

HUSKERS LEAVE FOR K. U. TODAY

Schulte Late in Picking Tracksters to Go to Kansas Relay Meet.

NEBRASKA STRONG IN SPRINTS AND RELAYS

The Husker track team will leave today for the third annual Kansas Relays, to be held Saturday at Lawrence. Though he has not yet announced his complete team Coach "Indian" Schulte indicated that he intended to carry a complete squad and enter all of the events. As usual the strength of the team will be the sprints and relays. With such men as Locke, Dailey, Hein, Crites, and Mandary, Schulte hopes to place well in both the half-mile and 440-yard relays.

The Huskers look strong in the mile relay too, but the 2-mile and 4-mile teams are carry no strong. In the field events, the pole vault and the broad jump should net the Huskers a place well to the front. In the shot, discus, and javelin the team is weak this season. Nebraska is completely out of the running in the high jump. It is doubtful if Coach Schulte will enter any one in the new event, the 3,000 meter run. This event includes a field of exceptional men such as Phelps, Olympic star, and Balzer, Valley record holder.

Weir has another battle on his hands with the Olympic stars, Taylor, Keeble, and Kinsey, for the high hurdle honors. Locke is a granted winner in the special hundred, but he will have some fast competition with Farley of Missouri, Wongwai of Kansas, and the best of the Big Ten. Gleason and Wirsig are capable of over twelve feet in the pole vault any time and should place well in this event. Krimmelmeier may get a place in the shot put. The Huskers are still weak in the discus, javelin, and high jump. Captain Crites may be forced into the 2-mile team, since his leg is not in shape yet for the shorter races and sprints.

CLASS TEAMS BEGIN DIAMOND PRACTICE

Teams Chosen For Women's Indoor Baseball Tournament.

The women's indoor baseball tournament will begin today at 5 o'clock. The junior and senior classes failed to interest enough players to have class teams. For this reason they will have a junior-senior team. The junior-senior team will meet the freshman team on the women's field in the rear of Social Science hall this afternoon.

Following is the revised schedule for the games:
Junior-senior vs. freshmen—Friday at 5 o'clock.
Sophomore vs. junior-senior—Saturday at 9:00 o'clock.
Freshman vs. Sophomore—Saturday at 10:00 o'clock.
Teams were selected Wednesday and posted Thursday morning. They are as follows:

Freshman—Victoria Kunel, pitcher; Irma Otten, catcher; Helen Schlytern, first base; Lucile Bauer, second base; Wilma Bell, third base; Blossom Benz, right short stop; Grace Modlin, left short stop; Lucile Schoepel, right field; Helen Lohmeier, center field; Geradine Dunlap, left field; and substitutes, Helen Clark, Dorothy Pound, and Marie Kuncher.

Sophomore—Hazel Safford, pitcher; Marie Hermanek, catcher; Ruth Wright, first base; Ester Robinson, second base; Kathro Kidwell, third base; Helen West, right short stop; Leora Chapman, left short stop; Dorothy Abbott, right field; Clara Schuebel, center field; Maude Stewart, left field; and substitutes, Joy Schaefer and Ruth Kess.

Junior-senior—Louise Branstad, pitcher; Dorothy Hoy, catcher; Mildred Wohlford, first base; Luella Reckmeyer, second base; Eula Shively, third base; Mable Dickinson, right short stop; Ershal Freeman, left short stop; Violet Quinn, right field; Ethelwyn Gulick, left field; Laura Whelpley, center field; and substitutes, Dorothy Taylor and Dorothy Peterson.

SANFORD'S PASTE

Dries Quick, Sets Tight, Never Stains

BEARG NOMINATES ASSISTANT COACHES

Schulte, Frank, Day, and Scherer, Will Help Coach With Football Work.

