a possible 400 shot in the prone, kneeling, sitting and standing positions. Isabel Lawless placed second with 352 out of 400. The record total shot by the team during the season was 2995, made in the four positions.

Dorothy Abbott and Marie Hermanek entered the 99 class in the prone position. Isabel Lawless led the team in two positions with a score of 94 in the kneeling position and 82 in the standing. Gladys Foster and Dorothy Abbott tied for honors in the sitting position with a score of 96.

The names of those who have been awarded letters will be announced soon. The girls firing in all the matches and whose scores have been among the highest are: Dorothy Abbott, Isabel Lawless, Gladys Foster, Estey Cox, Katherine Jensen, and Katherine Kidwell.

## HOLD PRELIMINARIES OF WRESTLING MEET

Will Also Stage Semi-finals in Numeral Match This Afternoon.

The preliminaries of the numeral wrestling meet will be held this afternoon at 4 o'clock at the Armory. Unless more than two matches are necessary the semi-finals will also be held this afternoon. No admission will be charged for these matches. A fee of ten cents will probably be charged for the finals.

Only twenty-eight men had entered the meet up to yesterday evening. On account of the few entries Dr. Clapp extended the time limit to this morning. All students may compete with the exception of those who have wrestled in varsity meets. The Athletic Board, however, reserves the right to award numerals only to those who have passed twelve hours of work the last semester and who are now carrying twelve hours in good standing.

Contestants may weigh in from 11 to 4 o'clock, but are advised to weigh in between 11 and 12. The classes will be the same as in the interfraternity meet. A two-pound weight allowance will be made.

### LIBRARIAN COMMENTS ON INADEQUATE FACILITIES

(Continued from Page One.)

"that the service in the library is, unavoidably not what it should be. We have regretted it often, and hope for better conditions."

Approximately 195,000 volumes are owned by the University of Nebraska. This number is growing at the rate of eight or ten thousand volumes a year. The books are all carefully selected and represent a very valuable collection. The old building which, for the most part, is not fire-proof, and the old wiring hold the danger of fire as a constant menace.

Among the universities in the United States which have comparatively new and up-to-date libraries are Michigan, Wisconsin, Minnesota, Iowa State, Kansas, California, Illinois, Washington, and Lehigh Stanford.

At Northwestern University a group of co-eds desiring to be different have formed a club with the following motto: "Liberty or death, preferably death." They believe that love and marriage are degenerating into a childish game.

Members of the freshman class at New York University who were recently ducked in a pond were charged fifty dollars. The bill was filed against the class.

Fraternity parties at the University of Chicago can now last until one o'clock, where previously they could only last until twelve. Although the music must stop at twelve the festivities can last until one.

Ten upperclassmen at the University of Mississippi were recently expelled for participation in a cutting party at which freshmen were the victims.

## University of California Glee Club Plans Summer Excursion to Alaska

Schedules Performances in Important Cities on Northern Route

Already famous in many parts of the world, the glee club of the University of California will carry its renown to Alaska for the first time when it goes north this summer, playing at all the important towns along the way.

The club will go north in automobiles to Vancouver, about May 15, where trains will be taken over the Triangular tour through Banff, Lake Louise and Jasper National Park to Prince Rupert, Canada. From there

the club will make a short trip to Alaska and will return via the Inland passage to Vancouver, down the coast and home about July 15.

Performances at the Universities of Washington and Oregon and the Oregon Agricultural College will be given enroute. One-week engagements are booked at theaters in Portland, Seattle, and Vancouver.

The Californian glee club has made previous summer excursions which include three trips to the Orient, four to Canada, as well as innumerable ones which have carried the club to practically every state in the union.

### TRAINING PUBLIC LEADERS

Syracuse University has established a school of citizenship and public affairs. The purpose of the school is that of training students to take an active part in government.

Indiana University has such a school in its wide field of campus activities and class politics, but the real value of the training offered is doubtful. Proficient hand-shaking appears to be the only preparation for public life that is received by the participants. Many of the evils of our municipal, state and national government today may be attributed to the fact that those tinkering with the machinery are efficient back-slappers, but bunglers as governmental engineers.

If the University is to be of the utmost service, therefore, in graduating students who will be substantial and constructive leaders, it must adopt a more tangible program in developing these qualities. The average student leaves the University with his head chock-full of theories which can not be connected directly with the problems facing the public. He goes through college without appreciation of public problems. In later life the appreciation is stimulated, but the knowledge is lacking because he has been too busy learning other things.

At Syracuse University freshmen will be required to take the course in citizenship and public affairs. Thus they will be acquainted with

the importance of such problems early in their college careers. If they desire they may follow the course through to a master's degree. But whether or not they continue the course Syracuse University may feel assured it will have a more intelligent group of students than Indiana University or any other institution that neglects this type of training.

Defects in our government, particularly state and municipal, will not be remedied until citizens with fundamental training take a more active interest. It is the duty of universities to stimulate that interest and accentuate it with training.—The Indiana Daily Student.

The Wisconsin Law School graduated 76 students at its last annual commencement.

## Alpha Kappa Psi To Entertain Bizad Men

Bizad men interested in Alpha Kappa Psi, men's honorary commercial fraternity, will be guests of that organization at the Phi Kappa Psi house tonight.

The evening will be spent informally. Members of the faculty and readers will attend to meet the men on a more informal basis. A short program has been planned by Duane Anderson, chairman. There will be a musical program followed by several short speeches.

Members and pledges of Alpha Kappa Psi will be there and will hold a short business meeting after the program.

Buy, she's a beauty! Deeply embossed in heavy California strap leather. Inch and a half wide. Nicely finished.

For 25 years this belt has been famous among our country girls. Now fashion dictates the wide belt for city and country. This is the belt you want! The Harpham "Western."

## You Will Like the VAN CRAFT for Two Reasons

Made in 3 superb fabrics—poplin, mercerized cotton pongee, and very fine broad-cloth.

\$3.<sup>95</sup>

One, comfort. The sportsman, the well-dressed man, does not enjoy ordinary collar-attached shirts, because, while comfortable, they are messy in appearance. Van-Craft—with the Van Heusen Collar attached—has all the freedom of the ordinary negligee shirt, plus the Van Heusen—more comfortable than a soft collar, better-looking than a stiff collar.

Two, smartness. Superb fabric and tailoring added to the Van Heusen Collar make, at last, the ideal negligee shirt. No bands or seams in the collar to irritate the neck. No fear of wilting even in hottest weather.

Call at your haberdasher's today and ask to see Van-Craft.