Coach Bearg has announced his nominations for all but one of his staff of helpers for next season. Coach H. F. Schulte will again assist in tutoring the line, which has distinguished Husker teams in the past, most of his work being in an advisory capacity. Owen Frank will hold his usual post as assistant in training the backfield, "Bill" Day, ex-captain of the team, will spend his time on the line, and Leo Scherer, former star end on the squad, will be coach for ends of the 1925 gridiron artists.

One more assistant coach is needed before the line-up will be complete. This coach will not only assist in football tutoring but must also be able to coach the freshman basketball and the varsity basketball team. The athletic board is also expected to confer with Coach Bearg on the matter of the inauguration of spring basketball workouts for the varsity basketball squad.

Spring training for the cagers is an institution at many Valley and Big Ten schools which has not yet been tried at the Husker camp. If the plan meets with approval, Coach Bearg, acting in his official capacity as head coach of basketball as well as football, will be in active charge of the spring training for the quarter prospects.

CHAMPION COW IS OWNED BY STATE

Another Production Record Set by Cow at North Platte Sub-Station.

The University owns the pure-bred Holstein cow with the highest record of any in the state for production of milk and butter fat—"Re-Becky." She is kept at the sub-station at North Platte, Nebraska. Not only is she the cow the champion of the state, but it has a record comparing favorably with the finest in the country. The official record of "Re-Becky" is 28,750.8 pounds of milk in one year. This amount of milk contained 1,055.23 pounds of butter fat. Another record annexed by Beauty Girl Gerben Re-Becky, which is her full name, is that for a thirty-day production of butter both as a four-year-old and as a full-age cow.

The record-breaker completed her official test weighing 1,750 pounds. She was kept in a special box stall and outside corral. Her food consisted of about ten pounds of dried beet pulp, corn silage, alfalfa hay, and a special food used at the station made up of ground corn, bran, oil meal and cottonseed meal. She also received some pasturage during the summer months.

Oklahoma A. and M. College.—Plans are under way to revise the constitution of the student governing body. Claims are made that the present constitution has been outgrown. And in many instances proper authority is not given the student association.

Reports from the University of Michigan for the first semester show that 21 students in the school of engineering made a straight "A" card for the semester.

A smiling red hat to bow to the sunshine in. A large drooping green hat with pretty flowers and velvet for trimming. Those are the kind of hats Fashion wants you to wear in blossom time. She has been busy in orchards, and tropical gardens and busy in her Paris workshop creating picture hats for you. And, Rudge & Guenzel's are always on the alert selecting hats to meet with your approval. Choose a new hat from Rudge & Guenzel's today.

DIAMOND SEASON OPENS TUESDAY

Huskers Take on Three Missouri Teams in Five Games Next Week.

LANG AND RHODES ARE ROUNDING INTO SHAPE

Dates for the games with Kansas have not yet been decided upon. The schedule for all other games is as follows:

- April 21—Missouri at Columbia.
- April 22—Missouri at Columbia.
- April 23—St. Louis Uni. at St. Louis.
- April 24—Washington at St. Louis.
- April 25—Washington at St. Louis.
- May 1—Kansas Aggies at Manhattan.
- May 2—Kansas Aggies at Manhattan.
- May 4—Iowa State at Lincoln.
- May 5—Iowa State at Lincoln.
- May 15—Oklahoma at Lincoln.
- May 16—Oklahoma at Lincoln.
- May 19—Kansas Aggies at Lincoln.
- May 20—Kansas Aggies at Lincoln.
- May 22—Iowa State at Ames.
- May 23—Iowa State at Ames.

Coach Kline's varsity baseball squad will begin the conquest for the conference championship when they journey for a five-game trip through Missouri next week. Beginning with two games with Missouri Tuesday and Wednesday, the trip will include one game with St. Louis and two with Washington. Nebraska followers are eagerly awaiting the results of this trip, for it will be an important factor in estimating chances for the title this spring.

Fourteen men will make the trip, it was announced by Coach Kline yesterday. Most of the positions have been fairly definitely assigned. Third, and one position in the outfield, however, are still open. Gibbs and Gradeville are both showing well on third. "Tommy" Thompson has been doing good work in the infield, and looks like the best bet for infield utility man.

Adverse weather conditions are making it difficult for the pitching staff to get their arms into shape. Coach Kline has not used any of them for the full length of a game up to the present time. "Murph" Lang, however, will hold the mound for the entire time today, and "Choppy" Rhodes will repeat the stunt tomorrow. No batteries have been announced for any of the games next week, but considering the work during practice, it is very probable that Lang will pitch the opening game.

University of California.—The student paper claims the distinction of having the only woman sport writer in the country.

Minneapolis Orchestra Will Play At City Auditorium on April 28

The Minneapolis Symphony orchestra, with Henri Verbruggen, conductor; Marie Tiffany, soprano; and Henry J. Williams, harpist, will play at the City Auditorium Thursday, April 28. Reserved tickets are for sale at the Ross P. Curtice Music store, 1240 O street.

Sixty-five concerts are given annually by the orchestra in the Twin Cities, and one hundred on its annual tours, which usually occupy about twelve weeks. A maintenance fund of \$150,000 per year is subscribed by 800 Minneapolis citizens.

Henri Verbruggen succeeds Emil Oberhoffer as conductor of the symphony. He has been assistant conductor of the Glasgow, Scotland, symphony orchestra, conductor of the London symphony orchestra, as head of the State Conservatory in Sydney, Australia, and of the State Symphony orchestra of that city, and then as conductor of the Minneapolis orchestra.

Mr. Verbruggen's skill and temperament as a conductor are proved by the fact that he was able to call forth fifteen minutes' of applause after playing Beethoven's Ninth Symphony at a Sunday afternoon so-called "popular" concert. He is also a master in the rendition of Wagnerian compositions and those of Tchaikowsky and other Russian masters.

Marie Tiffany, young American soprano, will be the soloist at the evening concert. Miss Tiffany was "discovered" by Gatti-Casazza on a visit to New York in 1916, which resulted in her engagement with the Metropolitan Opera Company, and her immediate success. Her popularity has been furthered by concert tours, and by the phonograph, which has spread her fame even to Europe. She is noted for her singing of classical programs, especially for children, and for costume recitals in which she has revived the fine but neglected songs of the 1930 period.

Henry J. Williams, Welch harpist, will play as soloist at the matinee performance of the orchestra. He was a student at the Royal Academy of Music in London, then a member of Sir Henry Wood's orchestra in London, and, after a concert season in

CHANCELLOR SPEAKS AT CHURCH BANQUET

First Inter-Denominational Dinner Held at Elks Club Last Night.

Chancellor Avery was the speaker at the first annual inter-denominational banquet held last night at the Elks Club. He treated the effect of religion not from the personal but from the social point of view, and stressed the value of true honesty as the chief stone in the moral structure.

Before the Chancellor's speech Miss Harriet Klotz gave several readings and Miss Katherine Costin sang a group of old fashioned songs. John Paul Bennett led the students in Nebraska songs and Rev. Harry Huntington led a cheer for Coach and Mrs. Bearg who were guests of honor.

It was voted at the banquet to hold another such dinner next fall and an effort is to be made to hold it at the Scottish Rite Temple. Paul Haberlan was unanimously chosen to be chairman of the event. Ida Frey was general chairman and John Allison, chairman of the program committee, presided.

Where food ferments

FOOD collects in those tiny V-shaped crevices formed by the joining of the teeth and gums—The Danger Line. This food ferments. Acids form. Acid Decay of the teeth results. The gums, too, become irritated and sore.

Squibb's Dental Cream, made with Squibb's Milk of Magnesia, safely neutralizes these acids. It protects the teeth from Acid Decay at The Danger Line and elsewhere. It keeps the teeth clean, attractive and sound. It soothes the gums. Use it—morning, noon and night. Keep a tube or two on hand. At druggists everywhere.
